Open up to Exploration...

"In my experience, each adventure, every exploration starts when you take that first step outside your comfort zone and there's a little tingling feeling that goes with that. I suspect that everyone gets excitement from that step.

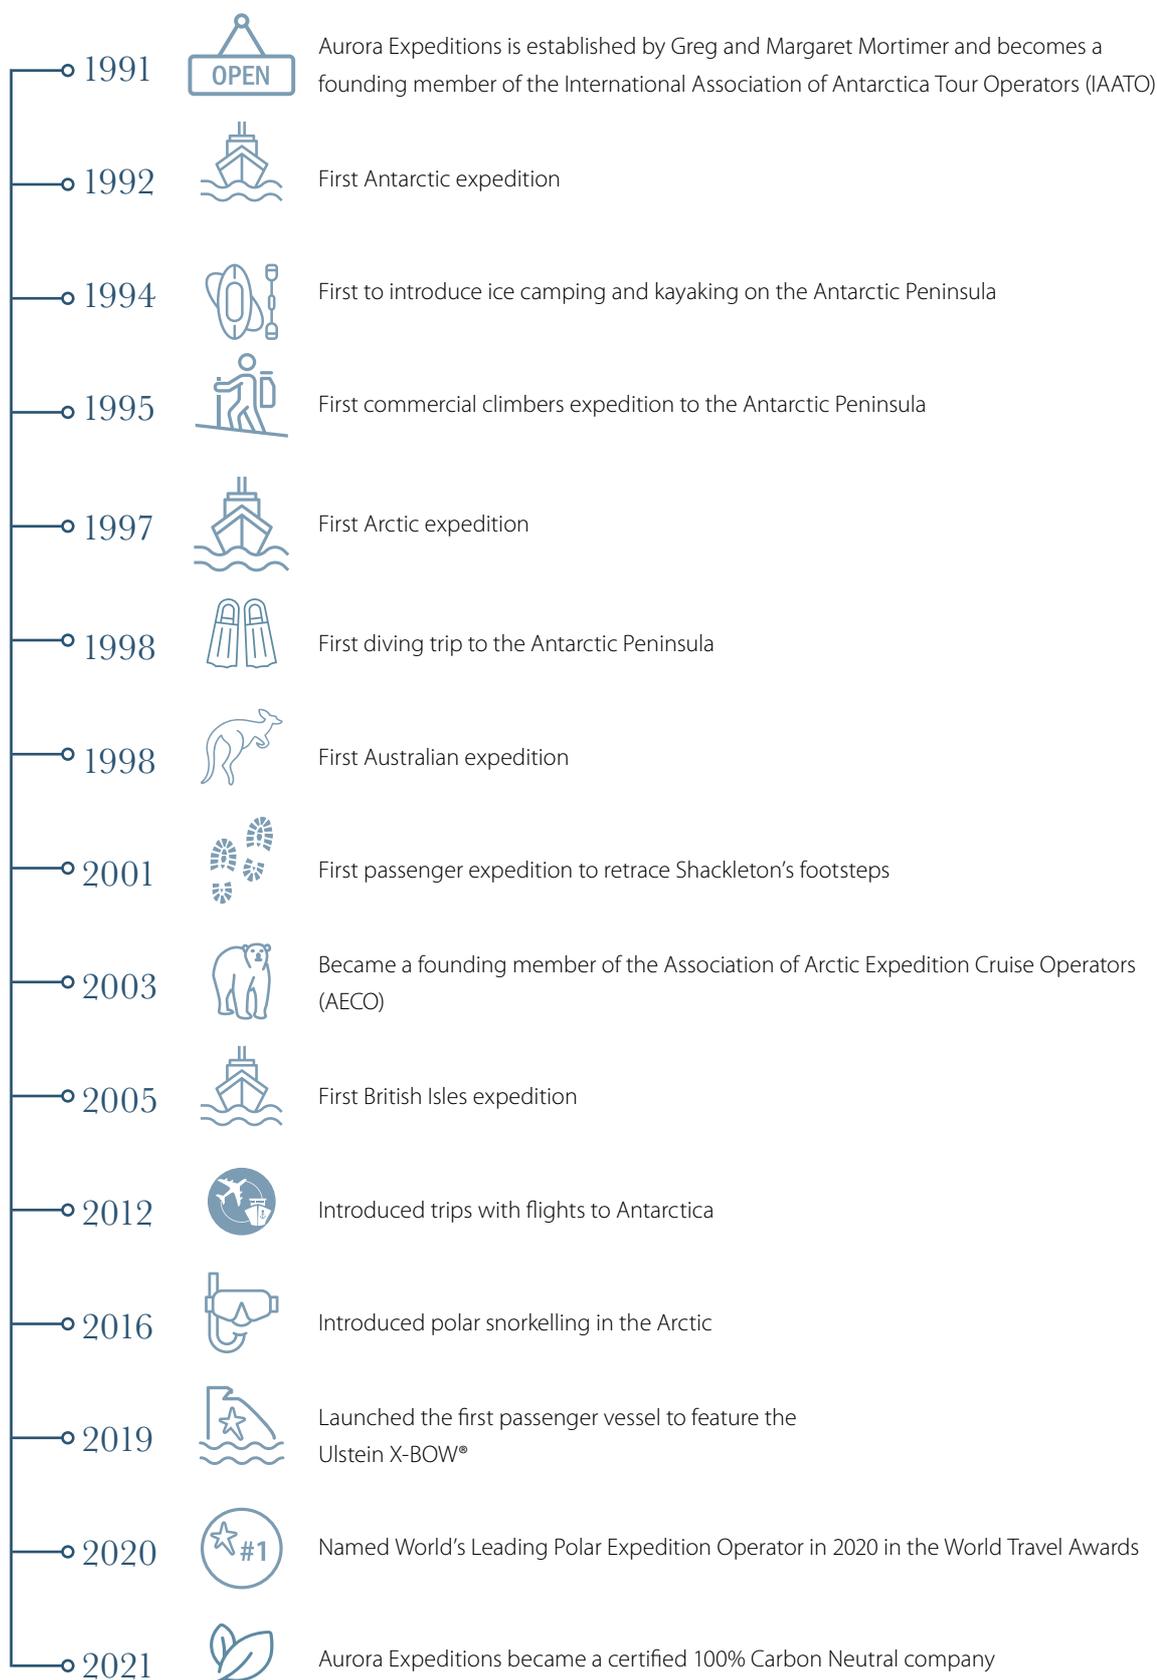

I have found that in the great mountains, the big oceans in the world and in the polar regions in particular, the things you learn from adventures are all the more poignant – and strong. I suspect that everyone has a sense of that need – and that was the spark that we saw that led us to start Aurora Expeditions.

We want to travel with like-minded people. Open up to exploration in your own way with us."

— **Greg Mortimer, OAM**
Aurora Expeditions Founder

30 Years of Experience

Our Story

More than 30 years in the making, Aurora Expeditions has a track record for pioneering discovery and adventure – and respectful travel is at the heart of our ethos.

Whether you are a new expeditioner or someone who has travelled with us before; we say, 'welcome to the Aurora family.'

Started in 1991 by Greg and Margaret Mortimer on their early expeditions with friends and family, Aurora has always been about relationships. Joining the Aurora family means forming lifelong relationships with Aurora and your fellow expeditioners on each voyage.

In 1994, Aurora was the first company to introduce camping and kayaking into our Antarctic itineraries; 2001 brought an expedition created to retrace Sir Ernest Shackleton's footsteps, and in late 2019 we launched the *Greg Mortimer*, the world's first passenger ship to feature the Ulstein X-bow®.

And while we have two new ships, both certified 100% Carbon Neutral, our spirit of discovery and adventure remains as strong as ever, as we continue to keep exploring the most awe-inspiring destinations on our planet. We have an informal style and experiential approach to expedition travel, which is delivered by our exceptional expedition leaders and their skilled teams.

We invite you to ignite your curiosity, passion and care for the natural world and join us on board the *Greg Mortimer* or the *Sylvia Earle* for a true Aurora experience of a lifetime and travel for good.

What is Expedition Travel?

Small in size, big in adventure!

With a maximum capacity of 132 passengers and an Ice Class 6 rating, both the *Greg Mortimer* and *Sylvia Earle* can navigate places that larger ships just cannot go. Everything is especially designed for exploring the great outdoors. Easy access from our best-in-the-business mudroom, Zodiac-loading platforms and innovative floating dock, means that our expeditioners are whisked away on Zodiacs with our exceptional Expedition Team experts who lead activities from interpretive shore strolls, hikes, kayaking, snorkelling and paddling to diving, photography workshops, overnight camp outs and more.

We aim to get you off-ship to explore as much as possible. We want to enrich, educate and deepen your connection to off-the-beaten path destinations. On an expedition, every day is different and here at Aurora Expeditions – we follow the experience!

The *Greg Mortimer*, Antarctica © T Mayr

Unforgettable Memories

"It was so amazing; there are no words to describe it. I think the closest I can come to putting words to this adventure is, 'it's like a screensaver in my eyeballs.' Although we had weather to work around, the team did a great job making sure our days were filled with adventure."

— W Russell

"Impressed with everything about Aurora: their philosophy, the ship, the crew. Overall, an outstanding experience in every way. Will look forward to another experience with you all."

— E Hewett

"All team members went out of their way to maximise and individualise each experience. Their knowledge and passion for the natural environment was so appreciated and intoxicating. Their ability to share knowledge in a humorous yet sincere manner was very skilful. Their care of each of us was 'over and beyond' in terms of safety and registering our different abilities and interests."

— B Stephenson

"Overall, the trip was amazing. The ship was beautiful, the food was excellent, the activities were well beyond my expectations. All in all, a wonderful experience and I would highly recommend Aurora."

— J Johnson

"While Aurora Expeditions has definitely gone upmarket with the new ship, the spirit of adventure was still there, particularly given the new areas visited for the first time!"

— J Downie

Our Ships

Designed for discovery

Our two expedition ships are both new to the fleet and are designed for discovery. These ultra-modern purpose-built ships use the latest advances in design and technology, truly revolutionising the small-ship experience.

Our ships, the *Greg Mortimer* and the *Sylvia Earle*, are a base camp for adventure and are capable of exploring the farthest reaches of the planet. The Ulstein X-BOW® hull makes sailing smoother and faster, is designed to leave the marine environment undisturbed and allows for incomparable up-close encounters with nature.

The *Greg Mortimer* honours Aurora Expeditions' founder explorer, mountaineer and all-round dynamo Greg Mortimer OAM. The *Sylvia Earle* is named after leading conservationist, marine biologist, oceanographer and explorer, Dr Sylvia Earle. In 1998, Sylvia Earle was the first person selected as 'Hero for the Planet' by *Time* magazine and is dedicated to protecting the world's oceans.

Every stateroom features an ocean view and nearly all include balconies. Our staterooms and suites range in size and spaciousness to suit a variety of priorities. And while making enriching discoveries and new friends, each ship has everything you need to maximise relaxation and comfort (including heated floors in the bathrooms on polar voyages).

The gym, wellness centre, sauna, cosy library, restaurants, bar and presentation theatre all feature floor-to-ceiling windows. There are outside decks, and also observation wings that extend outwards either side of the ship when something exciting is happening.

Kayakers at the back of the *Greg Mortimer* © S Portelli

Greg Mortimer

Explorer Greg Mortimer is a true icon of the field – a veteran of almost three decades of Antarctic research, mountaineering and polar travel.

We are privileged to be able to pay tribute to his extraordinary achievements and have named our new, custom-built expedition ship the *Greg Mortimer* to honour his legacy – embodying his incredible spirit of adventure and exploration.

On 3 October 1984, Greg and his expedition partner Tim Macartney-Snape became the first two Australians to reach the summit of Mount Everest, and even more impressively – they did so without the aid of supplementary oxygen. From there, Greg went on to climb K2 and Chongtar – again, without supplementary oxygen.

Since scaling some of the world's highest mountains, Greg has been awarded an Order of Australia (OAM) for his services to mountaineering and has received three Australian Geographic Society Medals.

After working together on the Australian Bicentennial Antarctic Expedition in 1988, Greg Mortimer co-founded Aurora Expeditions with his wife Margaret, with the aim of sharing his incredible experiences with like-minded wanderers of the world.

Greg and Margaret's aim was simple – to take small groups of travellers on voyages of discovery to regions that inspired them, thereby creating lifelong ambassadors for the preservation and protection of these sacred places.

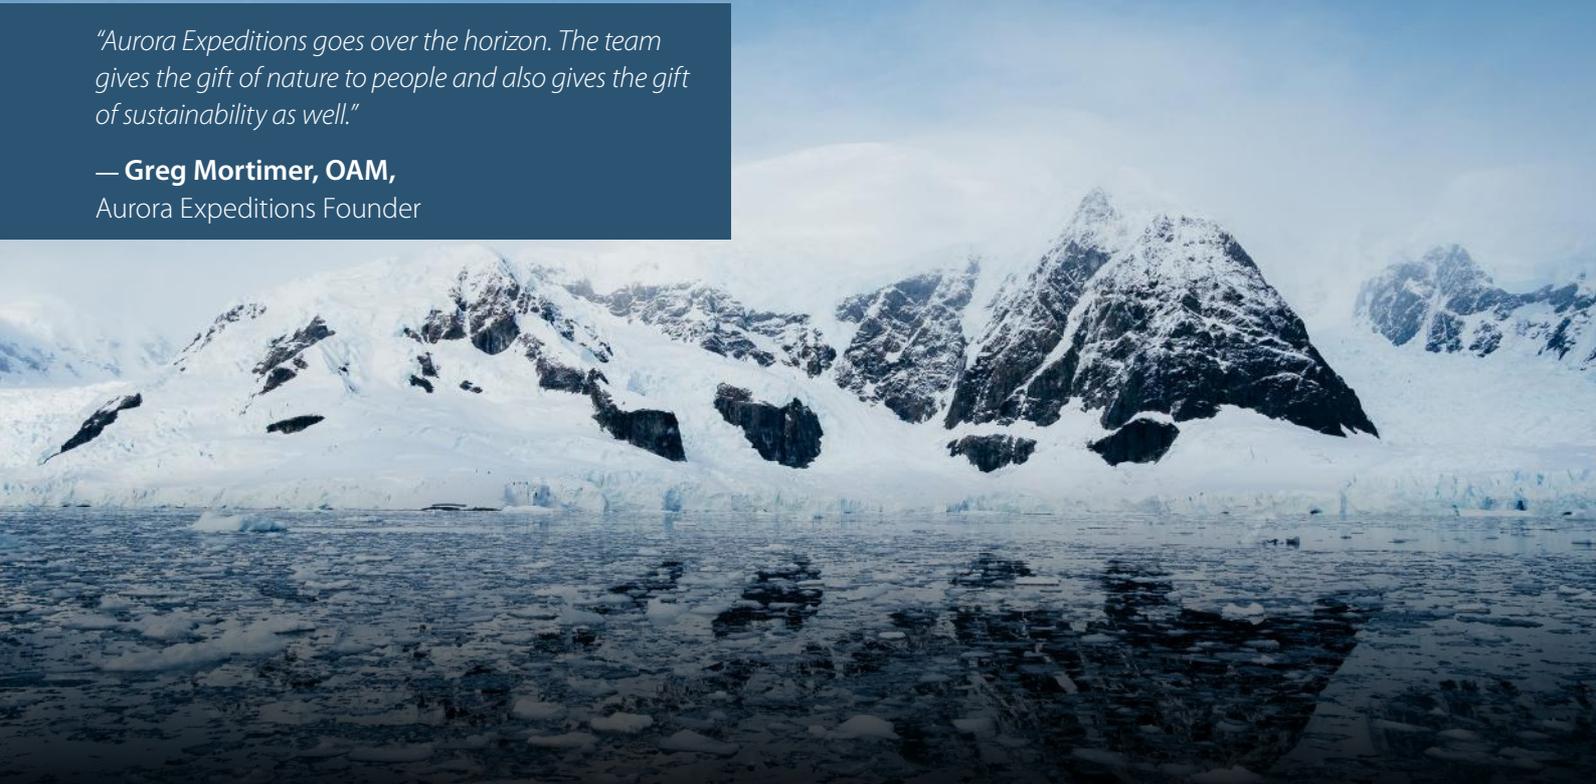

"Aurora Expeditions goes over the horizon. The team gives the gift of nature to people and also gives the gift of sustainability as well."

— **Greg Mortimer, OAM,**
Aurora Expeditions Founder

In 1992, Greg and his team embarked on their first voyage as Aurora Expeditions to Antarctica. Now, 30 years on, Aurora Expeditions still leads smaller groups to remote and breathtaking destinations all over the world, and has grown to offer passengers a wide range of action-packed activities such as polar snorkelling, sea kayaking and alpine crossing, all inspired by Greg Mortimer's great sense of adventure.

We invite you to embrace this spirit of unbridled exploration and join us to some of the planet's most extraordinary, wild and rugged landscapes.

Dr Sylvia Earle

Once in a blue moon, not to mention a deep blue ocean, we are blessed with a partnership that fills us with an extraordinary sense of excitement, anticipation and hope for the future of the planet. That time is now.

We are honoured, humbled and delighted to welcome and introduce the incomparable Dr Sylvia Earle as the newest member of the Aurora Expeditions family. Launching in 2022, our brand new, purpose-built expedition ship *Sylvia Earle* is named in her honour and pays tribute to her lifelong contributions to ocean conservation. We will be unveiling other exciting conservation and environmental programs in partnership with Dr Earle in the future.

Renowned oceanographer, marine biologist and explorer, Dr Earle was the first female Chief Scientist of the US National Oceanic and Atmospheric Administration. A National Geographic Society Explorer-in-Residence since 1998, she was named by *Time* magazine as its first 'Hero for the Planet' that same year.

Her key conservation initiative Mission Blue is creating a global network of marine protected areas, known as 'Hope Spots'. These richly biodiverse marine environments – which our ships will visit on various voyages – are critical to the health of our oceans, which in turn helps to safeguard the future wellbeing of the planet.

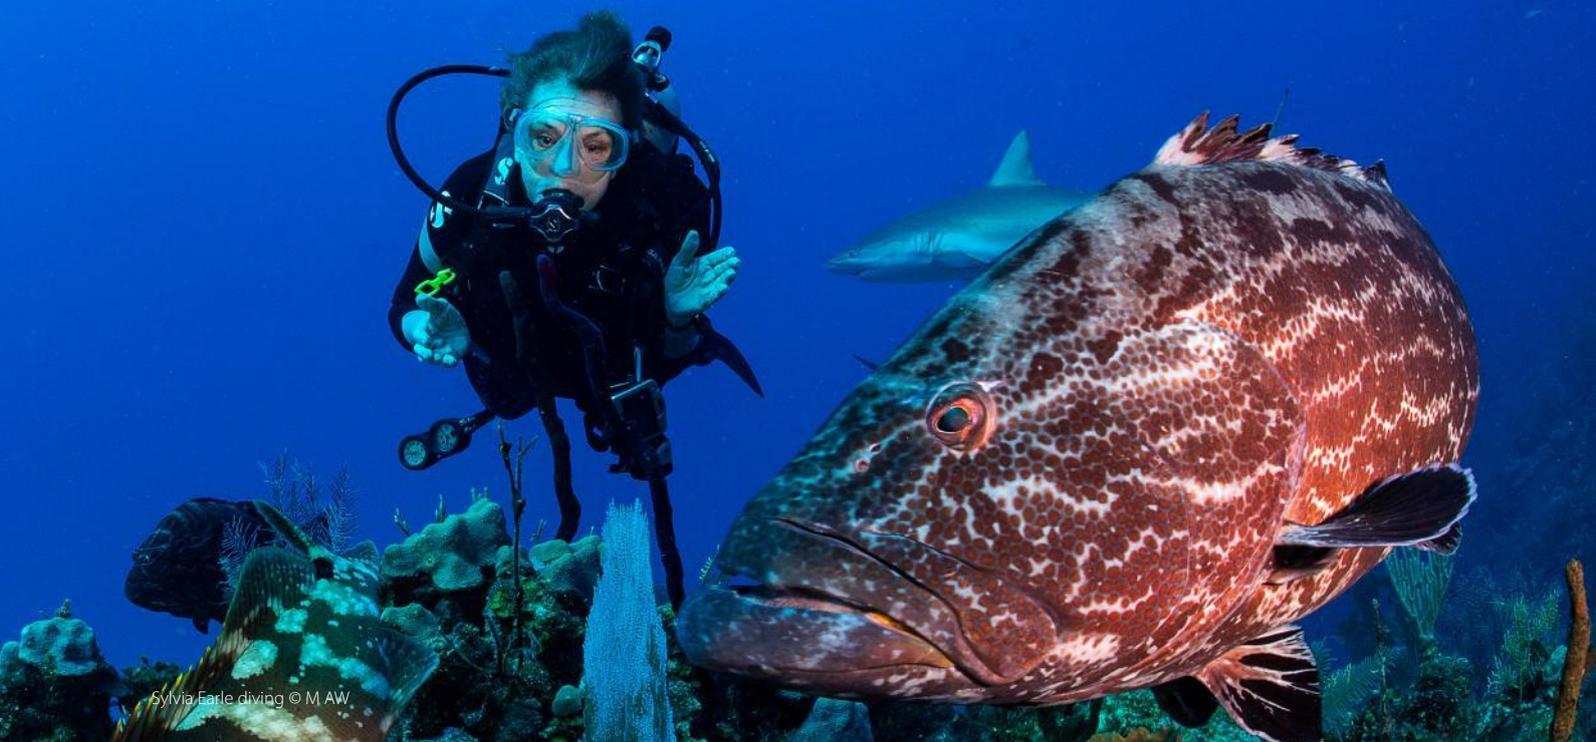

Now a valued partner of Aurora Expeditions, Dr Earle aims to educate and inspire people to become ambassadors for the vast but vulnerable marine world. 'Our goal is literally to inspire a network of hope – one place, one community, one vision at a time – but together around the world,' she says.

We invite you to join Aurora Expeditions, Dr Earle, our Expedition Teams and entire crew in perspective-altering voyages to some of the most remote, unique and spectacular places on the planet, from the Arctic to Antarctica and an array of fascinating destinations in between.

"Immerse yourself in the ocean and be connected to the places that you go," says Dr Earle. "Don't go just to absorb, go to give back and share what you've learned elsewhere, connect with the locals, open people's minds. It's a wonderful opportunity to embrace the world and see it with new eyes."

— Dr Sylvia Earle

Our Ship, The *Greg Mortimer*

Panoramic Observation Areas & Lounge

Extra-large windows in our observation lounge mean that you will not miss out on the wildlife and wilderness passing by. You can also enjoy panoramic views from our outdoor observation areas on Decks 7 and 8.

Ulstein X-BOW®

Aboard the first expedition ship to pioneer this unique design that splits wave energy, you can enjoy faster, more comfortable travel, lower fuel consumption and reduced emissions.

Hydraulic Viewing Platforms

Custom-built for Aurora Expeditions, these dedicated observation areas extend from both sides of the ship to offer unobstructed views of nursing whales, nesting seabirds or the bow pushing through pack ice.

Lecture Theatre & Lounge

Enjoy fascinating, informative talks and briefings, or relax while watching documentaries or presentations in our comfortable theatre.

Library

Take advantage of our well-stocked onboard library. You will find an array of books covering everything from pioneering explorers to remote destinations and the wildlife you may encounter on your voyage.

Wellness Centre & Jacuzzis

Watch the world go by as you work out in the gym, unwind in the sauna or soothe your body at the end of a day of adventuring, with massages and treatments at our wellness centre.

Restaurant & Bar

Make new friends in our public, informal restaurant, or have a pre-dinner drink in our fully stocked bar.

Changing Room/Mudroom

Store your outdoor clothing and lifejacket/ personal flotation device (PFD) in your personal locker. The mudroom gives you easy access to cleaning stations and Zodiac-boarding docks.

Activity Preparation Area

Whether you are kayaking, diving or snorkelling, our activity prep area and sea kayak launch platform makes adventuring even easier. Designed with input from our awesome Expedition Team.

Zodiac Docks

Four sea-level platforms make loading and unloading our fleet of Zodiacs a breeze and are easily accessed from the mudroom and activity preparation areas on Deck 3.

Relaxed Staterooms & Suites

Relax between adventures in one of our comfortable staterooms or suites. Ranging from porthole to balcony categories, all have bathrooms and plenty of storage space.

*Pointers are for illustrative purposes only.

Our Newest Ship, The *Sylvia Earle*

Library & Lounge

Look out for wildlife and wilderness through the extra-large windows of our X-BOW®. This peaceful sanctuary is where you can rest and read up on a range of informative non-fiction titles, wildlife guidebooks, travel journals, sustainability guides, novels and more.

Science Centre & Lounge

Learn about the world we explore with our onboard naturalists and Expedition Team in our science centre, or enjoy superb views to the front of the ship.

Ulstein X-BOW®

Experience the effect of cruising with this unique design that splits wave energy. The result? Faster, more comfortable travel, lower fuel consumption and reduced emissions.

Relaxed Staterooms & Suites

Relax between adventures in one of our comfortable staterooms or suites. Ranging from porthole to balcony categories, all have bathrooms and plenty of storage space.

Swimming Pool, Jacuzzis, Gym & Wellness Centre

Enjoy our heated open-air swimming pool and watch the world go by, or soothe your body at the end of a day of adventuring, with massages and treatments at our wellness centre.

Restaurant & Bar

Make new friends in our public dining areas, featuring open seating, or have a pre-dinner drink in our fully stocked bar.

Changing Room/ Mudroom

Store your outdoor clothing and rain boots in your personal locker. Prepare for each landing with easy access to cleaning stations and Zodiac-boarding platforms.

Zodiac Docks

Four sea-level platforms make loading and unloading our fleet of Zodiacs a breeze and are easily accessed from the mudroom and activity preparation areas on Deck 3.

Activity Preparation Area

Whether you are diving, climbing, snowshoeing, or paddling, our Deck 3, expedition team-designed prep area and sea kayak launch platform makes adventure activities even easier.

Lecture Theatre & Lounge

Enjoy fascinating, informative talks and briefings or relax while watching documentaries or slideshows in our comfortable theatre.

All ship images of the *Sylvia Earle* are artist's impressions only and final results may vary.

*Pointers are for illustrative purposes only.

What Makes Aurora Expeditions Different?

Smaller Groups

The special nature of our voyages lies in our smaller group numbers. Unlike larger ships, our expeditions average around 132 passengers per voyage, which means you will be able to join every excursion into the stunning wilderness.

In certain destinations such as Antarctica and parts of the Arctic, passenger landing numbers are capped; however, our expeditions are specifically tailored to each destination, allowing our passengers the best opportunity to participate on each outing – whether it be through Zodiac cruises, shore landings or one of our many adventure activities. With an expedition team-to-passenger ratio of at least 1:8, small groups also mean more one-to-one time with your Expedition Team!

State-of-the-art Ships

Offering the first ever passenger ship to feature the revolutionary Ulstein X-BOW® to cross oceans more comfortably and efficiently, expansive observation decks to bring you closer to the natural environment, and unsurpassed environmental features, our ships offer the perfect base camp for adventures at the outer limits of human exploration. Plus, our small, ice-strengthened ships allow you to land in more locations than larger vessels can, which gives us extra flexibility and opportunity for unexpected wildlife encounters.

Expert Guides

Our highly acclaimed Expedition Specialists are some of the best in the business. Many are recognised world leaders in their respective fields and they enthusiastically share their knowledge with all passengers to ensure that each moment you spend with us is interesting and educational.

Spirit of Adventure

No matter where we are, we encourage a true sense of exploration. Zodiac-cruise into a craggy cove to take a closer look at rockhopper penguins scaling a cliff, or join a guided hike across the tundra in search of the elusive arctic fox. Plus, you can choose to be as adventurous as you like with our unrivalled array of optional activities.

Relaxed Onboard Atmosphere

Our friendly Expedition Team will make every effort to ensure that you feel right at home throughout your expedition. Whether that means sharing thrilling tales of adventure at the bar, dining in friendly groups in our open-seating dining room, or heading up to the observation deck in your pyjamas for a midnight polar bear sighting, our small groups and warm camaraderie create a relaxed, informal atmosphere on board.

Included Extras

Whether it is an expedition jacket to keep, charter flights or pre-/post-voyage accommodation and gratuities, our inclusions are what most others would consider extras. For a full list of inclusions for each voyage, please view the itinerary page on our website.

Solo Travellers

Expedition cruising is such a fantastic choice for solo travellers, giving them the chance to experience the world's most remote and incredible destinations with like-minded travellers and our expert guides, while on board our small, social and welcoming ships.

Our landings and activities are all conducted in small groups. You will be able to explore at your own pace, pushing your limits with adventure. You will be surrounded by fellow expeditioners with a shared spirit of adventure, having an amazing experience, making new friends – and the memories are yours to keep.

Aurora Expeditions has some great options for solo travellers. If you would like to share accommodation with another expeditioner of the same gender, we will be happy to try and make it happen for you.

Great for Groups

Expeditions are made for great adventures for groups. Our ships play host to many groups of varying sizes and include photographers, birders and wildlife enthusiasts.

Our unique style of expeditions and our highly experienced onboard teams makes for great group adventures.

Whether you are a travel agent seeking to take a group directly, or a professional photographer or special interest expert promoting a group to your own network of contacts, we have the itineraries and activities to suit.

Special Guests

Our regular Special Guest Programme matches inspiring and educational guests from around the world with selected voyages where they can share their expertise and personal insights into the incredible and remote destinations that Aurora Expeditions travels to.

You can find details of the programme on our website.

We Care.

A sustainable future has never been more important. We see expedition travel as a force for good. We are accelerating meaningful changes in our ongoing care for the planet programs and are active in doing more to help make a positive impact on the planet.

We have an ongoing commitment to responsible, respectful travel. As founding members of IAATO and AECO, we take our responsibility seriously.

We are curious; we are passionate. For us it is about good decisions and inspiring action through our focus areas.

We are about supporting and empowering people, communities, the places we visit, the extraordinary wildlife we encounter and the nature we connect with.

Our Planet: Minimal Footprint

We are 100% Carbon Neutral. Our ships use the innovative X-BOW® design which reduces fuel consumption.

We are committed to eliminating unnecessary emissions and reducing our footprint.

We are investing in two partnerships with South Pole world leaders, specialising in emission reduction projects and strategies.

We will calculate our emissions and offset annually.

Project 1: Biodiversity in South Australia

We invest in a biodiversity conservation project in Australia. Mount Sandy Conservation on South Australia's Limestone Coast promotes conservation partnerships between the traditional Ngarrindjeri landowners and non-Indigenous Australians through vital conservation work. The program ensures permanent protection of a regionally and culturally important pocket of biodiverse-rich land.

Project 2: Wind Renewables in Taiwan

We invest in InfraVest Tongyuan Windfarm, a renewable energy project in northwest Taiwan harnessing wind power for a sustainable and secure energy future.

We Are Creating a Sustainable Food Program

We are setting up and improving regional supply chains. We are working closely with suppliers that encourage regenerative farming and nature-based farming principles. We engage with suppliers in Europe, Chile, Argentina and the US to deliver regionally inspired farm-to-table experiences on board.

Education and Enrichment

Creation of a platform for exploration, discovery and knowledge

Education and enrichment through lectures and briefings on board and ashore

Extensive resources in our onboard libraries

Enhanced Participative Citizen Science Program – 7 projects on board

Dedicated Citizen Science Centre on board the *Sylvia Earle*

Women in conservation program and opportunities to give back

Unmatched knowledge from our Expedition Team and special guest

Expeditioners are given a firsthand opportunity to contribute to data and science

Ultimately – the aim is to create ambassadors for the planet

People and Community

A team of diverse, motivated people

We form meaningful partnerships

Environmental Management Systems

Efficient energy, water and waste management on vessels

Reusable water bottle for all passengers and refill stations onboard

Reduced single plastics on board via CMI-L's Green Program

Eco-friendly products and cleaning on board and in the office

We are always seeking ways to innovate, educate and make a positive impact.

Some of our future projects and goals are:

- Antarctica Climate Expedition with Sylvia Earle in February 2023 – with 23 climate change outcomes
- Improving supply chains
- Working towards B-Corp Certification

Certified

Corporation

For us, it is about help and hope

Help make a **positive impact**

Building our **legacy** with the planet

And **hope** for a bright future

Travel for good.

Life On Board

The spirit of Aurora is about shared experiences and making new friends. We have an intimate and relaxed atmosphere on board. After making enriching discoveries off ship, return to relax or explore and learn more on board.

1. **VIEW** the incredible landscapes and wildlife through floor-to-ceiling windows that face every direction. Find a spot on the vast outside decks, or the dedicated observation areas, which include our unique viewing platforms that extend out either side of the ship, so you get close to the real show outside.
2. **FEEL AT HOME** in the comfort of your spacious and well-appointed stateroom or suite. Most include balconies and all include private bathrooms with heated floors, which are a standout for travel in the polar regions.
3. **JOIN** the early risers for pastries, coffee and tea in the lecture theatre.
4. **DINE** and swap stories with new friends in our informal restaurant or have a coffee, or drink at the bar.
5. **ENJOY** welcome drinks with the Captain and Expedition Team.
6. **TRY** our gym, sauna, jacuzzi, or soothe the body with a massage in our Wellness Centre.
7. **STAY HYDRATED** sustainably with our complimentary reusable water bottles and water refilling stations throughout the ship.
8. **ATTEND** an enriching presentation, lecture or talk by our experienced Expedition Team or Special Passengers on a variety of topics.
9. **RELAX** and unwind in the comfort of our well-stocked library.
10. **GET READY** for adventure in our mud room and activity prep area, with individual lockers for all your complimentary expedition gear and equipment.

Activities to put you in the Action

The real adventure happens off ship. Our expeditions are all about more opportunities for you to get off-ship to explore and connect with the remarkable destinations we go to.

We have the most comprehensive activity program, supported by the most experienced Expedition Team on hand, dedicated to making each experience action packed and immersive in the natural environment.

Some activities are included in your expedition, while others are optional and cost extra. Some activities need to be booked in advance.

There are activity options for everyone regardless of experience or skill level. And there is always the opportunity to try something new. How you experience the destination is entirely up to you.

**All our landings, adventures and activities are subject to weather conditions and activity options do vary by itinerary.*

Included Activities

Our expeditions are designed to put you in the action as much as possible. To maximise your time in the incredible destinations we visit, we offer a range of included activities as part of your voyage.

Polar Plunge

A time-honoured tradition, the polar plunge is a celebrated optional rite of passage for polar travellers. Take the plunge to cheers of encouragement from all on board! NB: This activity is available on selected expeditions only, weather permitting.

Guided Hikes

Adventurous hikes for all abilities are offered on our expeditions. Explore historic ruins, stroll pristine beaches, trek through lush wilderness areas, admire local flora and fauna or scale heights to delight in spectacular vistas.

Photography

Our photography guides offer onboard lectures that are filled with handy hints to improve your camera and photography skills, and will help you capture those memorable moments in the field during excursions.

Zodiac Cruises

Explore rocky coves, marvel at spectacular glaciers and icebergs, discover secluded bays and search for wildlife in hard-to-reach places in our fleet of trusty Zodiacs – sturdy and heavy-duty inflatable rubber speedboats.

Optional Activities

Your expedition can be as active as you want. We have the most comprehensive activity program and offer an unrivalled array of activities so you can reach new limits and live out your wildest dreams.

Choose from a large selection of optional activities led by our professional and passionate Expedition Team.

Sea Kayaking

Silent and sleek, sea kayaks are perfect for exploring wild coastlines, allowing you to get up close with the amazing wildlife.

Scuba Diving

Get under the surface of the sea and discover the hidden wonders of the underwater world with some of the world's best dive masters.

Snorkelling

Witness wildlife in action and marvel at the fascinating display of life under the water as you snorkel and drift along at a leisurely pace.

Stand-up Paddleboarding (SUP)

Paddle in protected bays, drift quietly under the backdrop of lush rainforest or glide over vibrant coral gardens.

Snowshoeing

Get a glimpse of how intrepid explorers would have traversed Antarctica in the past, by participating in our snowshoeing activity.

Ski & Snowboard Touring

Take on some of the world's most incredible slopes on the only truly white continent on earth – Antarctica.

Alpine Trekking & Climbing

Led by experienced guides, you will come face to face with Antarctica's mighty mountain peaks, trek over technical alpine passes and go ice climbing on the continent known for its splendour.

Shackleton's Crossing

Follow in the footsteps of Sir Ernest Shackleton and trek for up to three days across South Georgia, from King Haakon Bay to Stromness, either on foot or on skis.

Camping

●○○

Spend an unforgettable night on the white continent and be prepared to witness the sounds of ice cracking in the distance and wildlife carrying out their busy schedule around you.

Rock Climbing in Greenland

●●●

Climb the striking granite peaks of remote East Greenland in pursuit of breathtaking views of Scoresbysund's ice-filled fjords. Relish the chance to explore up and along the rarely scaled peaks that dominate the landscape.

Paddling

●○○

Enjoy an unforgettable experience on the water with coastal paddling in inflatable kayaks. This is ideal for those with no experience who are seeking a 'lite' kayaking experience.

**Subject to appropriate weather and sea conditions.*

Key:

- Easy to moderate activity, some experience is beneficial
- Moderate activity, some experience required
- Challenging activity, extensive experience is necessary

Scott Portelli photographing king penguins, South Georgia

Take Your Best Shot

Bring your expedition stories to life with the best photos you will ever take.

We have award-winning professional photographers on board every voyage to inspire, guide and assist you. Every passenger from smartphone user to semi-professional shooter can benefit from our experts' deep professional knowledge – picking up tips, learning new skills and taking some awe-inspiring photos.

Every minute of every destination we explore provides extraordinary photo opportunities, so there will be so many incredible moments to capture and so much you will want to shoot!

As our photographers love to share their skills with photo enthusiasts of all levels and also offer informative onboard presentations and supportive tips, you will be taking snaps of extraordinary moments in no time.

Happy shooting!

“What I love about photography is...”

“The sense of adventure and exploration that inspires me to capture the essence of some of the most amazing places on the planet. Every day is a new experience, a visual feast for all the senses. It allows me to explore my creativity and passion for photography and interpret the world in completely different ways.”

— **Scott Portelli**, Australian multi-award-winning wildlife photographer and member of the Australian Institute of Professional Photography (AIPP)

“What I love about expedition photography is that it allows me to combine my pursuit of images with a fantastic travel experience to many of the most remote, beautiful and challenging environments on the planet. The continually changing land, sky and seascapes seen from the ship, and the close up encounters with icebergs and wildlife afforded by Zodiac cruises and beach landings, present endless opportunities for capturing a diverse range of great images.

I also love that I don't have to pack my bags to move on to the next destination, the ship takes care of that.”

— **Richard I'Anson**, award-winning Canon Master, World Nomads Mentor, and Australian Himalayan Foundation Ambassador

Give Back and Get Involved in Citizen Science

"Our goal is literally to inspire a network of hope – one place, one community, one vision at a time – but together around the world."

— Dr Sylvia Earle, oceanographer, marine biologist and explorer.

Travel is always the best educator and we offer the chance to enrich your curiosity and expand your knowledge and understanding of the places we travel to. There is no better learning opportunity than being in the field with subject matter experts.

Our Citizen Science Program is designed to be an interactive forum for like-minded travellers to share new discoveries and deepen their connection to the natural world in a relaxed, informal and fun environment – both on board our ships, on our fascinating shore expeditions and in our Zodiacs.

You can make a difference because your participation enables us to provide invaluable data to the scientific community. You too can become an ambassador for the protection of our majestic but fragile blue planet by sharing what you have learned, when you return home.

How does it work?

Members of our passionate Expedition Team, together with a Citizen Science Coordinator, will be on hand to introduce and assist you with the projects being conducted on your voyage.

Expert guidance on the collection, storage and sharing of new scientific data will not only greatly enhance your voyage experience, but also help you gain more knowledge of our ever-changing natural environment.

From the biggest mammals to the smallest marine creatures, the important part you play in our Citizen Science projects will help protect and preserve the planet for generations to come.

Our projects

Our seven dynamic and diverse Citizen Science projects – focusing on whales, seabirds, microplastics, weather patterns, phytoplankton, polar fjordlands and marine biodiversity – have been hand-picked for their ground-breaking work and global achievements:

- Happywhale
- Seabird surveys
- Microplastic survey
- NASA Globe – Cloud Observations
- Secchi disk
- Fjord Phyto
- iNaturalist

**Citizen Science projects are location and weather dependent and not all projects are able to be operated on every voyage.*

The Expedition Team

Your Expedition Team

Out here, experience matters.

When you travel with Aurora Expeditions, you travel with the most dedicated, experienced, passionate and skilled Expedition Team in the industry.

Our team knows the places we take you to better than anyone because their knowledge is extensive. They push the boundaries to get you to the heart of nature in some of the most beautiful places on earth.

We are about small groups for big adventures. We have the highest ratio of Expedition Team to passengers, with an unwavering commitment to safety – all here to ensure that you get the most out of your adventure with us.

Howard Whelan

Home: Australia
Years with Aurora: 26
Background: Howard joined Greg Mortimer on the first Australian ascent of Mount Everest as cameraman before going on to become the founding editor of *Australian Geographic*.
Language: English
Favourite Expedition: It is a tie – the Ross Sea and Antarctica.
Advice: Put your camera down and take in the sounds, smells and beauty.

Florence Kuyper

Home: Netherlands
Years with Aurora: 2
Background: Florence has worked in both the Arctic and Antarctica, has crossed the 1,200 kilometres (746 miles) Mongolian desert on foot, and returns to Antarctica every year.
Language: Dutch, English, French
Favourite Expedition: Every Antarctic destination!
Advice: Disconnect from the internet while you are on board, it is the perfect excuse to be out of reach.

Ashley Perrin

Home: North America
Years with Aurora: 3
Background: With over 209,215 kilometres (130,000 miles) as a skipper offshore under her belt and a dual major with honours in geography and oceanography, Ashley became the first female boating officer in Antarctica with the British Antarctic Survey.
Language: English
Favourite Expedition: Antarctica.
Advice: Get involved with a Citizen Science Program and contribute to the world.

David Berg

Home: Sweden

Years with Aurora: 4

Background: An earth scientist, glaciologist and Senior Polar Guide, David has rarely spent time away from the Arctic and Antarctic over the last decade. In 2017 he completed an unsupported 600-kilometre (372.8 miles), 27-day crossing of Greenland's inland ice.

Language: Swedish, English

Favourite Expedition: Svalbard Odyssey.

Advice: Dress warm and be ready to be amazed by the incredible landscapes. Also, read up about the history and wildlife we might encounter.

Isabelle Howells

Home: United Kingdom

Years with Aurora: 2

Background: A passion for marine biology and the environment has taken Isabelle to the Arctic region where she worked as a whale-watching guide and trained as a commercial sailing skipper.

Language: English, French

Favourite Expedition: The Antarctic Peninsula, South Georgia and the Falklands.

Advice: The longer you stay out on deck, the more you are guaranteed to see.

Daniel Stavert

Home: Australia

Years with Aurora: 5

Background: With a love for both training and teaching, Daniel has spent over a decade leading groups in kayaking, climbing and trekking in remote Tasmania, the islands of Scotland, and the coast of mainland Australia, and Antarctica.

Language: English

Favourite Expedition: East Greenland.

Advice: Take a waterproof backpack so you can focus on experiencing every moment and not worry about the splashy waves!

Dot Robertson

Home: Australia

Years with Aurora: New in 2022

Background: Dot has a love of the outdoors, adventure and travel. An avid hiker, she has been an expedition guide since 2008 with trekking highlights such as Papua New Guinea, Peru and Scotland.

Language: English

Favourite Expedition: Antarctica and Scotland for their remoteness, beauty and interesting, challenging history.

Advice: To stop and listen. Whether it's the wind, the wildlife or the complete silence.

Dr John Kirkwood

Home: Australia

Years with Aurora: 15

Background: It is a deep love of travel, the natural world and exploration that has kept John involved with polar and marine research for more than 30 years.

Language: English

Favourite Expedition: South Georgia: one of the great wildlife experiences on the planet.

Advice: Be up for adventure, be flexible and take every opportunity.

Dr Annette Scheffer

Home: UK, Germany and Azores

Years with Aurora: 2

Background: Annette is a marine biologist, scientist and lecturer. She works closely with international education institutions where she shares her passion for all areas of marine biology and sustainability.

Language: German, English, French

Favourite Expedition: South Georgia and Antarctic Odyssey.

Advice: At night, go out to the deck and look at the sky full of stars and the icebergs around you.

Dr Ulyana Horodyskyj

Home: United States

Years with Aurora: 2

Background: Ulyana has a unique blend of academia and experience in extreme environments, with extensive knowledge of geology, glaciology, astronomy and climate, alongside advanced experience in mountaineering.

Language: English

Favourite Expedition: Antarctic Peninsula.

Advice: Enjoy the landscape, pay attention to what you are feeling and use your senses.

Cecile Manet

Home: France

Years with Aurora: New in 2022

Background: Passionate about travel, Cécile has worked in the tourism industry for the past 20 years. She chose to specialise in polar history and has been sailing to the Antarctic and Arctic regions since 2013, as an expedition guide.

Language: French, English

Favourite Expedition: Northwest Passage, with all the history, drama and mystery.

Advice: Take some time alone during landings to really take in the scenery, noises, smells and colours.

Scott Portelli

Home: Australia

Years with Aurora: 7

Background: Scott has been awarded BBC Wildlife Photographer of the Year and the Sony World Photography Award and is now credited with being one of the world's best wildlife and landscape photographers.

Language: English

Favourite Expedition: Antarctic Peninsula and South Georgia.

Advice: Get involved with all aspects of expedition, adventure, socialising and learning while you are with us.

Matt Horspool

Home: Australia

Years with Aurora: 3

Background: Upon completing bachelor degrees in human movement and secondary teaching, Matt set off on multiple trekking expeditions across South America.

Language: English

Favourite Expedition: Scoresbysund on the eastern coast of Greenland.

Advice: Take each moment slowly. Not only will you appreciate and remember the experience, you will also come away with much better photos.

Michael Baynes

Home: Australia

Years with Aurora: 6

Background: Completing an environmental science degree enabled Michael to pursue his love of nature and wildlife. During his time working as an environmental scientist, his passion for photography really came to the forefront.

Language: English

Favourite Expedition: East Greenland, due to the dramatic landscapes and icebergs.

Advice: Regardless of previous experience or camera equipment, everyone can create beautiful images by focusing on the light.

Eamon Larkin

Home: Australia

Years with Aurora: 2

Background: Eamon has been an expedition guide in Australia and abroad since 1995. He loves supporting people to move beyond their comfort zone to experience new things.

Language: English

Favourite Expedition: Looking forward to exploring the new itineraries for 2022–23 season.

Advice: Take a quiet moment on your own, indulge your senses and be mindful of how you feel in the spectacular environments we visit.

Tarn Pilkington

Home: New Zealand

Years with Aurora: 17

Background: Tarn started skiing when he was four and has been on the slopes ever since. He is a year-round IFMGA ski guide, Air Ambulance Service crew member and Alpine Cliff Rescue team member.

Language: English

Favourite Expedition: South Georgia with its huge peaks, wildlife and lush vegetation.

Advice: There is a great saying we share on board: 'there is plenty of time to sleep when you get home.'

Wes McNeil

Home: United States

Years with Aurora: New in 2022

Background: With over 40 years' experience, Wes has guided in ice, alpine and rock climbing, backcountry and skate skiing as well as backpacking, desert trekking, white-water rafting, sea kayaking and much more.

Language: English

Favourite Expedition: Antarctic Peninsula.

Advice: Listen outwards and inwards and allow the wonder of the place come to you.

Justine Bornholdt

Home: New Zealand and Australia

Years with Aurora: 7

Background: Justine has been travelling the world and crisscrossing all seven continents since 2010. She takes every chance to be on an adventure.

Language: English

Favourite Expedition: Antarctica, Greenland, Wild Scotland and South Georgia.

Advice: Do not miss an opportunity to get off the ship. If a landing looks grey, cold and wild, then embrace it!

Anne Øyasæter

Home: Norway

Years with Aurora: 11

Background: Anne has travelled extensively through Scandinavia, Iceland and Greenland but after a trip to Antarctica in 2005, she could not get enough and began training in expedition travel to the polar regions.

Language: English

Favourite Expedition: South Georgia for the wildlife and unique animals.

Advice: Be outside as much as possible. Soak it all in and put down the camera every now and then.

Roger Kirkwood

Home: Australia

Years with Aurora: 23

Background: Roger's love of SCUBA diving and uncovering what lies beneath the surface led him to pursue a career in marine biology. When researching some of the world's most unique marine life, he developed a love for the white continent that has seen him returning for decades.

Language: English

Favourite Expedition: Antarctic Peninsula to see it in different times of the season.

Advice: Relax. Let it seep in, and then leave, feeling happy and refreshed.

Rosie Leaney

Home: Australia

Years with Aurora: New in 2022

Background: An avid nature and underwater photographer, Rosie has travelled across the globe to the most remote destinations as a Divemaster and ocean advocate. For over 10 years, Rosie has combined her passion for adventure with her life as a health professional.

Language: English

Favourite Expedition: South Georgia.

Advice: Embrace the expertise on board – go to lectures, get involved with Citizen Science.

Sail With Confidence

As part of our commitment to ensure that we are doing small-ship expedition travel in the safest and most enjoyable way possible, every aspect of Aurora Expeditions' Health and Safety Program has been strengthened to protect against COVID-19.

Our carefully considered measures will be followed while also ensuring our expeditioners will continue to have every opportunity to fully experience every part of expedition cruising.

A key component of this industry-leading Health & Safety Program is the adoption of breakthrough rapid onsite PCR testing, the highest level of pre-cruising preventative measures and a robust Response Plan and onboard protocols, all designed to bring peace of mind to our expeditioners, crew and Expedition Team.

Key Health & Safety Features

Fully equipped medical centre on board: doctor + nurse + emergency care facilities

100% fresh air – no recirculation of air

Onboard Rapid PCR testing machines

All landings with Aurora are accompanied by a medic

Our expeditions give you a deeper connection with nature as well as your fellow expeditioners because our small-ship experience of an average of 132 passengers allows just that. Enjoy more active, healthier experiences in wide-open spaces and reinvigorate yourself. With our enhanced protocols, know that your health and safety is in qualified hands and that your expedition experience will be enjoyed to the fullest with Aurora Expeditions.

Our full Health & Safety Program and Flexible Booking with Confidence policy is available on our website.

**We continue to update Health & Safety protocols in line with relevant regulations & jurisdictions. Please note that Health & Safety requirements may vary per country.*

Experience Antarctica through some once-in-a-lifetime adventure activities – from camping on the ice to kayaking, polar plunge and alpine trekking.

The Differences Between the Arctic and Antarctic Regions

The two polar regions are incredible in their own ways but also hugely different. Each has its own vistas, wildlife and special sites to visit, so expeditions to each of these regions are unique in their own right.

Polar bear enjoying the sunset © A Hernandez

What animals can you expect to see?

While both polar regions are full of snow and ice, the animals that live there are unique. Antarctica is famous for its penguins, with eight species living on the continent and surrounding subantarctic islands. The Arctic is where you travel to find polar bears with their thick white coats and a layer of fat keeping them warm and camouflaged in the Arctic environment.

Here are some of the animals you might encounter on your trips with Aurora Expeditions.

Arctic

Polar Bears

Musk Oxen

Arctic Foxes

Arctic Hares

Reindeer

Birds

Whales

Seals

Orcas

Antarctica

Penguins

Seals

Seabirds

Krill

Whales

Orcas

The word **Arctic** comes from the Greek word *arktikós*, 'near the bear, northern'. The Great Bear constellation can be seen in the northern sky.

Arctic

There are eight countries within the Arctic region: Norway, Sweden, Finland, Russia, the United States (Alaska), Canada, Denmark (Greenland) and Iceland.

The name **Antarctica** comes from the Greek words *antí arktikós*, meaning 'opposite to the Arctic' or opposite to the north.

Antarctica

Antarctica is governed collectively by 54 nations under the Antarctic Treaty.

Do People Live There?

Antarctica

Antarctica has no permanent human population. There are over 60 research stations, where staff reside seasonally or annually.

Arctic

Yes. Humans have lived in the Arctic for thousands of years. Today, there are more than two million people living north of 60°N, many in modern settlements.

Which is Larger in Size?

The Arctic and Antarctica have many things in common: one is their size. The polar regions cover the ends of the earth like caps, and the Arctic is just slightly larger than Antarctica.

However, the largest ice sheets vary greatly in size.

Antarctica

14 million km² (5.4 million square miles)

Arctic

1.71 million km² (0.66 million square miles)

Best Time to Visit

Fortunately, we steer clear of the polar regions in winter. When we visit in summer, the weather is actually quite pleasant! Temperatures across the regions vary greatly. In summer, the average temperature at the North Pole is barely freezing at 0°C (-32°F), while the South Pole remains much colder at -28°C (-18°F).

Spirit of Antarctica

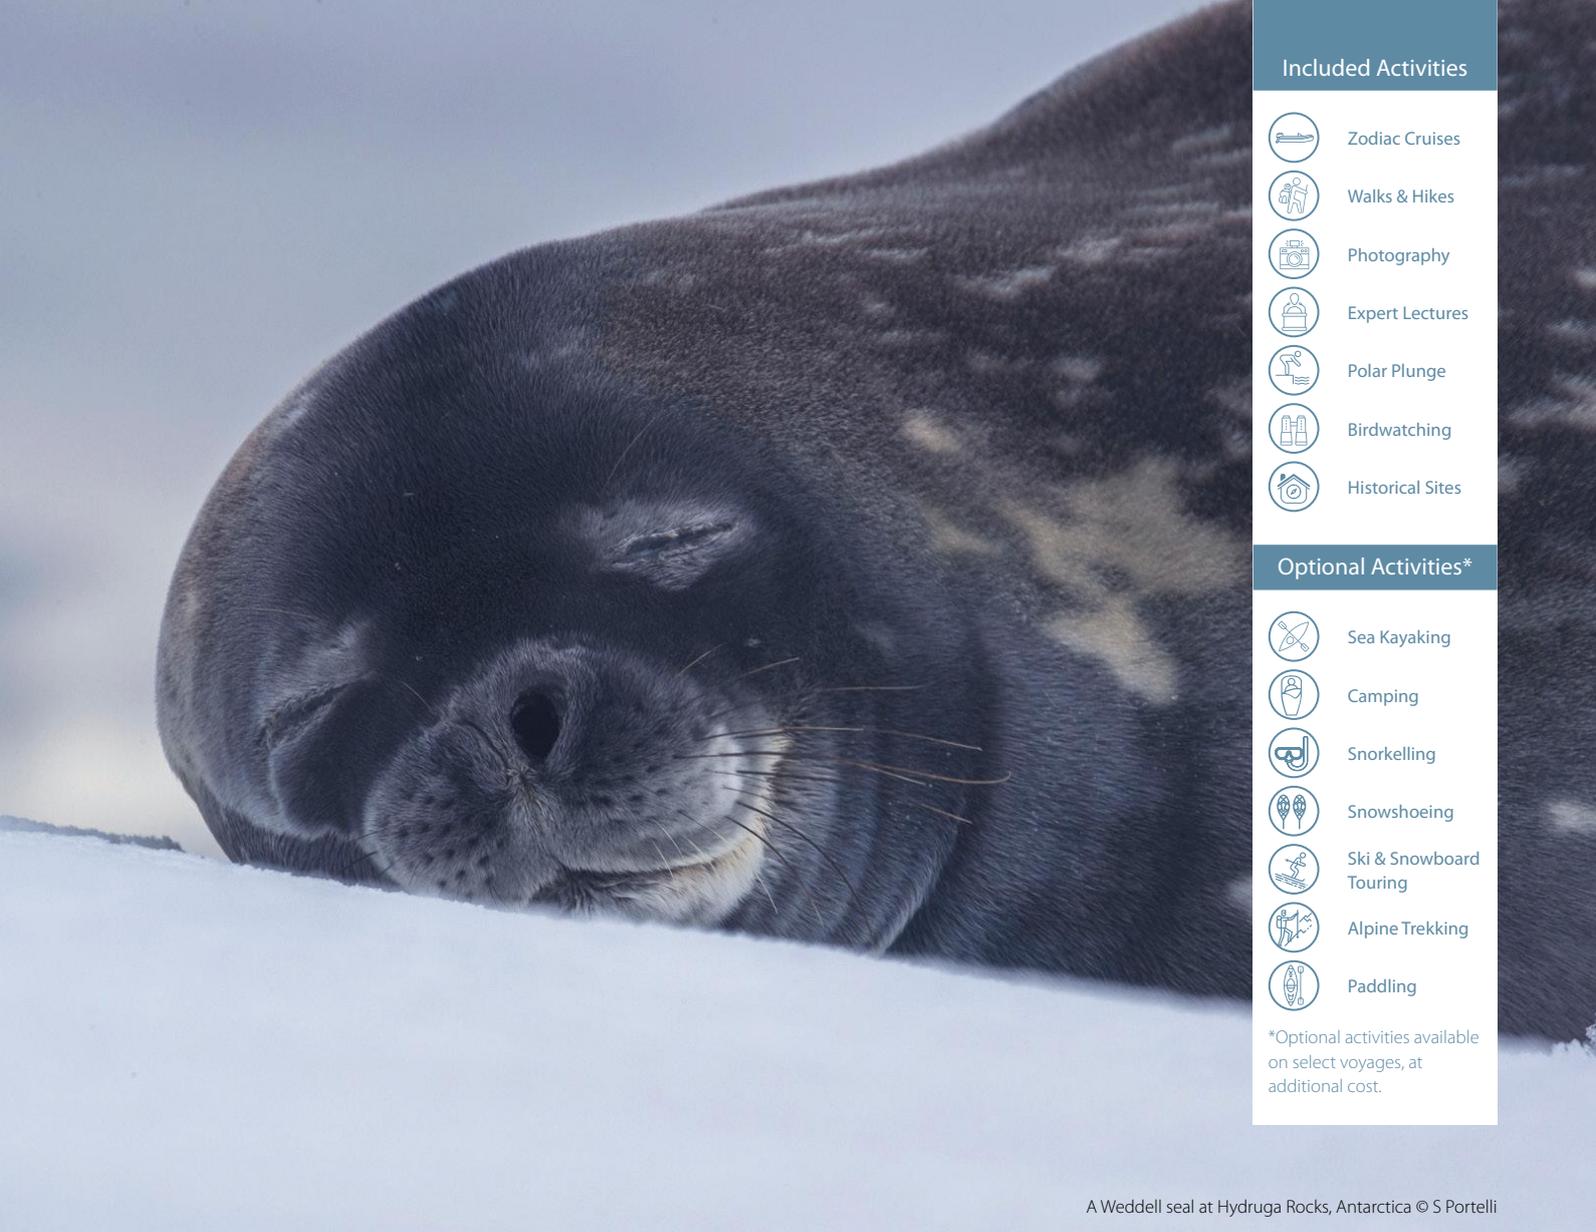

Antarctic Peninsula | 12 Days

Embrace the spirit of polar exploration on this classic expedition to the white continent. Sail across the famed Drake Passage in both directions, admiring spectacular seabirds and approaching Antarctica as the explorers of old did – by sea. Search for wildlife on a Zodiac-cruise, aim to set foot on the continent, participate in your selected adventure activity and perhaps camp under pastel polar skies. This is the quintessential Antarctic voyage for adventure lovers.

HIGHLIGHTS

- Hone your ice and wildlife photography skills
- Search for orca and minke whales in the icy bays
- Observe busy penguin colonies building their nests and perhaps catch a glimpse of penguin chicks as they hatch
- Join the exclusive polar plunge club and jump into the beautiful Antarctic waters

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Camping
-  Snorkelling
-  Snowshoeing
-  Ski & Snowboard Touring
-  Alpine Trekking
-  Paddling

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in Ushuaia and transfer to your hotel.
DAY 2 Embark in Ushuaia.
DAYS 3–4 Cross the Drake Passage to the Antarctic Peninsula.
DAYS 5–9 Immerse yourself in the unforgettable landscapes of Antarctica. In this great wilderness, nature sets the pace for our adventures. With constantly changing weather and sea ice conditions, each day’s activities offer an element of spontaneity and surprise. Our highly experienced Expedition Team will design each day’s adventures based on what nature throws at them. Pack a flexible attitude and enjoy the thrill of what each day brings. Sail past spectacular ice cliffs, hear the orchestra of the ice crack, hiss and pop, visit bustling penguin rookeries, observe seals on ice and whales in their southern feeding grounds. Discover historical sites and other intriguing relics scattered across the Antarctic Peninsula.
DAYS 10–11 Return sailing across the Drake Passage to Ushuaia.
DAY 12 Disembark in Ushuaia.

[You can view the full itinerary on our website.](#)

Antarctic Explorer

Antarctic Peninsula | From 11 Days

Early Antarctic explorers returned from their voyages to the deep south with tales of a magnificent, ice-covered land teeming with life. Experience the awe-inspiring immensity of Antarctica and immerse yourself in the unimaginable beauty of the Antarctic Peninsula, where vast glaciers tumble into the sea, penguins are dwarfed by soaring peaks, and humpback and minke whales feast on abundant krill. Reduce your time on the high seas by flying at least one way across the Drake Passage.

HIGHLIGHTS

- See and hear the bustling activity of a penguin city
- Chance to spot leopard seals on ice floes from our Zodiacs
- Zodiac-cruise in search of feeding and breaching whales
- Skip one or two legs of the Drake Passage to maximise your holiday time on the white continent

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Snorkelling
-  Scuba Diving
-  Alpine Trekking
-  Paddling

*Optional activities available on select voyages, at additional cost.

Antarctic Explorer Express

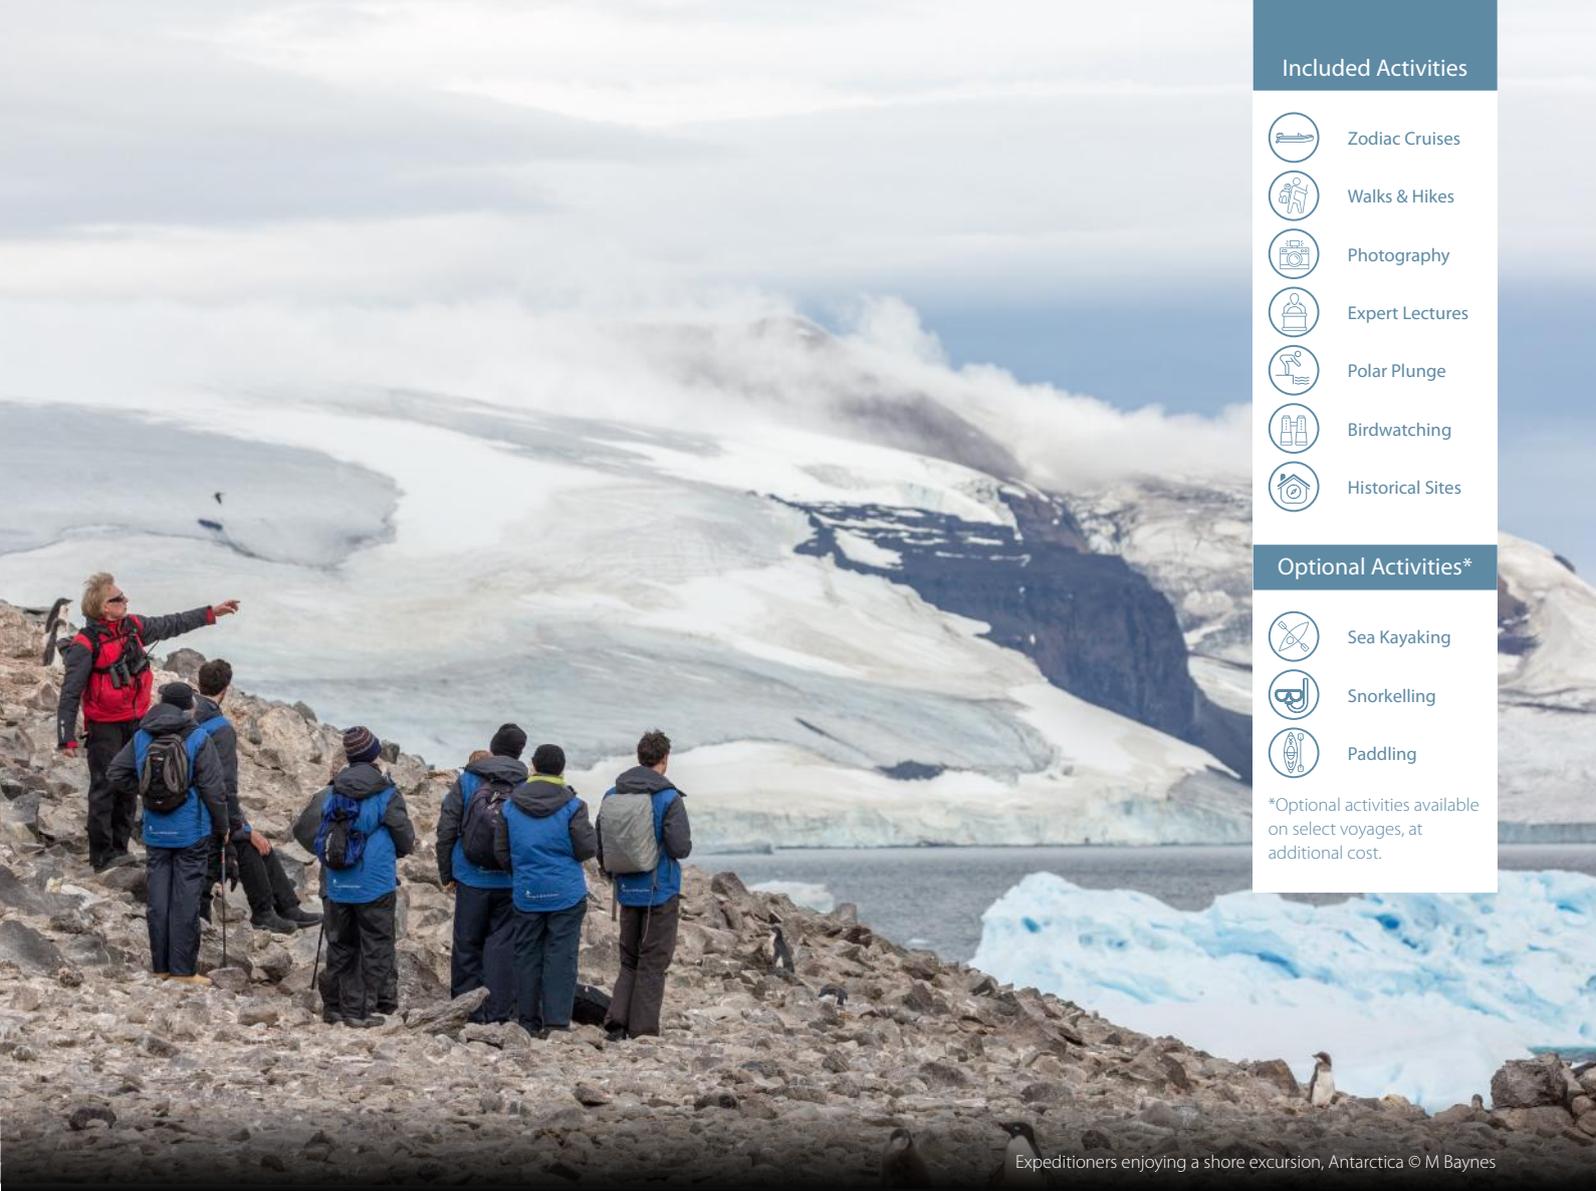

Antarctic Peninsula | 9 Days

The younger sibling to our fully-grown Antarctic Explorer, our 9-day Antarctic Explorer Express offers a similar itinerary with a shorter duration. Travellers who are strapped for time, will find this quick trip to the Antarctic Peninsula the perfect fit. A flight over the Drake Passage in at least one direction combined with an action-packed time in the Antarctic Peninsula, our Antarctic Explorer Express voyages are tailored for travellers seeking a brief adventure to the frozen continent. You are guaranteed at least three days in the Antarctic Peninsula, where your days will be filled with penguin and seal encounters, Zodiac excursions to explore rugged coastlines and majestic icebergs, and possible visits by curious whales.

HIGHLIGHTS

- The large number of whales present in late summer can provide unforgettable moments with these magnificent giants
- See penguins begin to moult and gentoo penguin parents feeding their chicks

Expeditioners enjoying a shore excursion, Antarctica © M Baynes

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Snorkelling
-  Paddling

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

- DAY 1** Arrive in Ushuaia and transfer to your hotel.
- DAY 2** Embark in Ushuaia.
- DAYS 3–4** Drake Passage crossing. A crossing of the Drake Passage to reach the Antarctic Peninsula is considered by many expeditioners to be a rite of passage on a voyage to Antarctica. Will you experience a ‘Drake shake’ or a ‘Drake Lake?’
- DAYS 5–7** Pinch yourself. You are in Antarctica! Over the next few days, our experienced Expedition Team will tailor your day-by-day experiences, based on the changing weather and ice conditions. On an expedition, we make no promises apart from offering you a genuine voyage that is filled with adventure, fun, spontaneous moments, encounters with unique wildlife, mind-blowing, icy landscapes and an appreciation for nature. Each day promises new experiences and a chance to form closer bonds with nature and fellow like-minded expeditioners.
- DAY 8** Board a charter flight to Punta Arenas for an overnight stay.
- DAY 9** Transfer to Punta Arenas airport to continue your journey.

Dates

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage
Ushuaia/Punta Arenas	9 Days	10 Feb'24 – 18 Feb'24	ANE001S	Sail/Fly

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle

Add a Patagonia Small Group Trek

A trek through Patagonia, with its spectacular landscape and curious wildlife, complements your voyage in Antarctica perfectly. Speak to our team about our combination deals.

Danco Island, Antarctica © M Horspool

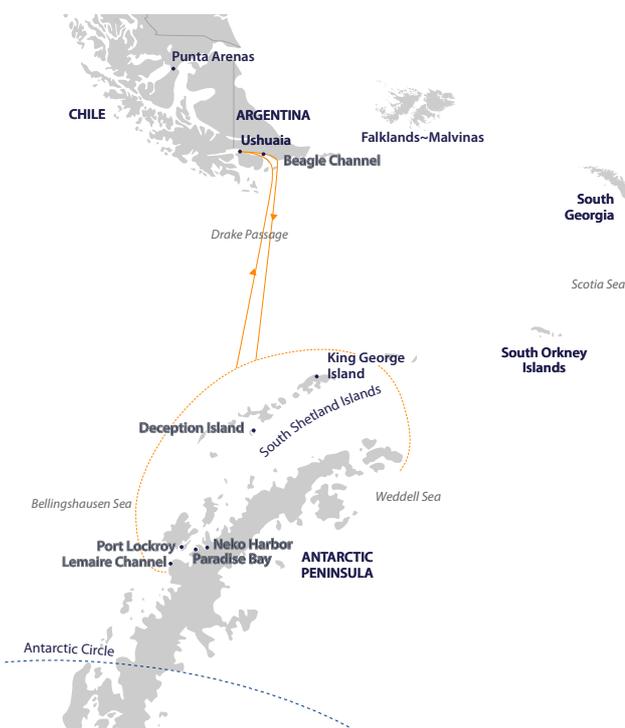

Antarctic Peninsula in Depth

Antarctic Peninsula | 15 Days

This ultimate expedition to the Antarctic Peninsula seeks to include visits to some well-known locations and opportunities for surprise discoveries. Enjoy nine full days discovering the wonders of the Antarctic Peninsula in the peak of summer, when tiny gentoo penguin chicks are nesting, chinstrap penguins are hatching and whales start to arrive to feed on krill. Near-endless hours of daylight means more time for exploration – Zodiac cruising, walking, snowshoeing, snorkelling and kayaking.

HIGHLIGHTS

- Enjoy an in-depth exploration of the Antarctic Peninsula where we aim to show you well-known favourite sites and hope to discover future favourites
- The Antarctic Peninsula is a hive of activity with penguins nesting and chicks hatching
- Clean, pristine conditions allow for postcard-perfect photographs
- Enjoy early season sightings of whales

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Snorkelling
-  Snowshoeing
-  Camping
-  Paddling

*Optional activities available on select voyages, at additional cost.

Passengers photographing a penguin, Neko Harbour, Antarctica © M Horspool

Itinerary Overview

DAY 1 Arrive in Ushuaia and transfer to your hotel.
DAY 2 Embark in Ushuaia.
DAYS 3–4 Drake Passage crossing.
DAYS 5–12 It is almost impossible to describe the feeling of arriving in Antarctica. Spotting your first iceberg and taking a deep breath of some of the most freshest, crisp air on earth is an experience that will stay with you forever.
 The Antarctic Peninsula is a bustling metropolis of wildlife in late spring but despite the frenetic pace of life for the locals, you have ample time to immerse yourself in the wonders of the surrounding environment. Over the next eight days, you will settle into the natural rhythm of life on the Antarctic Peninsula. Your experienced Expedition Team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing weather, ice conditions and wildlife opportunities. Enjoy Zodiac cruises along spectacular ice cliffs or among grounded icebergs, keeping watch for whales, seals and porpoising penguins. While ashore, you can stroll along the beach and photograph the wildlife and the magnificent scenery, visit penguin rookeries and discover historical huts. With extra time for exploration, we plan to show you our favourite

spots across the peninsula and possibly discover new future favourites along the way.
DAYS 13–14 Drake Passage crossing.
DAY 15 Disembark in Ushuaia.
 You can view the full itinerary on our website.

Dates

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage
Ushuaia/Ushuaia	15 Days	28 Nov '23 – 12 Dec '23	APD001S	Sail

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle

Add Buenos Aires & Iguazu Falls

Buenos Aires is synonymous with tango, football fanaticism, world-class wine and cuisine, and political passion. Combine time in the city with the extraordinary natural wonder of Iguazu Falls for an easy stopover experience to add to your Antarctic voyage.

Kayaking in Antarctica © S Portelli

Across the Antarctic Circle

Antarctic Peninsula, Antarctic Circle | From 12 Days

Venturing below the Antarctic Circle is about more than just earning bragging rights. It is the chance to enter a different world that is rarely seen, and with its great swathes of pack ice and dreamlike icebergs, it feels more isolated and colder than farther north. Thread through narrow channels where scenes of ice-clad mountains, feeding whales and lively penguin colonies become lasting memories.

HIGHLIGHTS

- Experience a toast at the Antarctic Circle, 66° 33' south (conditions permitting)
- Enjoy a splendour of wildlife activity as birds, seals and whales race to fatten up for winter
- Visit fascinating historical sites
- Zodiac-cruise with the hope of spotting leopard and crabeater seals

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Camping
-  Snorkelling
-  Scuba Diving
-  Alpine Trekking
-  Snowshoeing
-  Paddling

*Optional activities available on select voyages, at additional cost.

Antarctic cormorants, Hydrurga Rock, Antarctica © M Bassano

Itinerary Overview

- DAY 1** Arrive in Ushuaia and transfer to your hotel.
- DAY 2** Enjoy a short sightseeing tour of Ushuaia before embarkation.
- DAYS 3–4** At sea.
- DAYS 5–10** The western side of the Antarctic Peninsula is ours to explore and our flexible itinerary allows us to make the most of local conditions to Zodiac-cruise or kayak* among the ice, hoping to see whales and other marine wildlife. Set foot on the white continent and its offshore islands to visit penguin rookeries, seal haulouts, historical sites and spectacular viewpoints. As you weave through pack ice and narrow channels, scenes of ice-clad mountains and abundant wildlife in its natural habitat will be etched into your memory for years to come. Raise a toast to mark the occasion as you join a lucky group of adventurers to cross 66° 33' south (approx.), below the Antarctic Circle.
- DAYS 11–12** At sea.
- DAY 13** Disembark in Ushuaia.

The itinerary overview is based on voyage ANC161222G. You can view the full itinerary on our website.

Dates

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage
Ushuaia/Ushuaia 	13 Days	16 Dec '22 – 28 Dec '22	ANC161222G	Sail
Ushuaia/Ushuaia	13 Days	07 Jan '23 – 19 Jan '23	ANC070123S	Sail
Punta Arenas/Ushuaia	12 Days	01 Feb '23 – 12 Feb '23	ANC010223G	Fly/Sail
Ushuaia/Ushuaia 	15 Days	14 Dec '23 – 28 Dec '23	ANC008G	Sail
Punta Arenas/Ushuaia	14 Days	25 Feb '24 – 09 Mar '24	ANC009S	Fly/Sail

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle |  = Christmas Voyage

Featuring the Antarctic Circle

At 66° 33' south, Antarctica is at its most pristine. Crossing the Antarctic Circle is an impressive achievement in itself. Enjoy endless daylight, other-worldly ice formations, and landscapes dotted with wildlife colonies.

Kayaking in Antarctica © M Bassano

Wild Antarctica

Antarctic Peninsula & Weddell Sea | From 12 Days

Famed for its tremendous tabular icebergs, year-round sea ice, fascinating fossils and the pivotal role it played in Shackleton's *Endurance* expedition, the Weddell Sea offers unsurpassed opportunities for exploration. Embark on a true Antarctic expedition as we not only explore the western side of the Antarctic Peninsula but also attempt to venture east towards the icy perimeter of the Weddell Sea, which is often guarded by impenetrable pack ice and home to awe-inspiring tabular icebergs.

HIGHLIGHTS

- Be awed by the array of wildlife that play and hunt in Antarctic Sound
- Marvel at gigantic tabular icebergs in the Weddell Sea
- Learn about the incredible fossil-rich volcanic islands from our onboard paleontologist

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Snorkelling
-  Paddling

*Optional activities available on select voyages, at additional cost.

Brown Bluff, Antarctica © M Bassano

Itinerary Overview

DAY 1 Arrive in Punta Arenas and transfer to your hotel.

DAY 2 Fly to King George Island for embarkation.

DAYS 3–9 In the days ahead, immerse yourself in the unforgettable landscapes of the white continent. Sail across the Bransfield Strait into the other-worldly landscape of the Antarctic Sound. If sea ice conditions allow, venture east into the Weddell Sea, known for its impressive sea ice and large icebergs. Feel your pulse quicken as vast tabular icebergs pass close by. We aim to land on fossil-rich islands for exploration and to hear from our expert palaeontologist. Roam the shoreline near where Adélie, gentoo and chinstrap penguins waddle, and delight in their charismatic antics. Zodiac-cruise or kayak* in search of seals, whales and their calves. We aim to land on the Antarctic continent and the many islands surrounding the peninsula, to visit historical sites and to experience the unforgettable landscape up close.

DAYS 10–11 At sea.

DAY 12 Disembark in Ushuaia.

The voyage map refers to a Fly/Sail. Voyages also operate as Sail/Fly route. Please refer to voyage Trip Notes for details. You can view the full itinerary on our website.

Add Patagonia Eco Camp

Uniquely Patagonian, a stay at Cascada EcoCamp offers an environmentally friendly way to experience nature in comfort. Explore Torres del Paine National Park with various short walks showcasing views of Lake Nordenskjöld and Lake Pehoe.

Zodiac-cruising in Weddell Sea, Antarctica © M Baynes

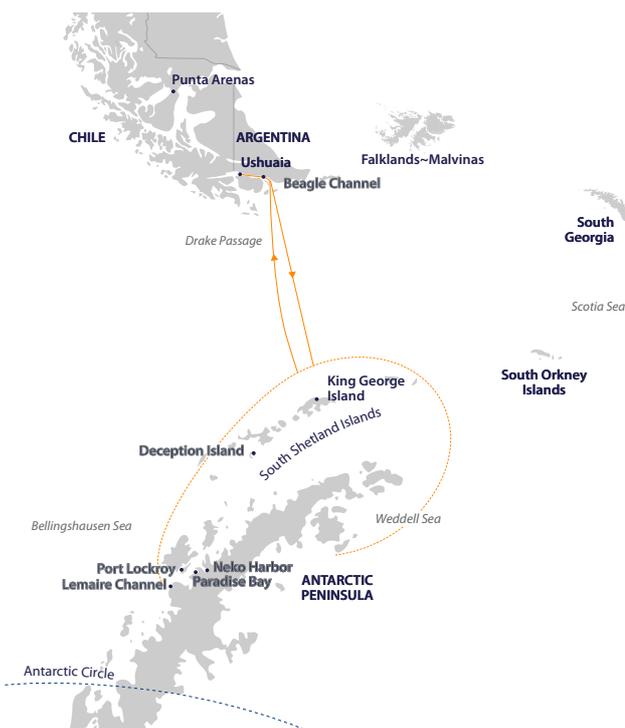

Deep Weddell following Nordenskjöld

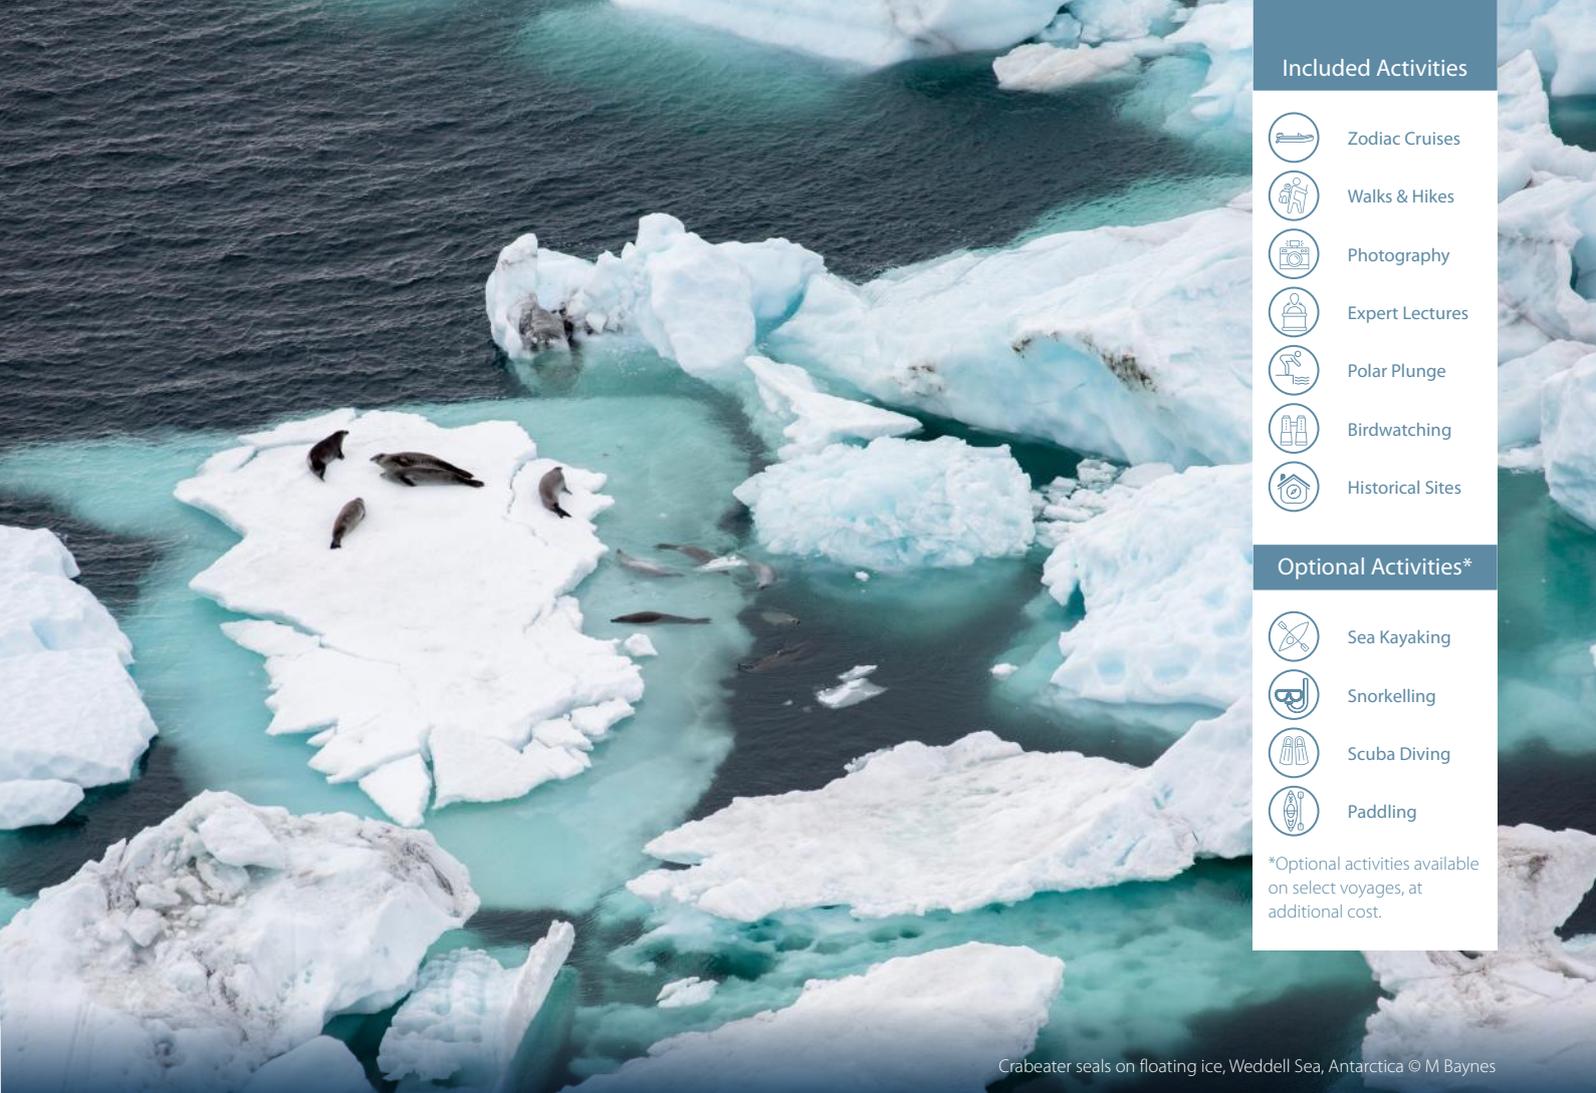

Antarctic Peninsula, Weddell Sea | 14 Days

A new voyage that focuses on the Weddell Sea region more than any of our other voyages. The Weddell Sea is renowned for vast amounts of ice – sea ice, pack ice and gigantic icebergs. Even icebreakers have difficulty getting around in the Weddell Sea. For adventurous expeditioners, a visit to the area can be rewarding, not least for its historical associations. In 1902, Swedish explorer Otto Nordenskjöld was forced to spend two winters on the Weddell Sea, and the main expedition hut built on Snow Hill Island still stands. The area is also central to Ernest Shackleton's well-known expedition when the *Endurance* became trapped in the ice. In addition to ice-watching opportunities, the area is also rich in wildlife, geology and palaeontology. We hope to see ice seals such as crabeater and leopard seals. On the shores, you can scour for ancient fossils of gastropods, large clams and spiral-shaped ammonites.

HIGHLIGHTS

- Hear tall tales of heroic exploration, tragedy and triumph in the Weddell region
- With favourable conditions, we hope to spend more time in the Weddell Sea region than on any other of our voyages
- Be awestruck by the array of wildlife that hunt and play in the Antarctic Sound

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Snorkelling
-  Scuba Diving
-  Paddling

*Optional activities available on select voyages, at additional cost.

Crabeater seals on floating ice, Weddell Sea, Antarctica © M Baynes

Itinerary Overview

DAY 1 Arrive in Ushuaia and transfer to your hotel.

DAY 2 Embark in Ushuaia.

DAYS 3–4 Drake Passage crossing.

DAYS 5–11 A voyage to the Antarctic Peninsula is by its very nature a genuine adventure, but to venture to the Weddell Sea region, located on the wild eastern side of the peninsula, is turning up the dial a few notches. The Weddell Gyre pushes enormous amounts of ice from the Filchner-Ronne Ice Shelf up towards the area near the Antarctic Sound, blocking the entrance to the Weddell Sea. While a considerable aspect of a voyage to the Weddell Sea is the thrill of not knowing if the ice will allow us to enter its frozen realm, a visit to the region still has numerous rewards.

Gigantic icebergs, the size of skyscrapers, dwarf our Zodiacs as we attempt to push through seemingly impenetrable sea ice to land on remote beaches where ancient fossils can be found. The wildlife we may encounter in the Weddell Sea region makes the attempt worthwhile. The abundant ice attracts ice seals, such as crabeater, leopard and Weddell seals, which all breed and birth on sea ice. Large numbers of orca, minke and humpback whales are also commonly seen here.

DAYS 12–13 Drake Passage crossing.

DAY 14 Disembark in Ushuaia and continue your journey.

[You can view the full itinerary on our website.](#)

Dates

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage

Add Easter Island

Easter Island, or Rapa Nui, is a UNESCO World Heritage Site, national park and one of the remotest inhabited islands on the planet. Spend time exploring the island and experience its famous archaeological sites. For more information, visit our website.

Weddell seal in the snow, Mikkelsen Harbour, Antarctica © K McLachlan

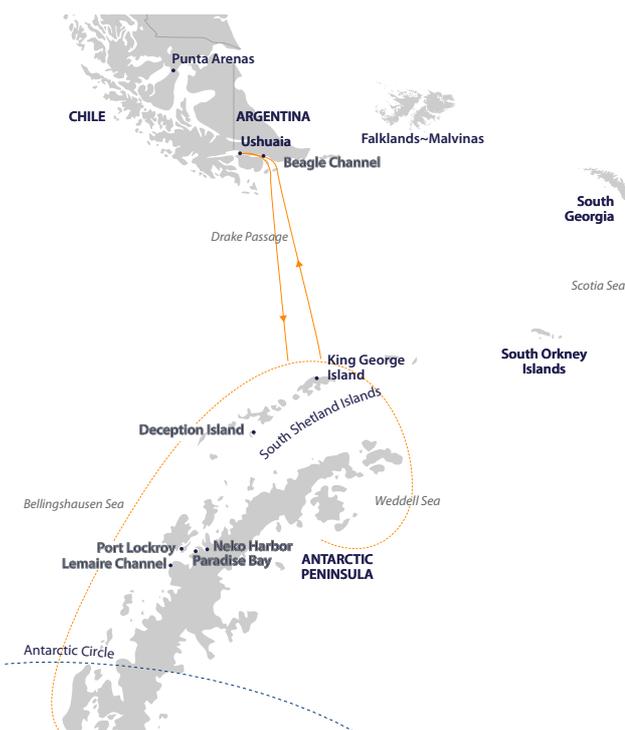

Circle and Weddell

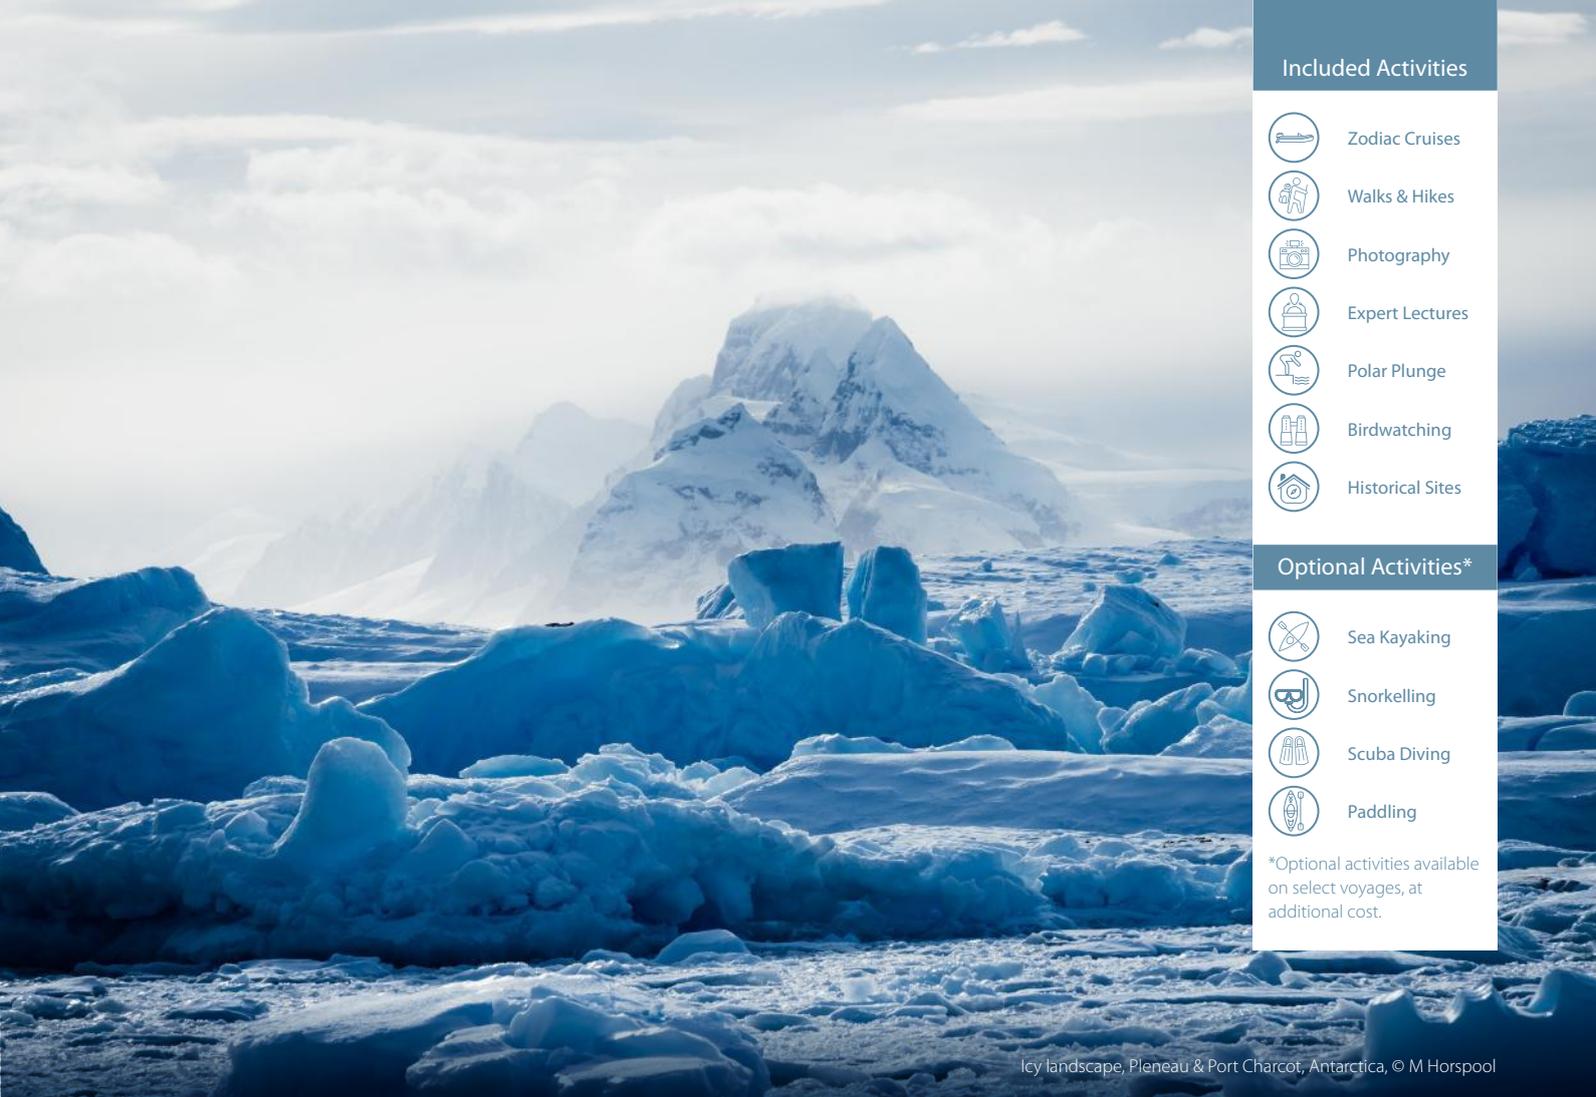

Antarctic Peninsula, Antarctic Circle, Weddell Sea | 18 Days

Antarctic adventurers can aim to tick two boxes off their must-do list on this voyage, where they have the opportunity to visit regions in Antarctica that most people will never experience, not even among those who have been to Antarctica – below the Antarctic Circle and attempting to forge a path through the ice in the Weddell Sea. As you venture south on the western side of the Antarctic Peninsula, passing spectacular, towering cliffs and glittering icebergs, there is a chance you may see Adélie penguins and ice seals such as leopard and crabeater seals resting on ice floes. In the Weddell Sea, and under favourable weather and sea ice conditions, be prepared to encounter an unimaginably spectacular world of icy landscapes. It is an icy realm that few have been fortunate to experience.

HIGHLIGHTS

- Raise a toast to celebrate crossing the Antarctic Circle (weather and conditions permitting)
- Marvel at some of the most dazzling icy landscapes on the Peninsula as we forge our way south to the Antarctic Circle
- With favourable weather and conditions, we hope to explore the mind-blowing, icy realm of the Weddell Sea
- We hope to encounter unique ice seals lounging on sea ice

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Snorkelling
-  Scuba Diving
-  Paddling

*Optional activities available on select voyages, at additional cost.

Icy landscape, Pleneau & Port Charcot, Antarctica, © M Horspool

Itinerary Overview

DAY 1 Arrive in Ushuaia and transfer to your hotel.

DAY 2 Embark in Ushuaia.

DAYS 3–4 Drake Passage crossing.

DAYS 5–15 To be part of a voyage that attempts to explore the remotest and wildest parts of this region on the planet, gives you more than basic bragging rights. Venturing below the Antarctic Circle, an imaginary line at latitude of 66° 33' south, is a chance to enter a different world that is rarely seen. It feels more isolated and distant than farther north, with great swathes of pack ice and dreamlike icebergs. Thread through pack ice and narrow channels where scenes of ice-clad mountains, whales fattening up on krill, leopard seals patrolling the waters for vulnerable penguins, and snow petrels soaring above, abound. Join an exclusive group of adventurers as we raise a glass to toast our arrival below the Antarctic Circle.

As we return north, we make our way to the Weddell Sea, where we plan to visit some of our favourite places around the Antarctic Peninsula. We explore coastlines by Zodiac, landing on beaches where fur seals frolic and fledging penguins take to the waters for the first time. As we approach Antarctic Sound, gateway to the Weddell Sea, we hope for favourable weather and ice conditions to grant our good ship entry to its frozen realm.

The Weddell Gyre pushes enormous amounts of ice up towards the area near the Antarctic Sound, blocking the entrance to the Weddell Sea, but a visit to the region still has its rewards.

We hope to gaze upon gigantic tabular icebergs the size of skyscrapers as we attempt to push through seemingly impenetrable sea ice in our Zodiacs to land on a beach, where ancient fossils can be found. The wildlife we hope to encounter in the Weddell Sea region makes the attempt worthwhile. The abundant ice attracts ice seals such as crabeater, leopard and Weddell seals, which all breed and birth on sea ice. Large numbers of orca, minke and humpback whales are also commonly seen here.

DAYS 16–17 Drake Passage crossing.

DAY 18 Disembark in Ushuaia.

You can view the full itinerary on our website.

Itinerary Overview

DAY 1 Arrive in Ushuaia and transfer to your hotel.

DAY 2 After a short sightseeing tour, embark in the afternoon.

DAYS 3–4 Cross the Drake Passage. On the afternoon of Day 4 we hope to land in the South Shetland Islands.

DAYS 5–10 You will be mesmerised by the white continent. As you thread through pack ice and narrow channels, scenes of ice-clad mountains and abundant wildlife in its natural habitat will be etched into your memory for years to come. See penguins moulting and juveniles contemplating their first venture into the ocean. Zodiac-cruise amid iridescent grounded bergs, watching for whale blows from humpbacks, minke and orca. Kayakers – prepare for an unforgettable experience amid the ice. Raise a toast to mark the occasion as you join the privileged group of adventurers to cross 66° 33' south, below the Antarctic Circle.

DAYS 11–12 At sea.

DAYS 13–17 You will be captivated by South Georgia's breathtaking scenes: jaw-dropping mountain landscapes and vast king penguin colonies. Zodiac-cruise through bays filled with playful fur seal pups and land on pebbly beaches to meet wallowing elephant seals. Learn of Shackleton's epic voyage of survival, which ended with a dramatic traverse of South Georgia.

DAYS 18–20 At sea.

DAY 21 The barren and windswept islands of the Falklands~Malvinas are true wildlife havens sheltering an impressive diversity of birdlife, including the largest black-browed albatross colony on earth.

DAY 22 At sea.

DAY 23 Disembark in Ushuaia.

You can view the full itinerary on our website.

South Georgia & Antarctic Odyssey featuring South Sandwich Islands

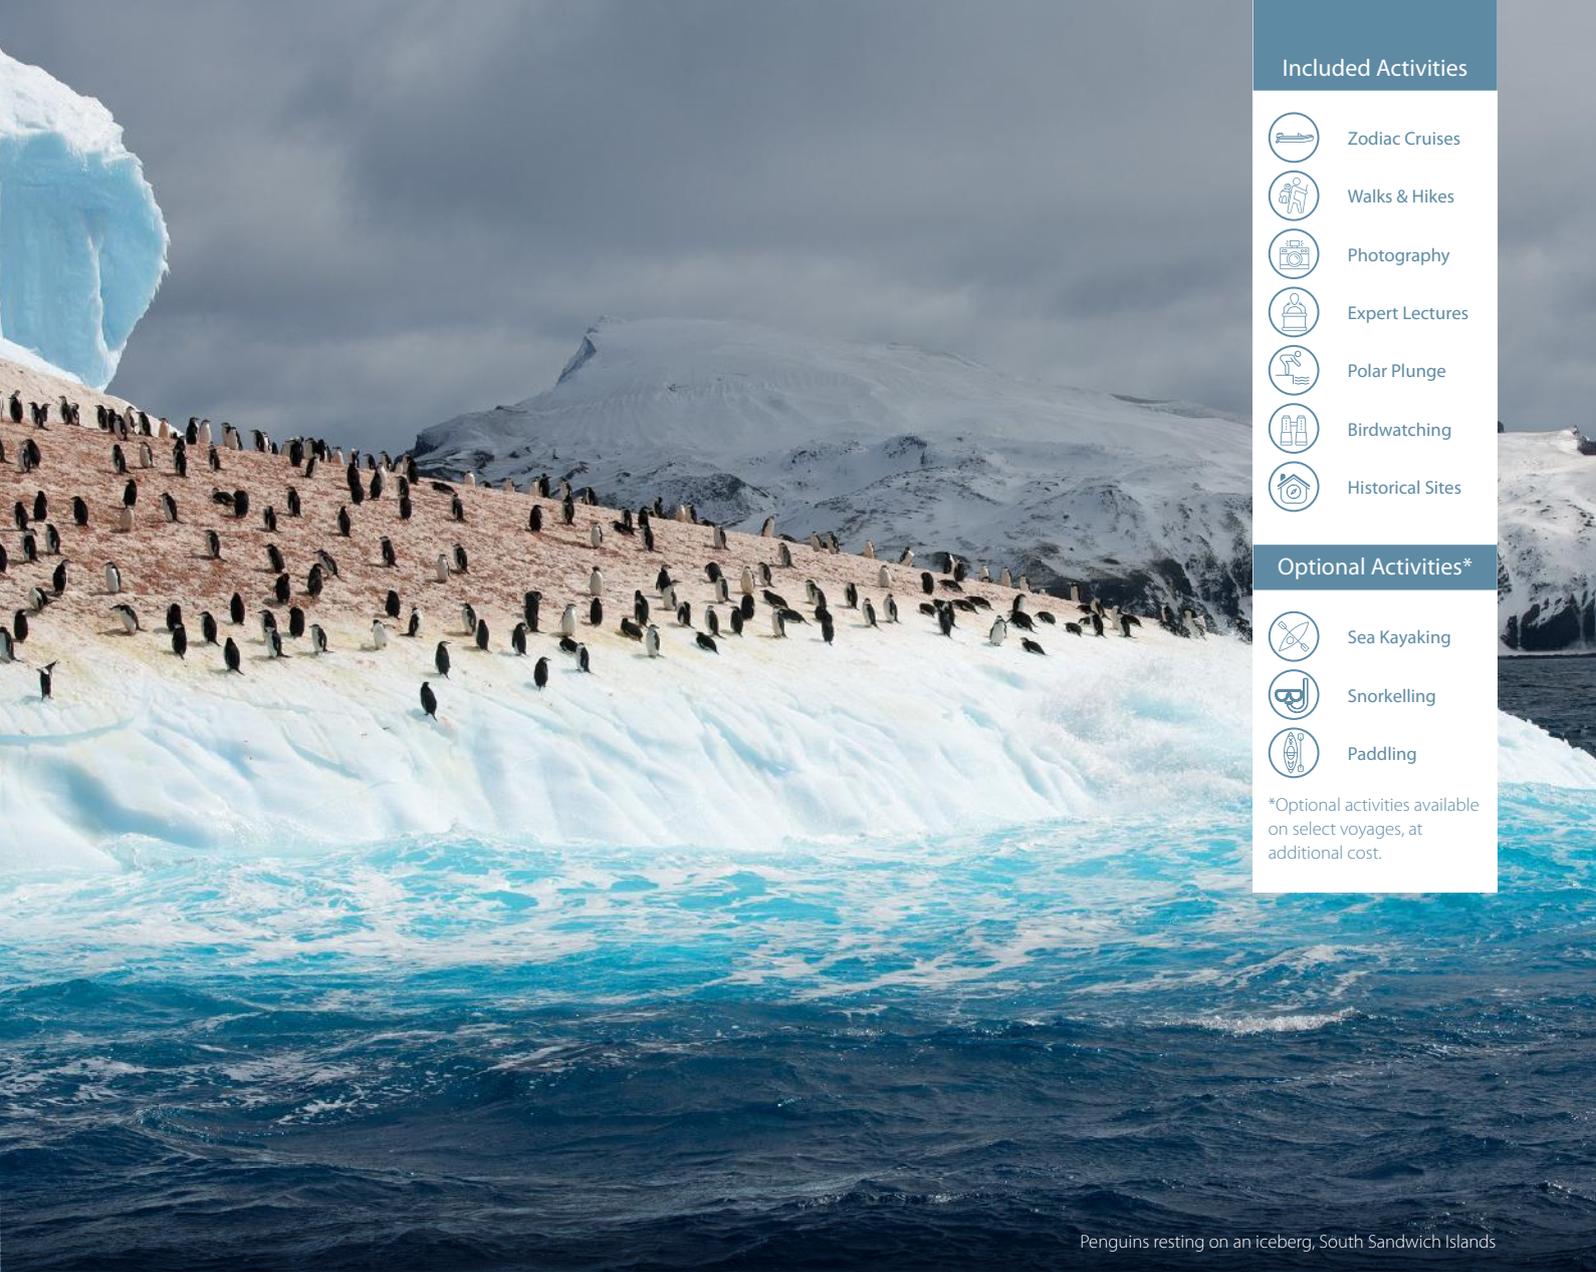

Falklands~Malvinas, South Georgia, South Sandwich Islands | 24 Days

On this epic voyage, not only will you explore the famed white continent, enjoy two days discovering the Falklands~Malvinas, encounter the wildlife haven in South Georgia, you will also sail to the South Sandwich Islands, a chain of seldom-visited volcanic islands located 740 kilometres south-east of South Georgia. Simply reaching these wild, far-flung islands is an adventure in itself.

HIGHLIGHTS

- Experience the magnificent wildlife and hear tales of the fascinating history of South Georgia
- Spend two days discovering the rich history and birdlife in the Falklands~Malvinas
- Become one of the very few to reach the South Sandwich Islands – a corner of the world rarely visited by travellers

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Snorkelling
-  Paddling

*Optional activities available on select voyages, at additional cost.

Penguins resting on an iceberg, South Sandwich Islands

Itinerary Overview

DAYS 1–2 Enjoy a night in Ushuaia before sailing across the South Atlantic Ocean on Day 2 towards the Falklands~Malvinas.

DAY 3 Spot seabirds and learn about the local history and wildlife with presentations from our expert team.

DAYS 4–5 Discover the windswept coastlines and charismatic wildlife of the Falklands~Malvinas, home to Magellanic and rockhopper penguins, sea lions and fascinating history.

DAYS 6–7 Sea days are great for attending lectures, photographing seabirds or simply enjoying the onboard facilities.

DAYS 8–11 Marvel at truly incredible scenes of enormous king penguin colonies, beach-bound fur seals jostling for space, and jaw-dropping mountain landscapes in South Georgia.

DAYS 12–13 Reflect with new-found friends on your journey so far and learn about exciting destinations yet to come.

DAYS 14–15 Discover the wild and remote volcanic South Sandwich Islands, some of which are still active. Simply reaching these islands is an adventure in itself.

DAYS 16–17 Keep an eye out for your first iceberg and soaring seabirds as we sail towards the Antarctic Peninsula.

DAYS 18–21 Be mesmerised by the white continent. Experience

Antarctica at its liveliest, with whales feeding, seals on ice and penguin chicks feeding and growing rapidly. Zodiac-cruise amid iridescent grounded bergs, watching for whale blows from humpbacks, minkes and orcas. Kayakers – prepare for an unforgettable experience amid the ice. Take a deep breath and draw in some of the freshest air on earth.

DAYS 22–23 Enjoy a morning landing in Antarctica before commencing our crossing of the Drake Passage. Swap photos with your fellow expeditioners or simply relax after a busy and truly unforgettable voyage to the Antarctic.

DAY 24 After breakfast, bid farewell to new friends before disembarking in Ushuaia where your voyage ends.

You can view the full itinerary on our website.

Falklands, South Georgia & Antarctic Peninsula

Antarctic Peninsula, South Georgia, Falklands~Malvinas | 21 Days

This epic voyage takes you on a journey beyond comparison, visiting enigmatic subantarctic islands and the Antarctic Peninsula. Similar to the South Georgia and Antarctic Odyssey – but with additional time in the Falklands~Malvinas to discover the fascinating history of the islands and encounter the spectacular birdlife found there. Delight in the presence of South Georgia’s king penguin colonies, some of the largest on earth. Immerse yourself in the serene grandeur of the Antarctic Peninsula as you embrace the true spirit of exploration and adventure.

HIGHLIGHTS

- Photograph nesting black-browed albatross and spot elusive macaroni penguins in the Falklands~Malvinas
- Watch as penguin couples take turns incubating their precious eggs
- Witness elephant seals in their natural habitat, including freshly weaned pups
- Soak up the rich history with extra time in the Falklands~Malvinas

King penguins marching, South Georgia

Add Alpine Trekking

Led by experienced guides, come face to face with mighty mountain peaks, glacier crossings and perhaps attempt ice climbing on the continent known for its frozen splendour.

Group of king penguins, Falkland Islands

Falkland Islands and Antarctic Peninsula

Falklands~Malvinas, Antarctic Peninsula | 16 Days

A wildlife hotspot and paradise for birders, the Falkland~Malvinas is often a stop on a longer itinerary to the Antarctic. We enjoy an in-depth, five-day exploration of the Falkland Islands~Islas Malvinas. In the islands' capital, Stanley, we delve into the history of the islands. Black-browed albatross, Magellanic and gentoo penguins are laying eggs, and elephant seals are giving birth and suckling pups.

Experience the Antarctic Peninsula in mid-spring when it is at its most pristine and ideal for landscape photography. Zodiac-cruise through a maze of sea ice, tread on freshly fallen snow and witness penguins as they court, mate and sit on their nests.

HIGHLIGHTS

- We aim to encounter black-browed albatross that breed in the Falklands~Malvinas in exceptionally high numbers
- More time in the Falklands~Malvinas means more opportunities to search for wildlife including southern rockhopper penguins, southern sea lions and South American fur seals

Wandering albatross with wings spread, Falklands~Malvinas © D. Jew

-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Snowshoeing
-  Ski & Snowboard Touring
-  Camping
-  Paddling

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in Santiago for an overnight stay.

DAY 2 We fly to Stanley, Falkland Islands~Islas Malvinas, where we board the ship.

DAYS 3–5 An archipelago of some 740 islands in the South Atlantic Ocean, the Falklands~Malvinas is a wildlife hotspot that attracts discerning adventurers, particularly birdwatchers, from around the world. There are 63 breeding species and 23 annual migrants. The black-browed albatross breeds here in large colonies and another six species have been seen offshore. If seeing penguins is high on your wish list, there are no less than six species of breeding penguins found in the Falklands~Malvinas that we hope to see. The landscape offers mountain ranges, rolling moorlands, flat plains, rugged coastlines battered and shaped by the wild Atlantic Ocean, sandy beaches and flat-faced cliffs. A tall, native tussock grass that is mostly found near the coast provides an important habitat for many birds and shelter for some seals.

In this remote wilderness, nature determines what we are able to do and see. Your Expedition Team will draw on their deep experience to curate your day-to-day 'itinerary' and share their knowledge of the wildlife, natural environment and rich history of the region with tales of early exploration and exploits.

DAYS 6–7 At sea.

DAYS 8–13 Join a privileged group of adventurers to visit Antarctica, a true final frontier. Explore the Antarctic Peninsula and be dazzled by the icy landscapes of glaciers, icebergs and towering mountains. Witness unique wildlife that thrive nowhere else but in this stark, desolate and unimaginably beautiful environment. Penguins court and mate, and ice seals breed on ice, as our Zodiacs gently forge a path through sea ice to take you ashore for walks along beaches where the wildlife is equally curious about you as you are about them. Make sure your cameras are fully charged, they will be snapping nonstop.

DAYS 14–15 Drake Passage crossing.

DAY 16 Disembark in Ushuaia.

[You can view the full itinerary on our website](#)

Subantarctic Safari

Falklands~Malvinas and South Georgia | 17 Days

Steeped in history, the Falklands~Malvinas is a delight for bird lovers. Discover an incredible diversity of charismatic penguin species including king, macaroni, rockhopper, Magellanic and gentoo. Watch as black-browed albatross wheel overhead, with approximately 65 per cent of their global population returning to the precipitous, craggy bluffs of the Falklands~Malvinas to breed. In South Georgia, jagged peaks and glaciers create a breathtaking backdrop for beaches crowded with elephant and fur seals, and countless penguins.

HIGHLIGHTS

- Photograph the exceptional bird life in the Falklands~Malvinas
- Whether it be from the ship, from the Zodiacs or walking on shore, seeing the sheer concentration of wildlife packed onto South Georgia's beaches is an unforgettable experience
- Trace the history of Sir Ernest Shackleton's perilous journey across South Georgia, and, if conditions allow, follow in his footsteps from Fortuna Bay to Stromness
- With extra time in the Falklands~Malvinas, delight in wildlife encounters and learn of the region's rich history

Black-browed albatross, Falklands~Malvinas

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Snorkelling
-  Shackleton's Crossing

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in Santiago and transfer to your hotel.

DAY 2 Fly to Stanley for embarkation.

DAYS 3–6 The Falklands~Malvinas attracts wildlife enthusiasts, birdwatchers and those keen to learn of the island's history. Late spring sees most penguin species and black-browed albatross incubating their eggs. King penguin chicks from the previous year moult and return to sea, while elephant seals mate. It is a marvellous time for wildlife photography.

DAYS 7–8 At sea.

DAYS 9–13 In South Georgia, witness a wildlife spectacle on the grandest scale. See firsthand some of the world's largest king penguin colonies. Watch where you tread as you walk along action-packed beaches crammed with elephant seals, while fur seals start to give birth and penguins tend to their nests. Take unforgettable hikes, see old whaling stations and relics and learn of Shackleton's epic rescue journey. The pristine landscape is ideal for photography.

DAYS 14–16 At sea.

DAY 17 Disembark in Ushuaia.

You can view the full itinerary on our website.

Dates

Santiago/Ushuaia	17 Days	04 Nov '22 – 20 Nov '22	FLK041122S	Fly/Sail

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle

Add Shackleton's Crossing

Immerse yourself in the story of Sir Ernest Shackleton's dramatic journey of survival by retracing his remarkable traverse of South Georgia. Trek for up to three days across South Georgia from King Haakon Bay to Fortuna Bay.

The Arctic

- Iceland • Jan Mayen • Svalbard
- Greenland • Canadian Arctic

“What a memorable holiday! The Expedition Team members and crew ensured we all individually and collectively had our needs, wants and desires catered for... right down to getting the right angle in the Zodiacs for taking photographs. A month after the expedition and I am still left with a feeling of euphoria whenever I recall the natural wonders I witnessed... glaciers calving, puffins, polar bears, 1.00 am sunrises, gentle, soft snow on the deck and an ocean of ice! So much more to say, words are inadequate compared to my memories and feelings. Thank you to the whole team.”

— **Sandra A**

Polar bear on sea ice © H Krajewsky

Svalbard Odyssey

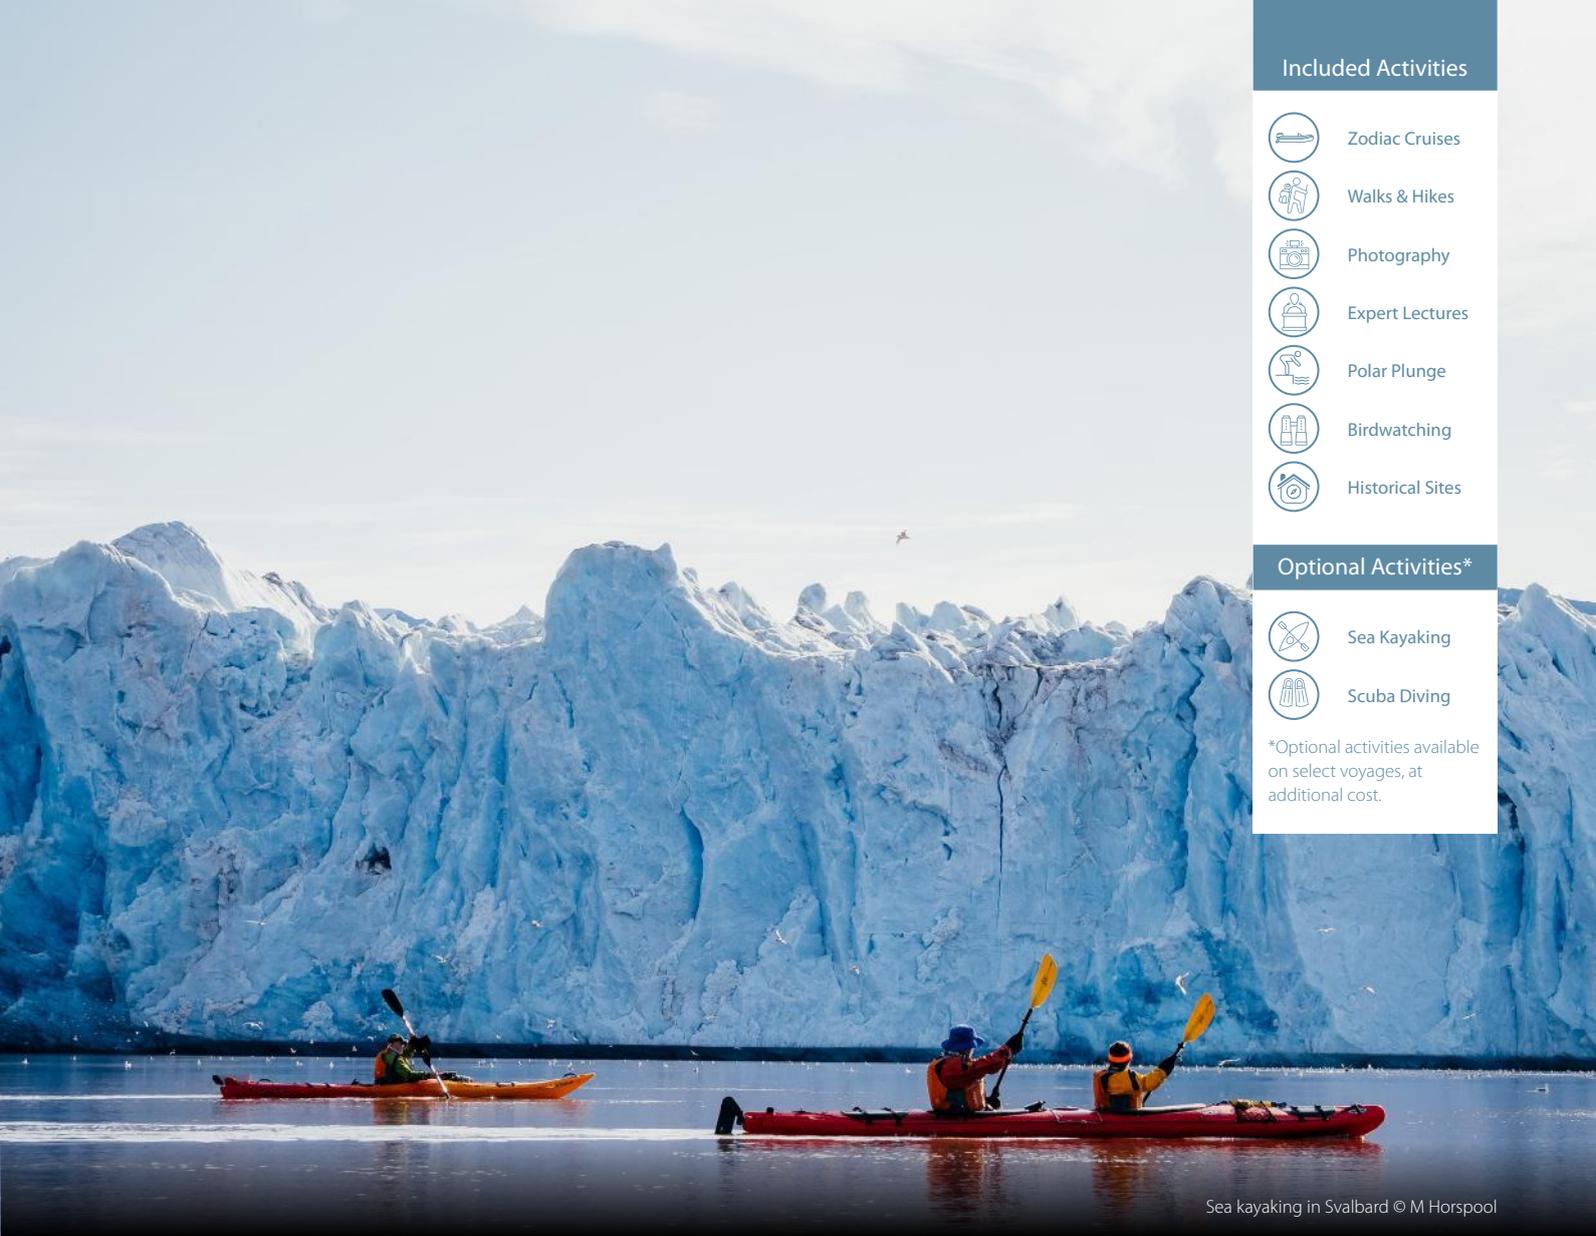

Svalbard Archipelago | 12 Days

Enjoy the best of Svalbard, a world of near-endless daylight during summer, where polar bear sightings quicken your pulse, guillemot cries echo from towering cliffs, and beluga whales beguile those lucky to glimpse them. Explore tundra adorned with wildflowers, keep watch for arctic foxes and discover historical camps of explorers and hunters. Push through pack ice to find walrus and bearded seals and delight in the breathtakingly beautiful fjords.

HIGHLIGHTS

- Venture close to 80° north in search of polar bears hunting on pack ice
- Discover the thrill of seeing walrus, seals, whales, reindeer, arctic foxes, guillemots and puffins
- Sail across blue glacier fronts and through spectacular fjords
- Enjoy tundra hikes amid stunning scenery

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Scuba Diving

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in Longyearbyen and transfer to your hotel.

DAY 2 Embark in Longyearbyen.

DAYS 3–11 Svalbard offers arctic wilderness at its best.

Phenomenal fjords, magnificent mountain ranges and a polar desert rich in fossils set the stage for heroic tales of early exploration. Stretch your legs on walks across tundra that is ablaze with colourful wildflowers. In our trusty Zodiacs, we visit towering cliffs noisy with nesting guillemots and puffins, and witness scree slopes that hold Svalbard’s largest little auk colonies. Most memorable are encounters with the majestic polar bear on pack ice. Your Expedition Team is just as keen as you are to find these powerful and majestic giants of the Arctic – they will be on constant watch to spot these inspiring creatures.

DAY 12 Disembark in Longyearbyen.

You can view the full itinerary on our website.

Svalbard in Depth

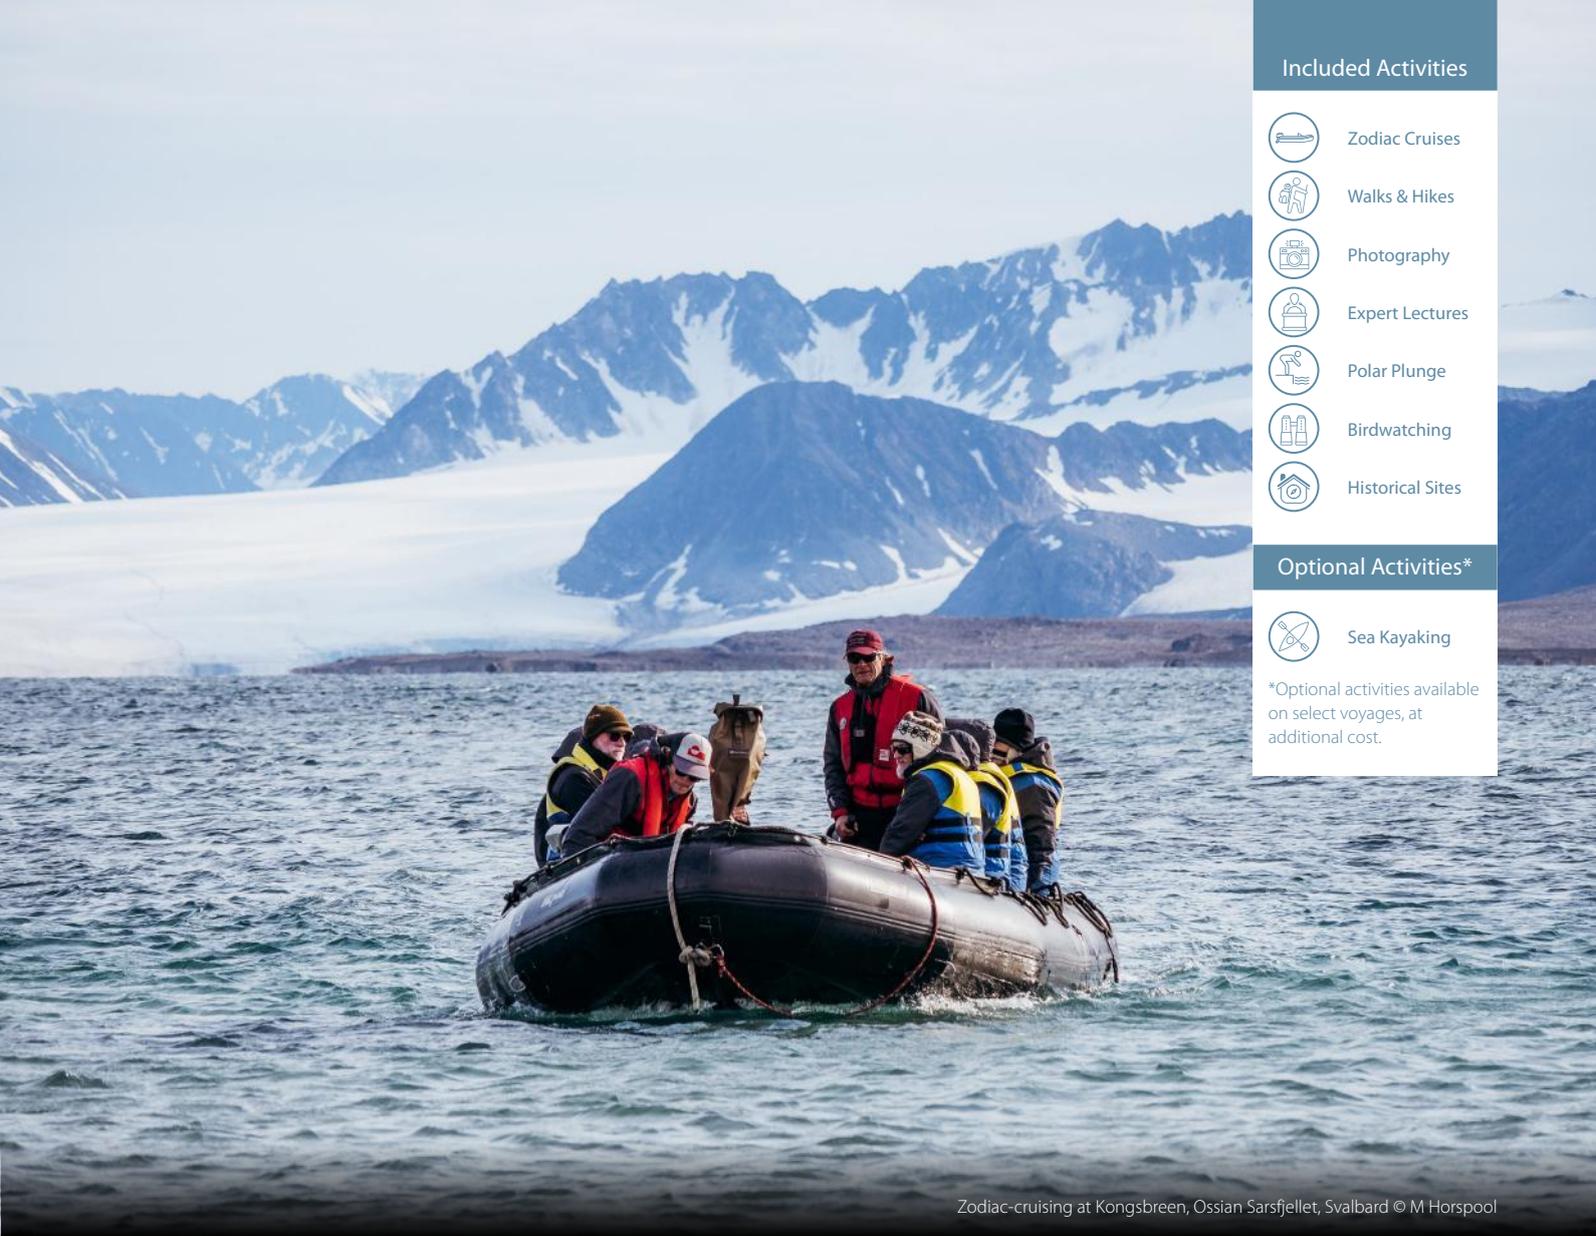

Svalbard Archipelago | 15 Days

On this extended exploration of the Svalbard archipelago, there is ample time to enjoy the best of this magical region, home to two arctic giants – the majestic polar bear and beguiling walrus. With extra time for exploration, we attempt to circumnavigate Spitsbergen Island to show you some of our favourite places and perhaps discover some new favourites. Be dazzled by jaw-dropping icy landscapes and hope for unforgettable wildlife encounters.

HIGHLIGHTS

- Attempt to circumnavigate Spitsbergen
- Extra time for deeper and genuine expeditionary exploration
- Thrill in the anticipation of perhaps seeing polar bear on pack ice and other mesmerising wildlife including walrus, seals, whales, reindeer, arctic foxes, guillemots and puffins
- Hike among tundra amid exceptional scenery

-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in Longyearbyen and transfer to our group hotel.

DAY 2 Embarkation day.

DAYS 3–14 Svalbard offers arctic wilderness at its best – phenomenal fjords, magnificent mountain ranges and a polar desert rich in fossils set the stage for heroic tales of early exploration. With extra time to explore Svalbard archipelago, we have the opportunity to attempt a circumnavigation of Spitsbergen, if conditions allow. We may also explore Svalbard’s second largest island, Nordaustlandet – a polar desert rich in geological wonders. Nordaustlandet features the most northerly point of the Svalbard archipelago (and Norway), and is home to a large colony of walrus and often frequented by roaming polar bears. Stretch your legs on walks across tundra that is ablaze with wildflowers. In our trusty Zodiacs, we visit towering cliffs noisy with nesting guillemots and puffins, and we witness scree slopes that hold Svalbard’s largest little auk colonies. Most memorable are encounters with the majestic polar bear on pack ice. Your Expedition Team is just as keen as you are to find these powerful and majestic giants and will be constant watch to try to find them.

DAY 15 Disembark in Longyearbyen.

You can view the full itinerary on our website.

Add A Taste of Oslo

Extend your time in the ever-growing metropolis of Oslo, where it is possible to experience a unique blend of nature and urban living. Located on Oslo Fjord, the city boasts a mountainous landscape, rich culture and outdoor activities.

Dates

Jewels of the Arctic

Svalbard & East Greenland | 15 Days

Search for Svalbard's enigmatic wildlife before exploring the east coast of Greenland, a land of grand superlatives, before concluding your voyage in Iceland. Cruise among spectacular icebergs while spotting seabirds and keeping watch for wallowing walrus. Visit Ittoqqortoormiit, one of the most remote settlements on earth, and perhaps take the option of kayaking or scuba diving (additional cost). Hike through the arctic tundra, keeping an eye out for the local wildlife, including musk oxen, seals, whales and the elusive arctic fox.

HIGHLIGHTS

- The wildlife of the Arctic – chance to encounter musk oxen and perhaps polar bears, arctic foxes or arctic hares
- Visit the world's largest national park in northeast Greenland, and the world's largest fjord system, Scoresbysund
- Visit Ittoqqortoormiit, one of the world's most remote settlements

Expeditioners spot a musk ox during a hike © M Horspool

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Scuba Diving
-  Rock Climbing

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in Longyearbyen and transfer to your hotel.

DAY 2 Embark in Longyearbyen.

DAYS 3–5 In Svalbard, venture ashore for hikes on lush tundra among the flowers and observe remarkable bird cliffs. Keep watch for walrus swimming or out on the beach. If conditions allow, we may push north to the edge of the pack ice in the hope of finding polar bears ranging over the frozen landscape, hunting for seals.

DAYS 6–7 At sea.

DAYS 8–13 In East Greenland, we plan to visit Kong Oscar and Kaiser Franz Joseph fjords and we aim to reach Scoresbysund, the world's largest fjord system and birthplace of countless icebergs of stunning geometric shapes and sizes. We hope to visit the remote Inuit community of Ittoqqortoormiit. Keep watch for musk oxen, arctic hare and seals.

DAY 14 At sea.

DAY 15 Disembark in Reykjavik.

You can view the full itinerary on our website.

Add Scuba Diving

Dive below the surface of the sea and discover the hidden wonders of the underwater world.

Walrus lying on an ice floe, Greenland © A Duncan

Arctic Complete

East Greenland & Svalbard | From 24 Days

Combining a deep exploration of Svalbard with Greenland's remote east coast, Arctic Complete offers the ultimate European Arctic adventure. High above the Arctic Circle, discover Svalbard's glaciers and abandoned settlements before heading north into the pack ice in search of polar bears and wallowing walrus. We cross the Greenland Sea to discover the world's largest national park as well as the world's largest fjord system at Scoresbysund.

HIGHLIGHTS

- Sail past Spitsbergen's narrow, sheltered waterways and fjords
- Venture close to 80° north looking for polar bears on the pack ice
- Listen to the orchestra of Greenland's famous ice singing as it pops, hisses, cracks and calves
- Delight in a variety of diverse terrain: ice caps, polar desert, alpine ranges and colourful tundra

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Scuba Diving
-  Rock Climbing

Hiking across tundra in Greenland © M Baynes

Itinerary Overview

DAY 1 Arrive in Reykjavik and transfer to your hotel.

DAY 2 Embarkation day.

DAY 3 At sea.

DAYS 4–9 In East Greenland we plan to visit Kaiser Franz Joseph and Kong Oscar fjords and aim to reach Scoresbysund, the world’s largest fjord system – birthplace of stunning icebergs. We hope to visit the remote Inuit community of Ittoqqortoormiit. Keep watch for musk oxen, arctic hares and seals.

DAYS 10–11 At sea.

DAYS 12–23 Svalbard offers unspoiled, raw arctic wilderness at its best. Our goal is to encounter the majestic polar bear on pack ice, and our Expedition Team is constantly on the lookout for these regal creatures. Enjoy breathtaking views of sweeping glaciers forging their way down to the sea. Hike in mountains and across tundra where colourful wildflowers grow and where reindeer graze.

DAY 24 Disembark in Longyearbyen.

You can view the full itinerary on our website.

Greenland Odyssey

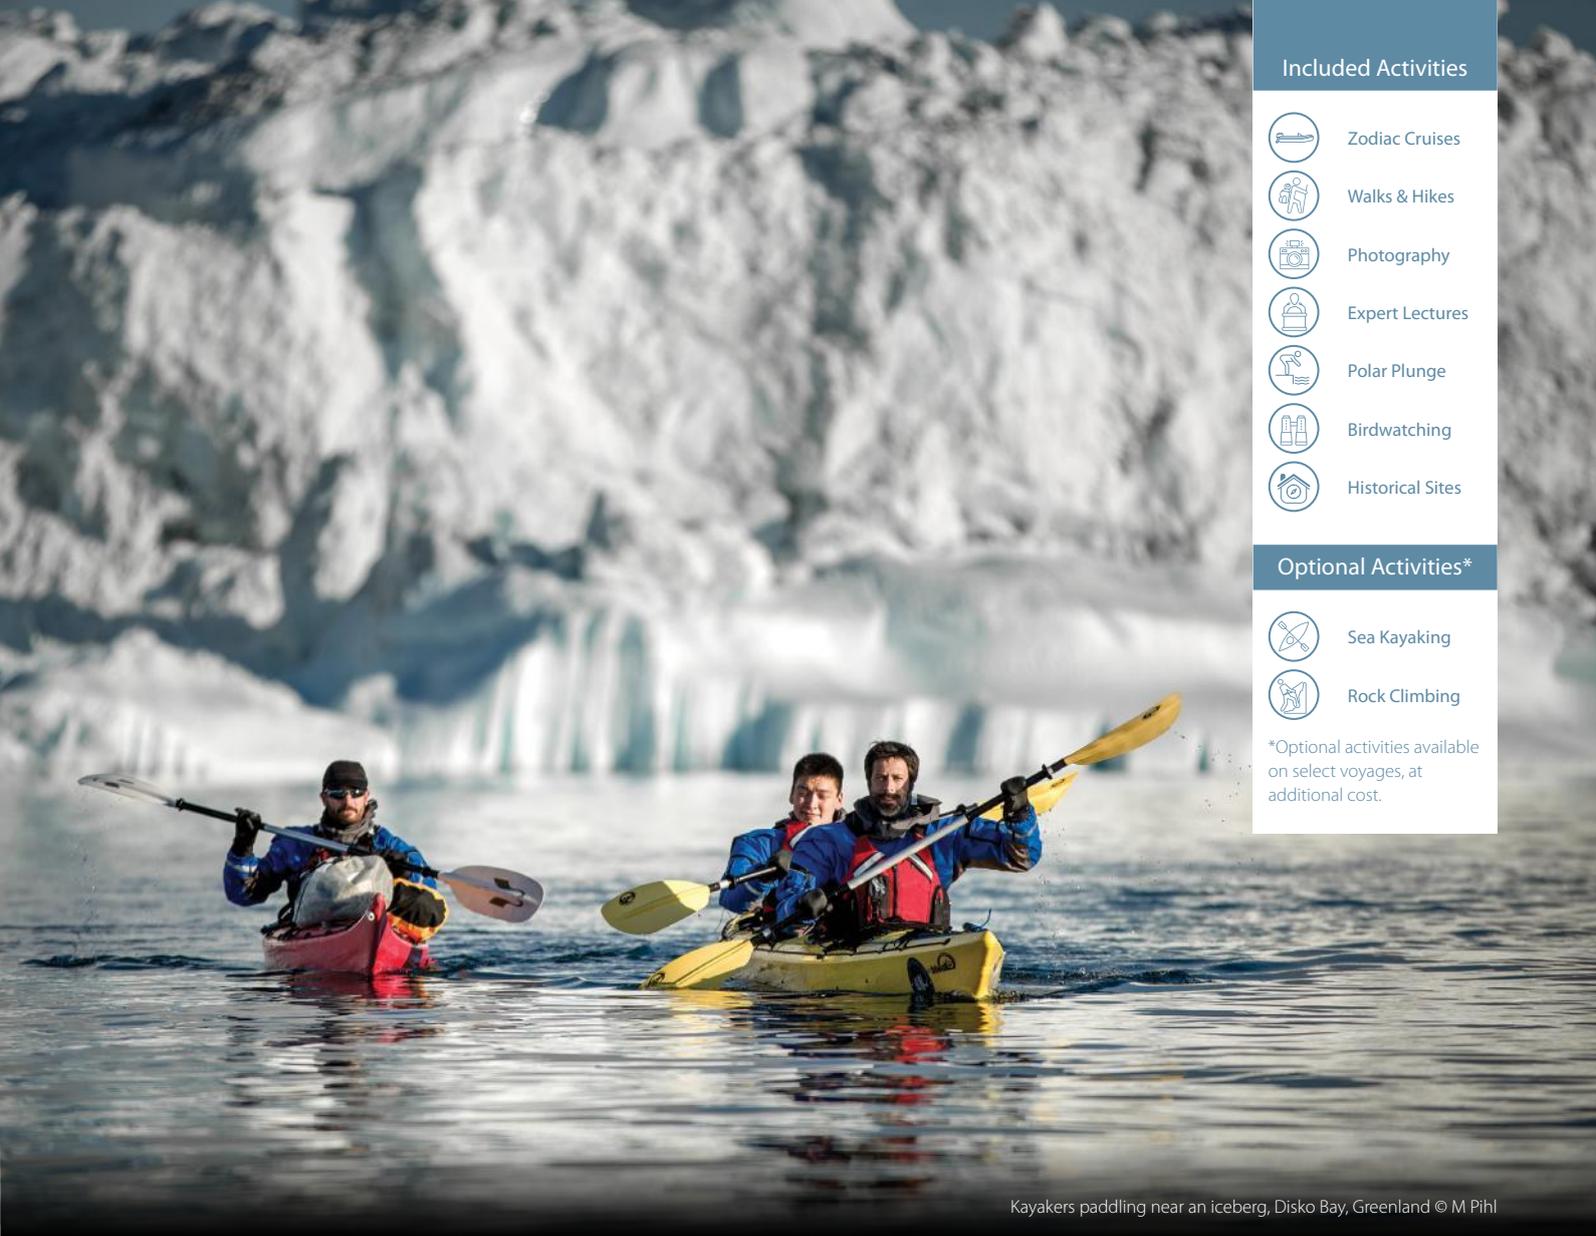

Greenland | 17 Days

Experience the enormity of Greenland – the world’s largest island. In East Greenland, discover the fascinating geology of the Skaergaard Intrusion, enjoy Zodiac cruises among icebergs and hike through tundra. In south Greenland, sail Prince Christian Sound, flanked by imposing mountains, where the Viking ruins of Erik the Red still stand. In West Greenland, we experience the nation’s capital, Nuuk, and UNESCO-listed Ilulissat Icefjord, the largest ice cap in the northern hemisphere.

HIGHLIGHTS

- Explore East Greenland’s seldom-visited and iceberg-filled fjords, searching for wildlife and hiking through tundra
- Enjoy thrilling Zodiac cruises to glacier fronts, while watching for sprays from whale blowholes, and cliffs alive with bird colonies
- Explore breathtakingly beautiful Ilulissat Icefjord, a UNESCO World Heritage Site

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Rock Climbing

*Optional activities available on select voyages, at additional cost.

Kayakers paddling near an iceberg, Disko Bay, Greenland © M Pihl

Itinerary Overview

DAY 1 Arrive in Reykjavik and transfer to your hotel.

DAY 2 Embark in Reykjavik.

DAY 3 At sea.

DAYS 4–6 In East Greenland, discover some of the wildest coastal landscapes in all of Greenland and photograph icebergs of dazzling geometric shapes.

DAYS 7–9 In South Greenland, the majestic fjords and breathtaking scenery of Prince Christian Sound are sure to impress.

DAY 10 Paamiut offers spectacular views of the ice sheet.

DAY 11 Explore Greenland’s capital, Nuuk.

DAY 12 Enjoy the midnight sun in Sisimiut.

DAY 13 Hike to the UNESCO World Heritage-listed Icefjord in Ilulissat and be awed by its immensity.

DAY 14 Visit Eqi glacier, one of the most active glaciers in Greenland.

DAY 15 Marvel at Eternity Fjord, filled with countless glaciers that tumble into the sea at every turn.

DAY 16 Disembark in Kangerlussuaq and fly to Toronto.

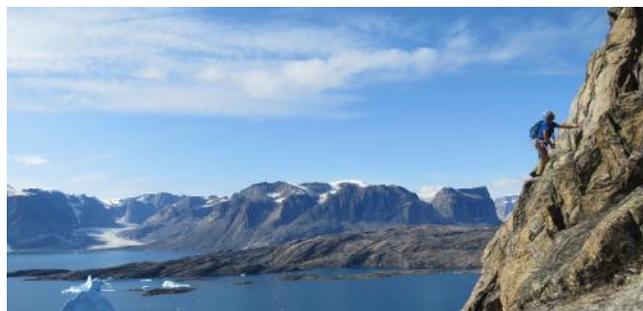

DAY 17 Depart Toronto.

You can view the full itinerary on our website.

Add Rock Climbing

To add an element of adventure, explore the rugged summits of East Greenland, scaling sheer granite cliffs in pursuit of breathtaking views of Scoresbysund’s ice-filled fjords. Experienced climbers will relish the chance to explore the rarely scaled peaks that dominate the landscape.

Kayaking at Nordvest Fjord, Eskimobugt, Scoresbysund, East Greenland © M Horspool

East Greenland Explorer

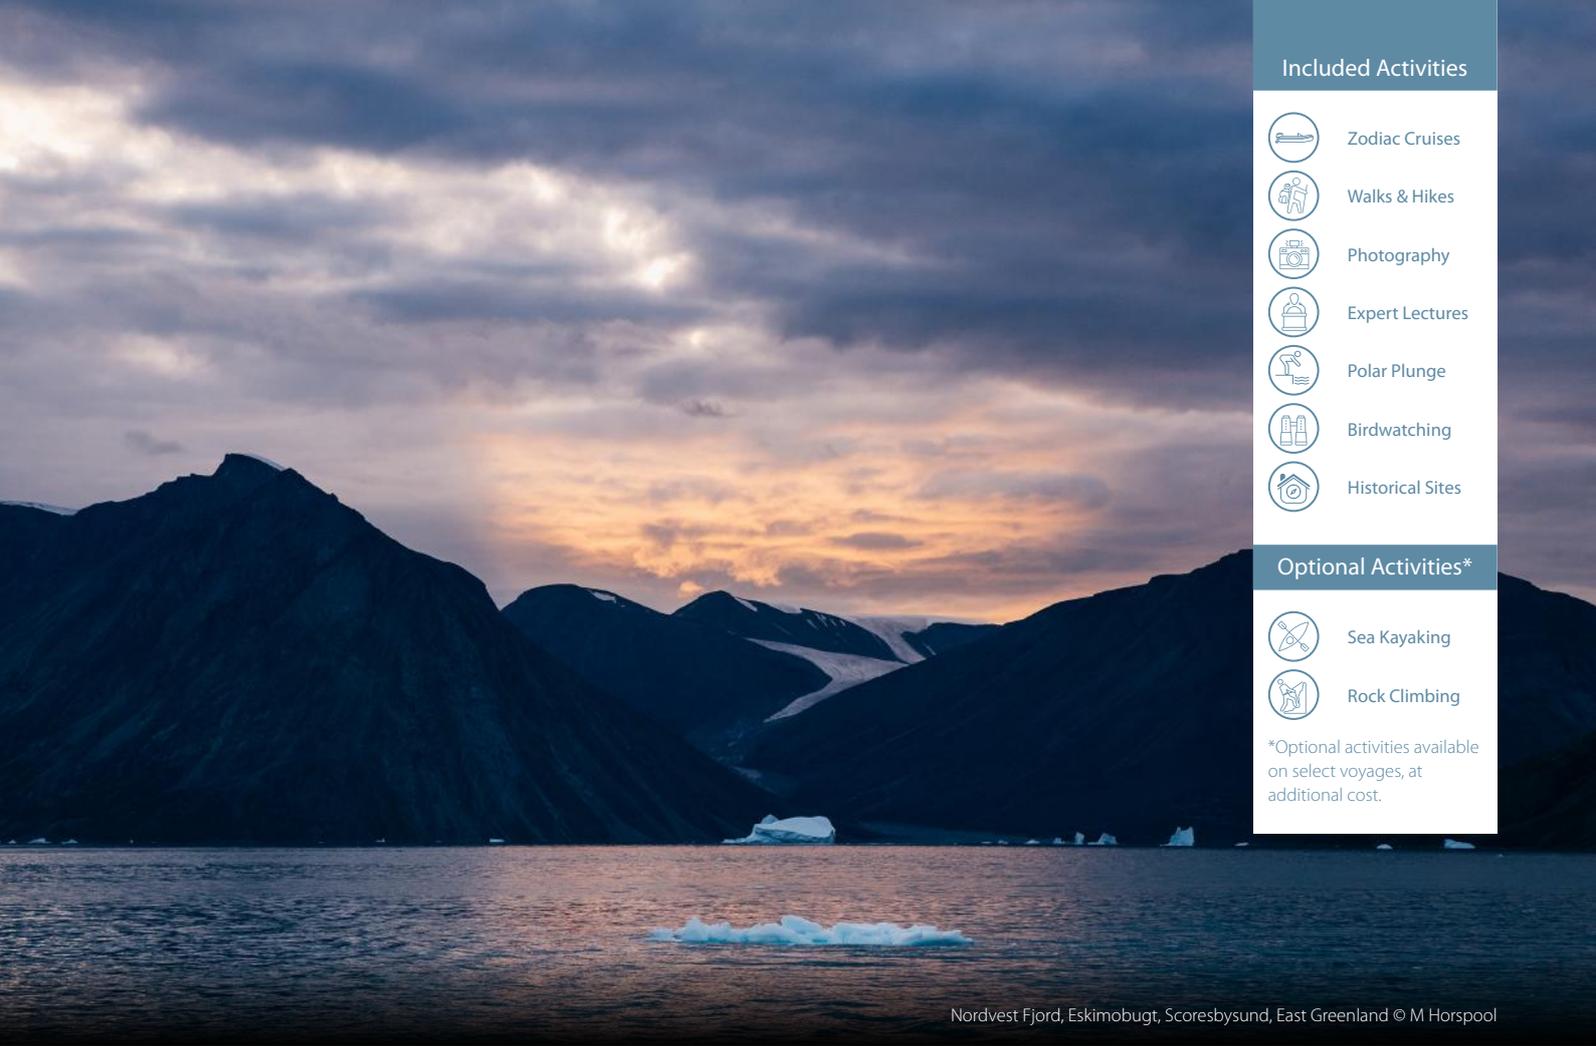

Iceland & East Greenland | 14 Days

Explore Scoresbysund, the world's largest fjord system, where dramatic cliffs soar skywards, where jagged mountain ranges sweep across the horizon and where countless glaciers forge their way to the sea. Zodiac excursions reveal steep-sided fjords filled with dazzling icebergs calved from Greenland's enormous ice cap. Keep your eyes peeled for blows and tail flukes as whales surface for air or prepare for another deep dive. On guided hikes, marvel at the brilliantly colourful sedimentary rocks created by nature's artistic hand, stride across vibrant arctic tundra, keeping a close watch for musk oxen and perhaps catch a glimpse of the elusive arctic fox.

HIGHLIGHTS

- In Zodiacs or kayaks, glide through sculptural icebergs in Scoresbysund, the world's largest fjord system
- Meet Inuit locals at Ittoqqortoormiit, the remote and northernmost inhabited settlement in Greenland
- Keep a close watch for the unmistakable blow of whales as they surface to breathe, and the unforgettable sight of a tail fluke as one takes a deep dive
- Marvel at the ancient geology of East Greenland, where mountains are painted in stripes by nature's brush and fjords are surrounded by walls of various shades of pinks, oranges and purples

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Rock Climbing

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in Reykjavik and transfer to our group hotel.

DAY 2 Embarkation day.

DAYS 3–4 Cross Denmark Strait to the remote east coast of Greenland. Sea days are ideal for listening to informative talks and presentations by our team of experts. Learn about the wildlife and history of the places we plan to visit, photograph seabirds following the ship or get to know your fellow expeditioners.

DAYS 5–11 In East Greenland, be prepared to experience ice – lots of it! East Greenland offers some of the most dramatic scenery in the Arctic. Imagine deep fjords and narrow channels flanked by soaring ice-clad mountain peaks. Marvel at gigantic icebergs sculpted into dramatic shapes, glittering in breathtaking bays. Explore Scoresbysund, the largest fjord system in the world. At Ittoqqortoormiit, experience the most isolated and northernmost permanent Inuit settlement in the region, home to some 450 inhabitants. Throughout the area are ancient Thule archaeological sites, historical trappers’ huts and modern Inuit hunters’ staterooms. North of Scoresbysund, we aim to explore Kong Oscar and Kaiser Franz Joseph fjords, two of the most significant fjords in Greenland. Adventurers listen out for the call from the Expedition Team to prepare for the polar plunge!

Wildlife abounds in this region, which is protected from ferocious arctic winds by high mountains. On hikes across colourful tundra, you might spot musk oxen, arctic foxes and perhaps arctic hares. Look skywards and you may glimpse glaucous gulls, snow

bunting, barnacle geese and eider ducks.

DAYS 12–13 As we re-enter the Denmark Strait to return to Iceland, enjoy final presentations from your Expedition Team, discover the winning shot from the photo competition and celebrate an unforgettable voyage at the Captain’s Farewell Dinner.

DAY 14 Disembark in Reykjavik.

You can view the full itinerary on our website.

Add Iceland Complete

Discover the world’s largest lava mass in Cross Eldhraun and later continue to the birthplace of icebergs: Jökulsárlón Glacier Lagoon and Skaftafell National Park. The perfect addition to your East Greenland adventure.

Dates

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage

Dyndjandi Waterfall in the Westfjords of Iceland

Iceland Circumnavigation

Iceland | 11 Days

Explore the 'Land of Ice and Fire', where snow-capped peaks rise above glaciers and active volcanoes rumble. Walk along a black-sand beach strewn with glittering bergy bits and discover geysers and fumaroles or explore spectacular fjords and impressive waterfalls, in one of the most geologically active places on earth. Our specialist naturalists and historians will reveal the Iceland below the surface – a land rich in wildlife, culture and fascinating human history.

HIGHLIGHTS

- Keep a close watch for tail flukes and the unmistakable spurts of blows as we whale-watch in Húsavík
- Explore Látrabjarg bird cliffs, the largest seabird cliffs in Europe
- Visit Vatnajökull National Park, featuring Europe's largest glacier, iceberg-speckled glacial lakes, black-sand beaches, reindeer and rich birdlife
- Discover Mjóifjörður fjord, a hidden gem cherished by locals

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Scuba Diving
-  Paddling

*Optional activities available on select voyages, at additional cost.

Atlantic puffin on a cliff, Látrabjarg cliffs, Iceland

Itinerary Overview

DAY 1 Arrive in Reykjavik and transfer to your hotel.

DAY 2 Embark in Reykjavik.

DAY 3 Stykkishólmur is the gateway to Breiðafjörður, a bay renowned for its abundant birdlife. Discover the impressive geology of the nearby Snæfellsjökull National Park. The area is crowned by Snæfellsjökull, a dormant, snow-capped volcano.

DAYS 4–5 Sail past the largest seabird cliffs in Europe at Látrabjarg, and visit nearby Hornstrandir Nature Reserve, located on a remote peninsula accessible only by boat or on foot.

DAY 6 See Akureyri’s main sights and enjoy a scenic soak in the therapeutic outdoor springs at Lake Myvatn.

DAY 7 Cross the Arctic Circle to reach wildlife-rich Grimsey Island before scanning the ocean for whales off the shores of Húsavík.

DAY 8 Discover Mjóifjörður, a quiet, hidden gem featuring tumbling waterfalls and home to Iceland’s smallest village.

DAY 9 Höfn is gateway to the renowned Vatnajökull National Park.

DAY 10 Experience Westman and Surtsey Islands in the south.

DAY 11 Disembark in Reykjavik.

You can view the full itinerary on our website.

Add a Taste of Reykjavik

You will not regret spending more time exploring Reykjavik and its surroundings. Visit the sacred site of Þingvellir National Park, observing the thrilling force of nature at the Geysir geothermal area and thundering Gullfoss Falls. Treat yourself to a relaxing soak at the famous Blue Lagoon.

NEW

Aurora borealis, Lofoten islands, Norway

Northern Lights Explorer

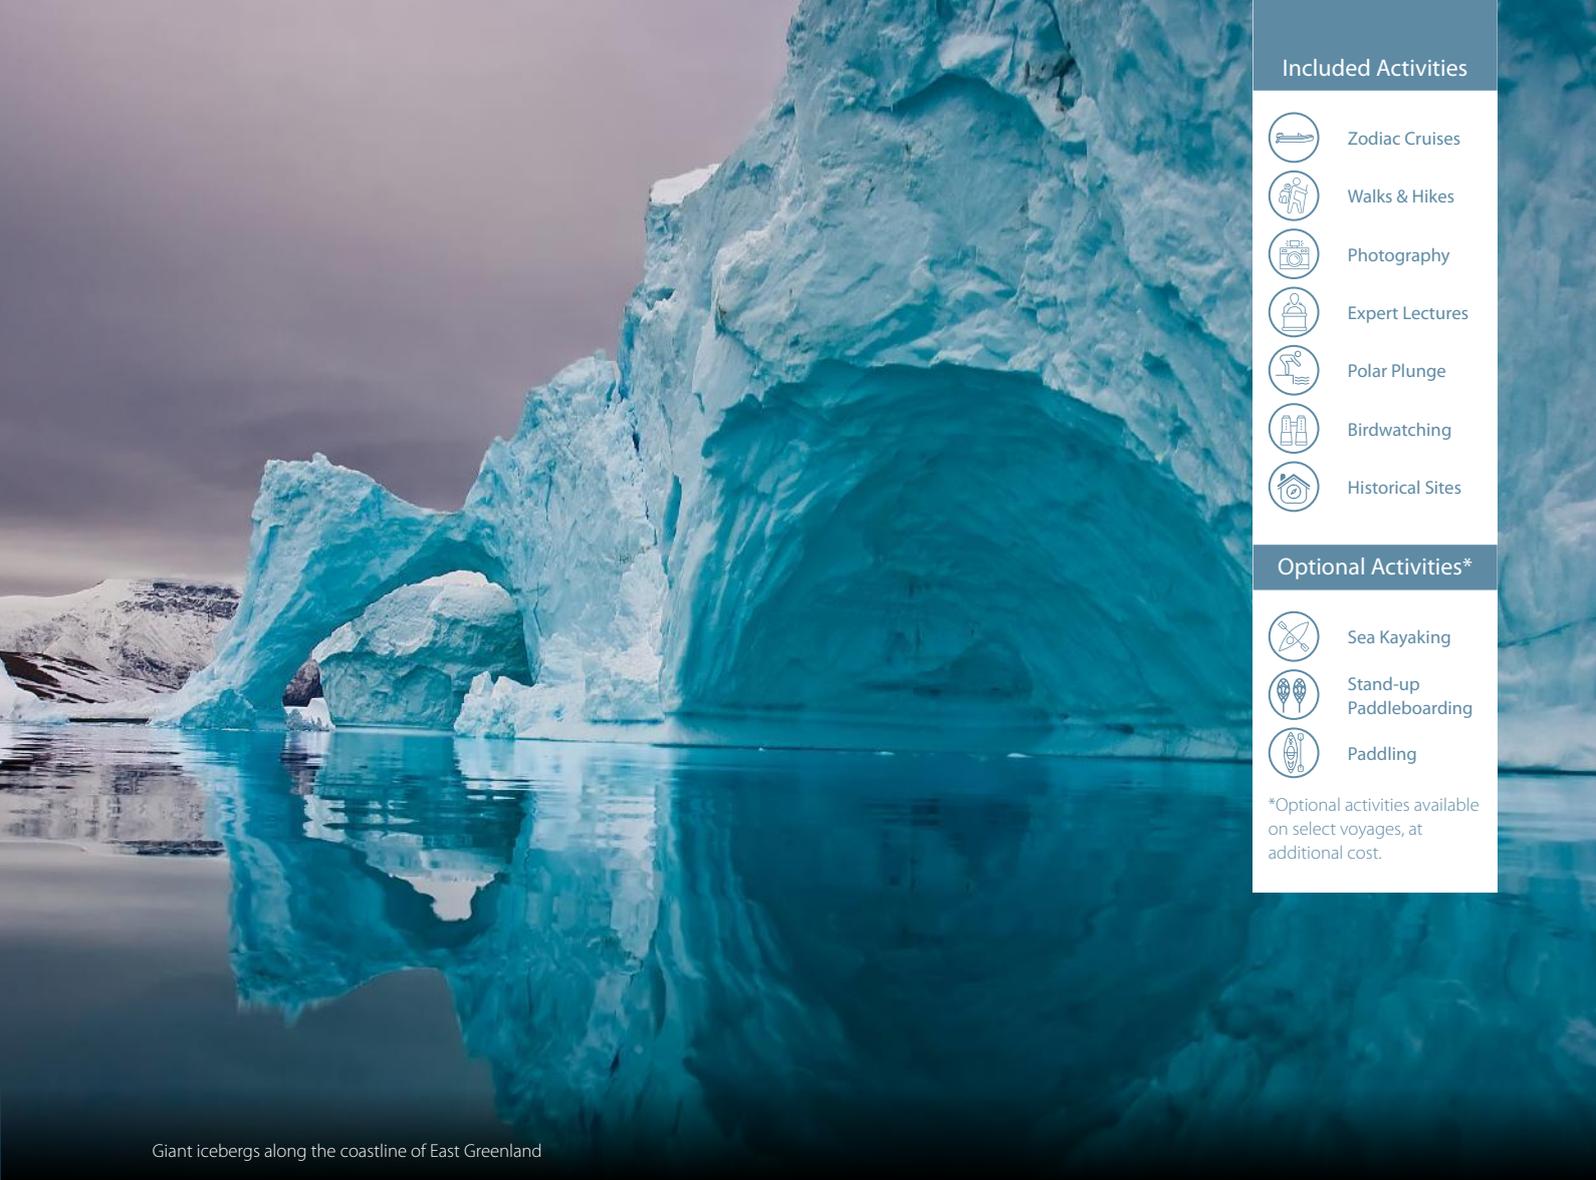

Norwegian Coast, Jan Mayen, East Greenland, Iceland | 22 Days

Staying close to the Arctic Circle, we skirt the Norwegian Sea and Greenland Sea, exploring remote islands and villages of the region. As night falls, we look skywards hoping to catch the magic of the northern lights. This spectacular natural phenomenon offers a dazzling light show of blue, green, pink and violet dancing across the night sky. Places located near the Arctic Circle, such as northern Norway, Iceland and Greenland, offer superb opportunities to witness this natural phenomenon.

HIGHLIGHTS

- Sail in the prime region to encounter the dazzling aurora borealis
- Discover Vega Island, an important centre for the production of eider duck down and a UNESCO World Heritage Site
- Discover the world's largest fjord system in the world at Scoresbysund, a superb place to photograph icebergs
- Iceland's remote Westfjords offers hikes among splendid scenery where you will rarely see another soul

Giant icebergs along the coastline of East Greenland

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge

Itinerary Overview

DAY 1 Arrive in Kirkenes and transfer to your hotel.

DAY 2 Embark in Kirkenes.

DAY 3 Enjoy an afternoon hike at Skarsvåg village and witness spectacular views of North Cape in good weather.

DAY 4 After a day at sea, enjoy an afternoon of cruising the wonderfully narrow and impressive Trollfjord.

DAY 5 The Lofoten Islands offer some of Norway's most stunning scenery, including jagged mountain peaks, deep fjords, colourful fishing villages and wildlife-rich waterways.

DAY 6 Explore UNESCO World Heritage-listed Vega Island and learn about its famous duck-down industry. Later, we stretch our legs on a hike at Mount Torghatten, famous for the hole through its centre.

DAY 7 At sea. In the darkness of the night sky, look up and you may glimpse the northern lights splashing across the sky.

DAY 8 At Jan Mayen, we hope to land on the northernmost active volcano in the world, Mount Beerenberg.

DAY 9 At sea. We hope for visions of the northern lights.

DAYS 10–13 In East Greenland we plan to visit Kaiser Franz Joseph and Kong Oscar fjord and aim to reach Scoresbysund, the world's largest fjord system and birthplace of hundreds of spectacular Greenland icebergs. We hope to visit the remote Inuit community of Ittoqqortoormiit. Wildlife sightings may include musk oxen,

arctic hares, seals, little auk, puffin, fulmar and ravens.

DAY 14 At sea. Savour every opportunity to glimpse the northern lights whenever you encounter a clear, dark sky.

DAYS 15–17 Iceland's remote Westfjords attract nature lovers to its secluded bays and fjords to walk among its sublime scenery. Explore traditional fishing villages and meet friendly locals and seek out wildlife on Zodiac cruises along deep fjords and hidden bays, where you would be lucky if you came across another soul.

DAY 18 At sea.

DAYS 19–20 The jaw-droppingly spectacular scenery of the Faroe Islands is sure to impress. Witness waterfalls tumbling from clifftops into the sea, see and hear thousands of raucous seabirds breeding in towering cliffs and visit traditional villages with grass roofs.

DAY 21 At sea.

DAY 22 Disembark in Bergen.

Reindeers grazing, Svalbard © M Horspool

Iceland, Jan Mayen, Svalbard

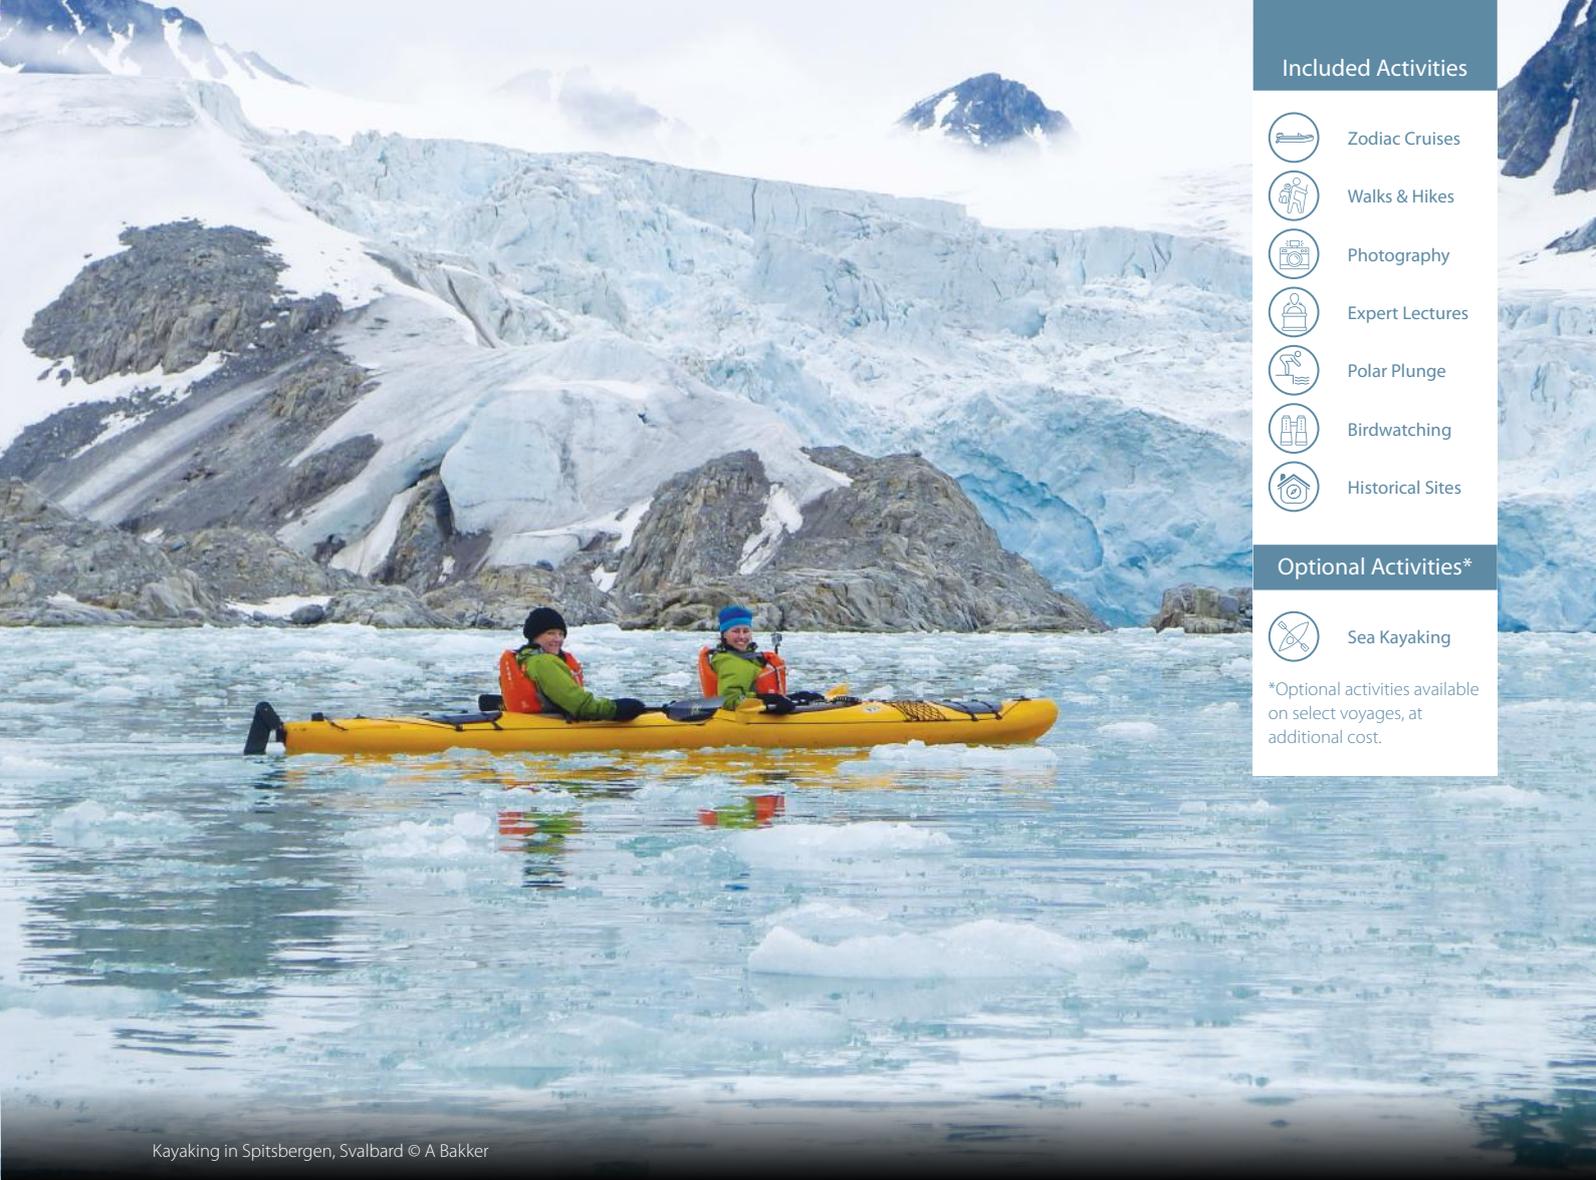

Iceland, Jan Mayen, Svalbard | 15 Days

From the volcanic landscapes of Iceland and Jan Mayen, following the ice edge to the Arctic wonderland of Svalbard, you will delight in the breathtaking contrasts as you sail across the Arctic Circle to the High Arctic, attempting to reach 80° north latitude. Keep a close watch for tail flukes as whales prepare to dive, or a pronounced blow as they surface for breath. Our binoculars are constantly focused on the pack ice, looking for the majestic polar bears, as thrilling Zodiac excursions reveal glacier-filled fjords and walrus hauls out on ice floes.

HIGHLIGHTS

- In Iceland, experience one of the planet's youngest countries and marvel at its spectacular volcanic landscape
- Cross the Arctic Circle from Iceland to Jan Mayen as we head to magical Svalbard situated in the High Arctic
- Be one of few people to attempt to land on remote Jan Mayen, home to Mount Beerenberg, the northernmost active volcano in the world
- Explore Svalbard, where dazzling scenery, mesmerising wildlife and adventure awaits

Kayaking in Spitsbergen, Svalbard © A Bakker

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in Reykjavik and transfer our group hotel.

DAY 2 Embarkation day.

DAYS 3–5 Discover the staggeringly beautiful Westfjords region of Iceland, home to Látrabjarg Cliffs, the westernmost point in Europe and one of the best places to photograph puffins in Iceland. Visit the quaint, tiny town of Ísafjörður, the largest in Westfjords and an important trading post since the 16th century. At Hornstrandir Nature Reserve, an uninhabited region, the only inhabitants are arctic foxes, and birds that envelope the tall cliffs.

DAY 6 Sail to Jan Mayen accompanied by seabirds while keeping a close watch for whales that frequent these waters, or perhaps browse our well-stocked library for a book on the region that we are visiting.

DAY 7 The approach to Jan Mayen is spectacular. We will attempt a landing to enjoy a hike on this remote, mist-shrouded and rarely visited volcanic island – the northernmost island on the mid-Atlantic rift. The northern part of the island is a great place to look for whales and dolphins and contains impressive glaciers, some of which reach the sea.

DAYS 8–9 Sail towards Svalbard, searching for the ice edge as we continue north. It is breeding season for harp seals and we hope to see them breeding on the sea ice.

DAYS 10–14 Enjoy a world of near-endless daylight, where the possibility of spotting polar bears quickens your pulse, guillemot cries echo from sea cliffs and beluga whales beguile those lucky enough to spot them. Hike across tundra adorned with colourful wildflowers, visit historic camps of explorers and hunters and push through pack ice to find walrus and bearded seals.

DAY 15 Disembark in Longyearbyen.

[You can view the full itinerary on our website.](#)

Kayaking in Svalbard © M Horspool

Across the Arctic Circle

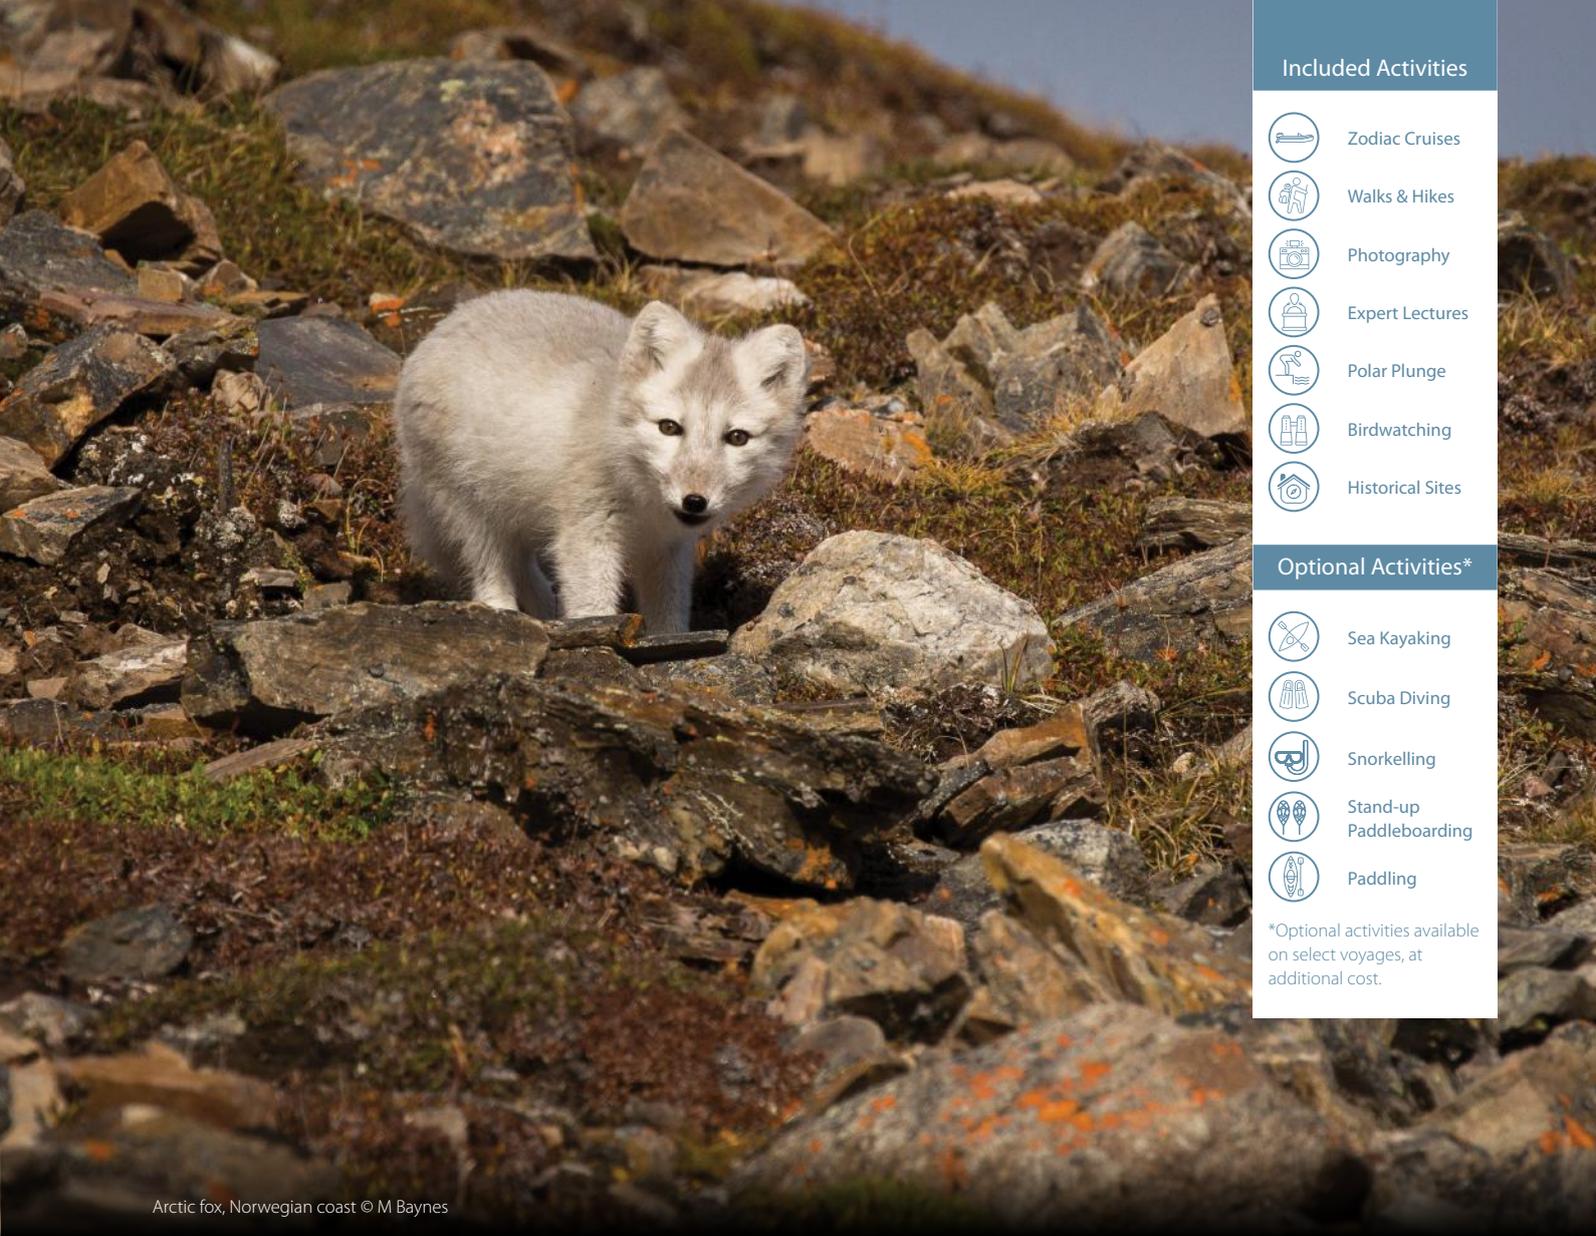

Scotland, Norwegian Coast, Arctic Circle & Svalbard | 15 Days

Three distinctly unique worlds combine for one unforgettable journey. From Stone Age villages to Iron Age forts, the Orkney and Shetland Islands reveal a proud Scottish heritage. Vikings, fjords and fishing folk feature along the jaw-dropping beauty of the Norwegian coastline. Crossing the Arctic Circle to Svalbard, discover a land where trappers, miners and explorers have reigned supreme. We search for the mighty polar bear hunting on pack ice and may witness giant walrus jostling for space on ice floes.

HIGHLIGHTS

- Visit picturesque villages and castles that were once strongholds of Scottish clans
- Encounter Neolithic sites dating back more than 5,000 years
- Sail north across the imaginary line that marks the Arctic Circle
- Encounter enormous walrus haulouts and search for the mighty polar bear in Svalbard, a frozen wonderland

Arctic fox, Norwegian coast © M Baynes

Itinerary Overview

DAY 1 Arrive in Aberdeen and transfer to your hotel.

DAY 2 Transfer to the port for embarkation.

DAYS 3–4 Explore the Orkney Islands archipelago – a rich tapestry of archaeology, history and wildlife awaits.

DAY 5 A visit to the Shetland Islands abounds with nature reserves and archaeological sites and offers a taste of traditional island life.

DAY 6 At sea.

DAYS 7–10 Explore the superb Norwegian coastline, cruising the intricate maze of seldom-visited inlets and outer islands with its delightful wooden houses, while searching for nesting kittiwakes and reclusive sea otters. Travelling north to Svalbard we search for blue whales, humpbacks, orca, minke whales and dolphins.

DAYS 11–14 In the polar desert environment of Svalbard, you will experience deep, glacier-filled fjords surrounded by towering peaks as we look for polar bears hunting on pack ice. On Zodiac cruises we search for enigmatic wildlife, including walrus, bearded seal, ringed seal, kittiwakes and guillemots.

DAY 15 Disembark in Longyearbyen.

Narwhal, Arctic Bay, Canada © M. Valberg

Complete Northwest Passage

West Greenland, Canada, USA | 30 Days

On this epic voyage inspired by Roald Amundsen's historic expedition, we attempt to sail the full length of the Northwest Passage, carving our way west through the labyrinthine maze of waterways that hug the fabled islands of Arctic Canada, until we reach the Beaufort Sea. Building on our classic Northwest Passage voyage, we visit historical sites explored by heroic adventurers, meet the incredible folk that call this region home, and search for enigmatic wildlife found in this unique corner of the world.

- ### HIGHLIGHTS
- The sheer thrill and adventure of attempting a full transit of the Northwest from West Greenland to Nome
 - Search for iconic arctic wildlife including musk oxen, polar bears, beluga whales, walrus and perhaps narwhal
 - Adventure awaits on a genuine expedition where nature determines where you go and what you see
 - The sun barely sets as we sail above the Arctic Circle

Northwest Passage Ice, Nunavut © M. Valberg

Itinerary Overview

DAY 1 Arrive in Toronto for overnight stay.

DAY 2 Fly to Greenland and embark in Kangerlussuaq.

DAY 3 Just above the Arctic Circle, Sisimiut offers a fascinating museum and quaint and colourful 18th-century timber buildings.

DAY 4 Visit UNESCO Heritage-listed Icefjord at Ilulissat and perhaps enjoy an optional scenic helicopter flight over the ice cap.

DAY 5 On a guided hike at Qeqertarsuaq, Disko Island, we hope to see some spectacular icebergs gleaming in the bay.

DAY 6 Cross the Davis Strait to Qikiqtarjuaq, Baffin Island, where we enter Canada.

DAY 7 Isabella Bay is an important feeding ground for a large population of bowhead whales.

DAY 8 Soak in the stunning fjord scenery of Sillem Island, where we attempt a circumnavigation, time and conditions permitting.

DAY 9 Meet the Inuit locals in picturesque Pond Inlet, surrounded by scenic mountains and glaciers descending from small ice caps.

DAY 10 Sailing Navy Board Inlet offers exceptional views of Bylot and Devon islands. Keep a close watch for the unique wildlife that visit this area, including beluga whales and the elusive narwhal.

DAY 11 Enjoy a hike at Dundas Harbour to a former Royal Mounted Police outpost. At Croker Bay, we plan to launch our Zodiacs for an excursion along the face of an active glacier.

DAY 12 An important stop on the voyage, Beechey Island is the final resting place of three members of Franklin's unlucky expedition to find the Northwest Passage. Visit an impressive Thule archaeological site at Radstock Bay and marvel at Caswell Tower, an isolated limestone mountain.

DAYS 13–17 Our options for the following days are heavily dependent on unpredictable sea ice. We may attempt to cross Bellot Strait if conditions allow, giving us the possibility to sail Prince Regent Sound and search for wildlife and perhaps visit historic Fort Ross, an abandoned Hudson's Bay trading post. Other memorable places that we may visit includes Prince Leopold Island, which features magnificent vertical bird cliffs. At Cunningham Inlet, with some luck, we may see the unforgettable site of hundreds of beluga whales which have especially travelled to this very spot, shedding their skin on shallow sandy banks. Around

the low-lying Tasmanian Islands, we may encounter similar pack ice that halted Franklin's expedition in 1846. If conditions allow, we might enjoy a walk at historic Cape Felix on King William Island and learn more about Franklin's ill-fated expedition.

DAY 18 Stretch your legs on a town tour of Cambridge Bay, where you can support local artisans by purchasing local handicrafts.

DAY 19 Enjoy a Zodiac excursion within an estuary at Johansen Bay on Victoria Island and delight in autumn colours on Edinburgh Island where wild blueberries grow.

DAY 20 At sea.

DAY 21 By Zodiac and on a hike, explore the dramatic landscapes of hills, valleys, cliffs and canyons on Banks Island.

DAY 22 Marvel at the geological wonder evocatively known as the 'Smoking Hills,' in Franklin Bay.

DAY 23 Excitement builds as we near Beaufort Sea, heralding a triumphant, complete crossing of the fabled Northwest Passage.

DAY 24 Near the border with Alaska, Herschel Island, an abandoned island located five kilometres off the north coast of the Yukon, signals that our time in Canada is almost over.

DAY 25 Point Barrow is the northernmost settlement in America and is where we enter the United States.

DAYS 26–28 If we have made it this far, it is time to celebrate a successful full transit of the Northwest Passage. Frozen for most of the year, the Beaufort Sea may still present some challenges, but it is time to raise a toast to an unforgettable and truly epic voyage.

DAY 29 Disembark in Nome and fly to Anchorage for an overnight stay.

DAY 30 Depart Anchorage.

Please note that this is an indicative itinerary only and is subject to change. Sea ice and weather conditions determine our route and Aurora Expeditions cannot guarantee the complete crossing of the Northwest Passage to the Beaufort Sea. However, we will certainly have an incredible adventure trying! [You can view the full itinerary on our website.](#)

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle

Zodiac excursion, Prince Leopold Island, Canada

Northwest Passage

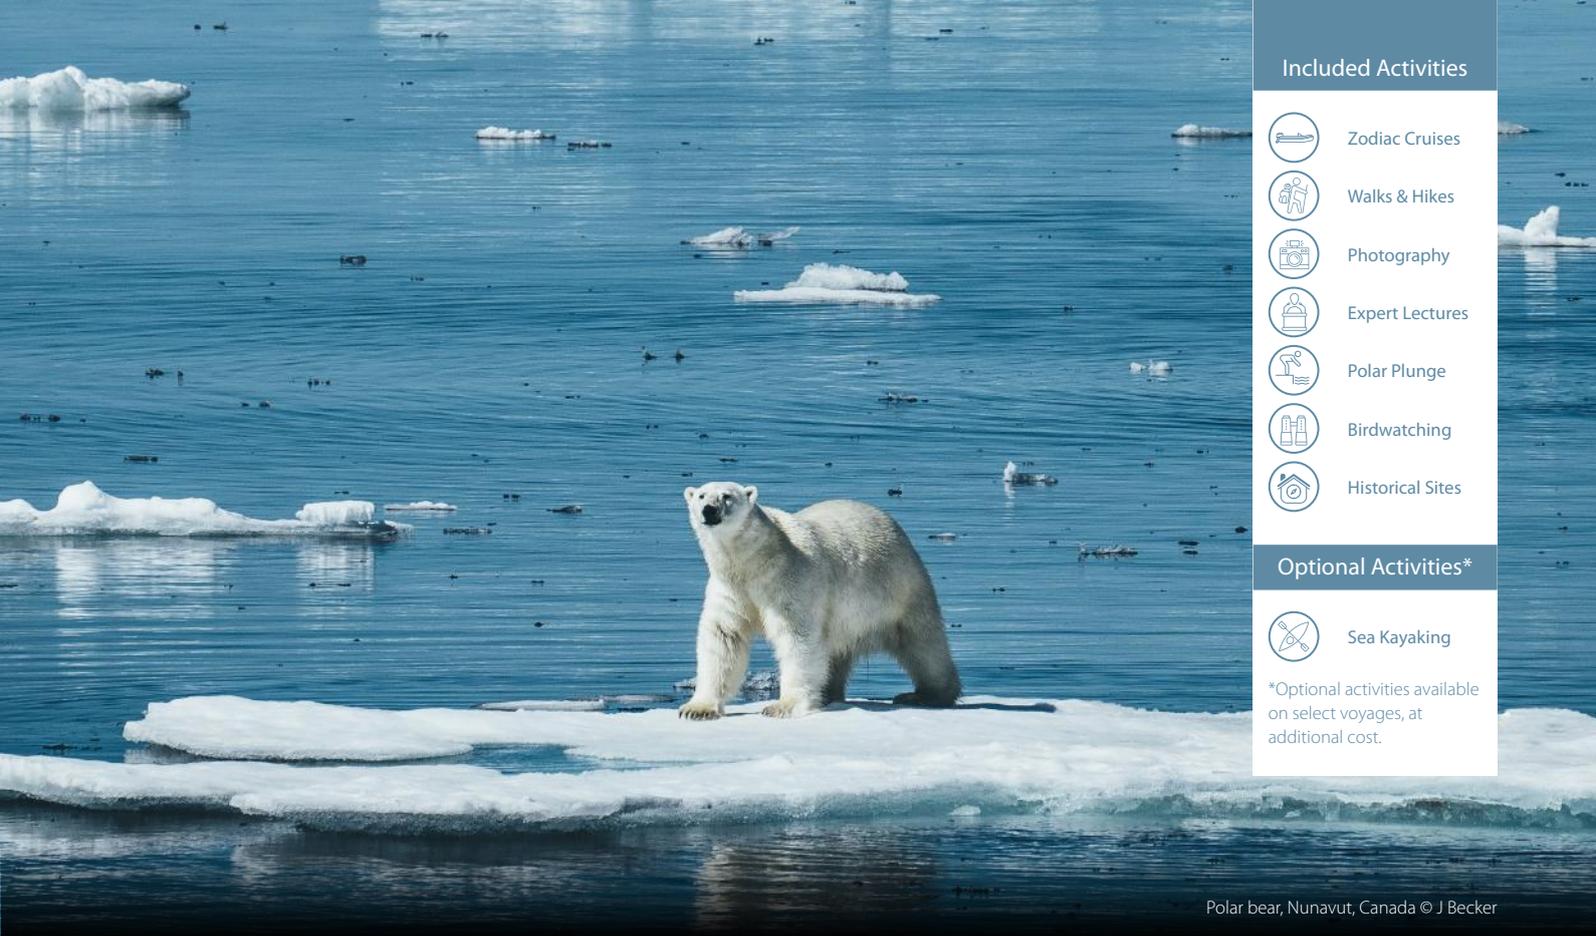

West Greenland, Nunavut (Arctic Canada) | 17 Days

Get a glimpse into the world that captivated early explorers such as Franklin, Amundsen and Larsen by exploring a portion of the fabled Northwest Passage. Visit the final resting places of a few explorers and experience Canada's High Arctic region. We plan to meet indigenous people who call this remote wilderness home, and encounter enigmatic arctic wildlife. Pack ice threatens to halt our voyage through the passage, adding a compelling element of adventure that is integral to any genuine expedition.

HIGHLIGHTS

- Hike on Devon Island, the world's largest uninhabited island, which features stunning geology and glacial valleys to explore
- On Beechey Island, visit the graves of explorers from John Franklin's expedition
- We hope to spot iconic arctic wildlife including musk oxen, polar bears, beluga whales, walrus and perhaps narwhal

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Polar Plunge
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking

*Optional activities available on select voyages, at additional cost.

Polar bear, Nunavut, Canada © J Becker

Itinerary Overview

DAY 1 Arrive in Toronto for overnight stay.

DAY 2 Fly to Greenland and embark in Kangerlussuaq.

DAY 3 At Eternity Fjord, hike through a forested valley and witness hills become towering snow-capped mountains as countless glaciers pour down from sheer cliff walls.

DAY 4 Hike to the UNESCO Heritage-listed Icefjord at Ilulissat.

DAY 5 Enjoy a guided hike on Disko Island, admiring the diversity of arctic flora. Zodiac cruise in Disko Bay, a hotspot for marine life including humpback, fin, minke and bowhead whales.

DAY 6 At sea.

DAY 7 Isabella Bay is an important feeding ground for a large population of bowhead whales. A slow cruise around Sillem Island offers the chance to see glaciers and arctic wildlife.

DAY 8 Picturesque Pond Inlet is surrounded by scenic mountain ranges and numerous glaciers and fjords that are rich in wildlife. We hope to see narwhals, beluga and orca, ringed and harp seals and caribou.

DAYS 9–10 We are now truly in the High Arctic. Devon Island is the largest uninhabited island on earth and features stunning geology. Dundas Harbour in Lancaster Sound offers walks on undulating tundra, is great for birdwatching and remnants of a Hudson's Bay Company trading post can be found here.

DAYS 11–15 Our itinerary for the following days is heavily dependent on unpredictable sea ice. We hope to visit the following places: Prince Leopold Island, Cunningham Inlet, Prince Regent Inlet, Fort Ross, Bellot Strait and Coningham Bay.

DAY 16 Disembark in Cambridge Bay and fly to Calgary.

DAY 17 Depart Calgary.

The featured itinerary and map are based on a westbound voyage. This voyage also operates in the reverse direction. You can view the full itinerary on our website.

Add Eastern Canada land tour

Experience multicultural Toronto before visiting Niagara Falls to marvel at this natural spectacle. Soon you will be on your way through rural Ontario to see the charming province of Quebec and its historical heart, European flavour and distinct French Canadian character.

Kirkjufell Mountain at sunset, Iceland

Land of Fire & Ice Trek

South Iceland | 9 Days

From the famous geothermal area of Landmannalaugar to Skógar, this path takes us over multicoloured hills and black sands; along small gullies and great canyons; through verdant valleys, between glaciers and past waterfalls. This is a memorable series of hikes full of contrasts, giving you a chance to absorb the spirit of this remarkable country.

HIGHLIGHTS

- Immerse yourself in Icelandic history at the national shrine of Þingvellir
- Soak in the natural hot springs of Deildartunguhver
- Witness Mother Nature at work and the ever-changing landscape created by active volcanoes

Reykjadalur Valley, Iceland © O Shmahalo

Itinerary Overview

DAY 1 Arrive in Reykjavik

DAY 2 Explore saga sites and hiking trails at Snæfellsnes. Hike to the top of the Búðaklettur Crater in the Búðahraun lava field.

DAY 3 Hike to the summit of Snæfellsnesjökull, one of the most picturesque glaciers in Iceland, which contains a dormant 700,000-year-old stratovolcano.

DAY 4 Visit Surtshellir, the most famous lava cave in Iceland and beautiful Hraunfossar Waterfalls. Enjoy the natural geothermal baths of Deildartunguhver, Europe's most powerful hot spring.

DAY 5 Explore the famous 'Golden Circle' – Pingvellir National Park, Geysir hot springs and glacier-fed Gullfoss, 'The Golden Waterfall'.

DAY 6 Hike Kerlingarfjöll, a tall mountain range and part of a large volcano system and one of Iceland's precious inland resorts.

DAY 7 Hike Þórsmörk Glacier Valley, a natural oasis that lies behind the now-famous Eyjafjallajökull volcano.

DAY 8 An easy hiking day at Reykjadalur (steam valley), a colourful area full of geothermal activity.

DAY 9 Depart Reykjavik.

- East Greenland Explorer

British Isles

• Ireland • England • Scotland • Wales

"Had a lovely trip from Aberdeen to Longyearbyen with lots of interesting stops en route. The Captain was very accommodating and even turned the ship around so that we could see a pod of orca. We even got to visit the Fair Isle where weather doesn't always allow landings. On another island, where they don't get many visitors, we were all personally welcomed ashore. The meals on board were excellent. The Expedition Crew were great. I got to see a herd of walrus for the first time!"

NEW

St Michael's Mount, Penzance, Cornwall

Jewels of Coastal UK

United Kingdom | 14 Days

Discover some of the UK's most historically significant and wildlife-rich destinations. Stroll through charming fishing villages, visit majestic castles, encounter magnificent archaeological sites, witness a dazzling array of birds and soak up the remarkable history of a land that has been continuously inhabited for over 5,000 years. With a rugged and picturesque coastline and numerous islands in the Atlantic Ocean, this area of the UK is ideal for exploration by ship.

HIGHLIGHTS

- Be charmed by Cornwall's dazzling coastline, castles, legends and iconic harbours
- Experience some of the UK's most remarkable birdlife at Lundy Island and Pembrokeshire Islands
- Visit Britain's highest sea cliffs at the UNESCO World Heritage-listed St Kilda

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Scuba Diving
-  Snorkelling

-  Paddling

*Optional activities available on select voyages, at additional cost.

Wild goat, Islay, Inner Hebrides, Scotland

Itinerary Overview

- DAY 1** Arrive in London and transfer to hotel.
- DAY 2** Transfer to Portsmouth for a tour before embarkation.
- DAY 3** Impressive gardens and stately homes await in Fowey.
- DAY 4** World-renowned St Michael's Mount is a Penzance highlight.
- DAY 5** Visit the superb Tresco Abbey Gardens in the Isles of Scilly.
- DAY 6** Lundy Island dazzles with its rich wildlife and great walks.
- DAY 7** Pembrokeshire Islands in Wales are celebrated for their exceptional wildlife, including a thriving puffin colony.
- DAY 8** Delight in the stunning scenery and ancient castles of northern Wales.
- DAY 9** On Isle of Man, enjoy beautiful walks, stunning coastal scenery, birdlife and archaeological sites.
- DAY 10** Known as Queen of the Hebrides, Islay is famous for its whisky and is an important location for migrating birds.
- DAY 11** Experience Fingal's Cave on the Isle of Staffa and aim to land on tiny Iona, regarded as the birthplace of Christianity.
- DAY 12** Aim to land on the archipelago of remote St Kilda, a UNESCO-listed site.
- DAY 13** See Neolithic sites in Papa Westray and birds at Fair Isle.
- DAY 14** Disembark in Aberdeen.

Add Scotland small group trekking

From the majesty of Royal Deeside (where the Queen has her Scottish residence at Balmoral Castle) to Strathspey, where the high plateau rises above the charming villages flanked by some of Scotland's oldest forests, Cairngorms National Park delights at every turn. See page 112 or our website for more details.

Giant's Causeway, County Antrim, Northern Ireland

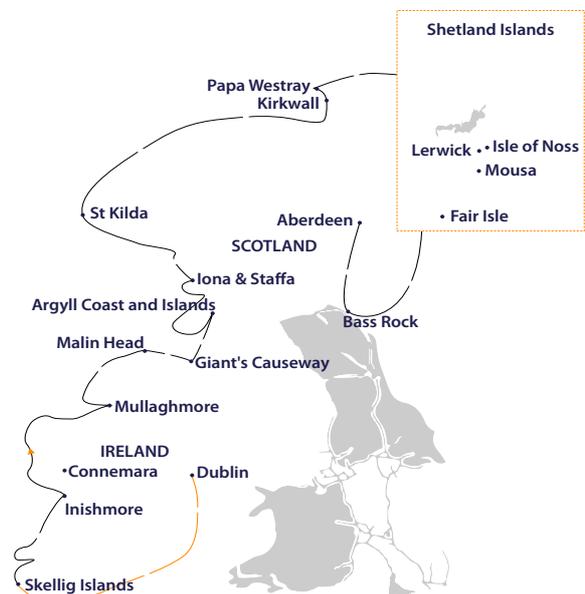

Ireland & Scotland Discovery

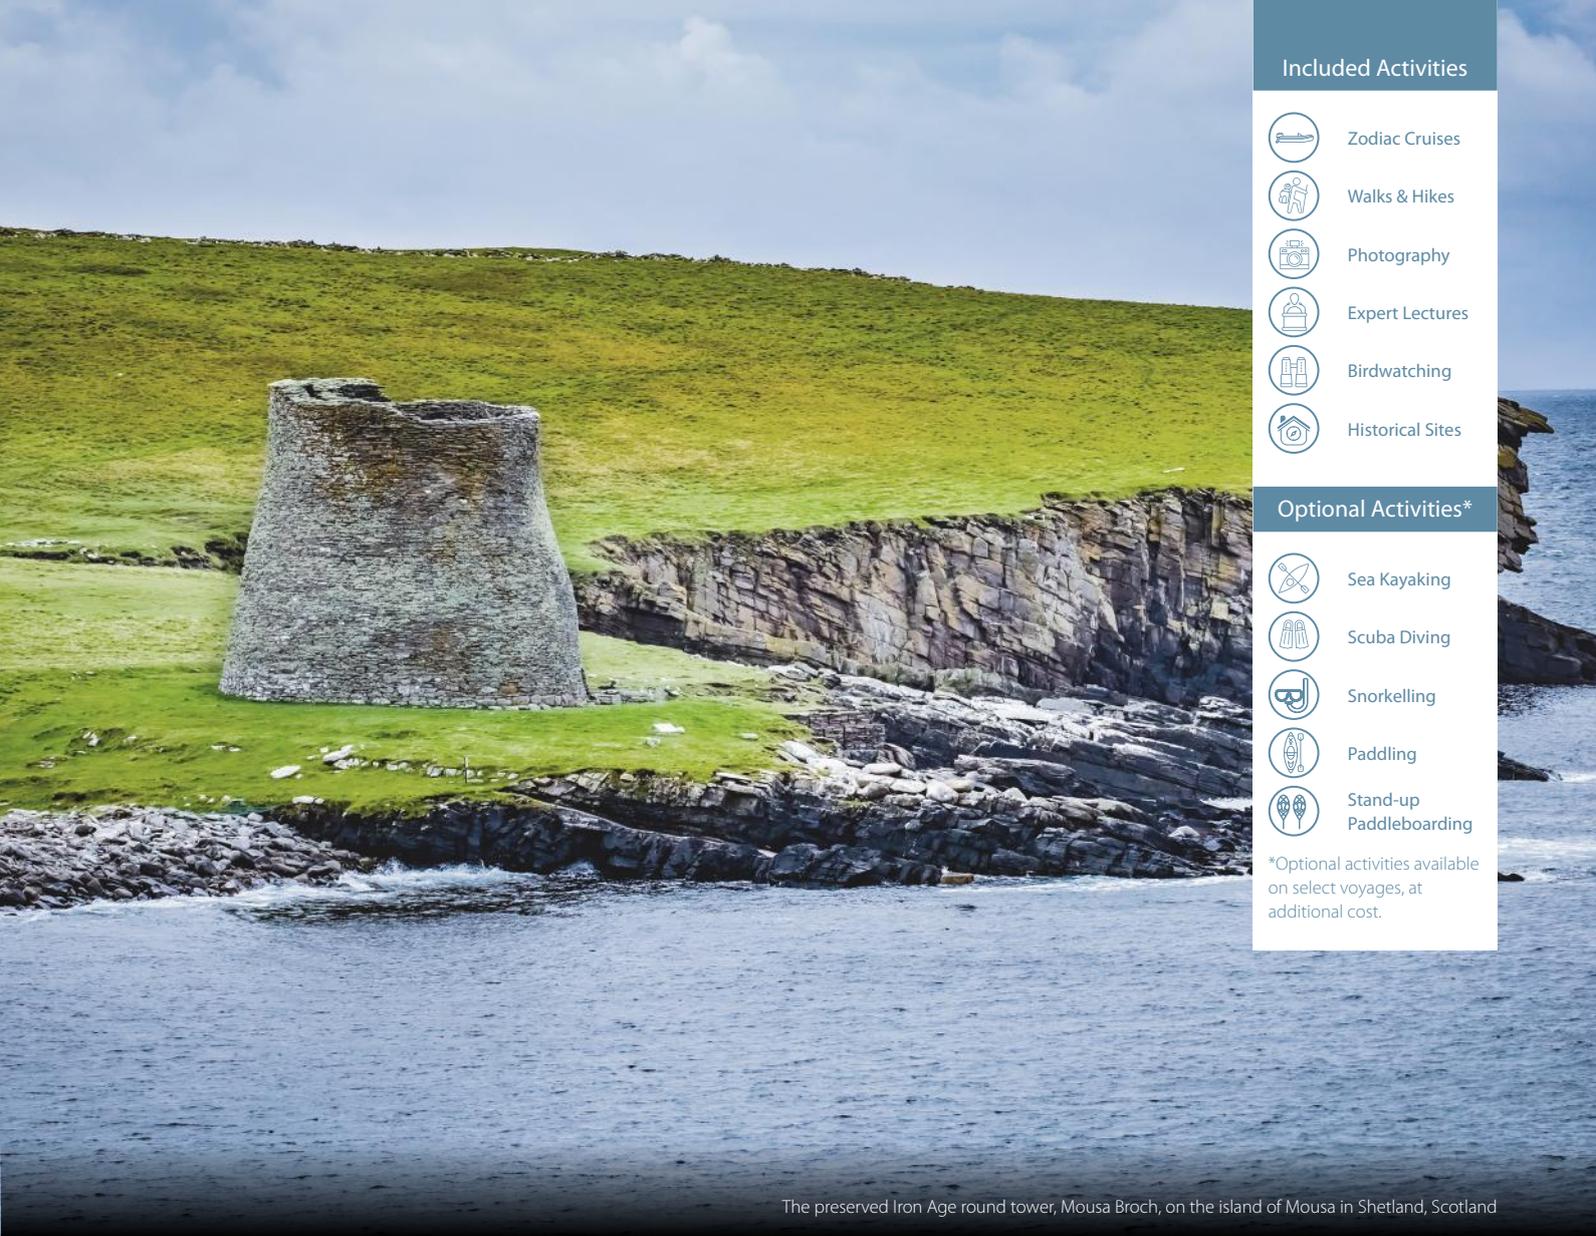

West Coast Ireland, Hebrides, Orkney Islands, Shetland Islands | 17 Days

Explore the rugged west coast of Ireland, journey through hundreds of islands and enchanting peninsulas to discover unique flora and fauna. Visit the Skellig Islands, including a 6th-century beehive hut monastery – a UNESCO World Heritage Site. In Scotland's equally wild and wind-ravaged islands along the west coast, we marvel at striking basalt columns at Fingal's Cave, revel in remarkable archaeological treasures and encounter some of the largest breeding colonies of northern gannets in the world.

HIGHLIGHTS

- Along the west coast of Scotland, sail through the Argyll Coast and Islands, a Mission Blue Hope Spot
- Discover an abundance of UNESCO World Heritage Sites of both natural and cultural significance
- Hike among some of the most spectacular coastal scenery in Europe
- Aim to encounter one of the world's largest colonies of breeding gannets at Bass Rock

The preserved Iron Age round tower, Mousa Broch, on the island of Mousa in Shetland, Scotland

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Scuba Diving
-  Snorkelling
-  Paddling
-  Stand-up Paddleboarding

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in Dublin and transfer to our group hotel.

DAY 2 Embarkation day.

DAY 3 At sea.

DAY 4 Cruise the Skellig Islands, which feature an enormous gannet colony and a UNESCO World Heritage Site.

DAY 5 At Inishmore, explore Dún Aonghasa, a celebrated ancient fort overlooking the mighty Atlantic Ocean.

DAYS 6–7 Dubbed a place of ‘savage beauty’ by Oscar Wilde, the Connemara lets you experience the Irish landscape at its most dramatic. This part of Galway also offers superb hiking.

DAY 8 Mullaghmore offers the dazzling landscape of jagged mountain peaks that inspired the work of Nobel Prize-winning poet William Butler Yeats.

DAY 9 At Malin Head, experience the island’s most northerly point. Nearby, is the Giant’s Causeway, a UNESCO World Heritage Site.

DAY 10 Sail among the staggering beauty of the Argyll Islands, a Mission Blue Hope Spot in Scotland’s southwest.

DAY 11 See the famous basalt columns on the Isle of Staffa and visit Iona, said to be the birthplace of Christianity in Britain.

DAY 12 We hope to make landings at St Kilda, home to towering sea-stacks and an enormous gannet colony.

DAY 13 Experience the World Heritage ancient sites of Kirkwall, including Skara Brae, Stones of Stennes and Ring of Brodgar.

DAY 14 Be mesmerised by seabirds on the Isle of Noss and visit an Iron Age broch on Mousa.

DAY 15 Bass Rock features the world’s largest gannet colony.

DAY 16 Stock up on world-renowned knitwear in Fair Isle.

DAY 17 Disembark in Aberdeen

Cairngorms National Park, Scottish Highlands

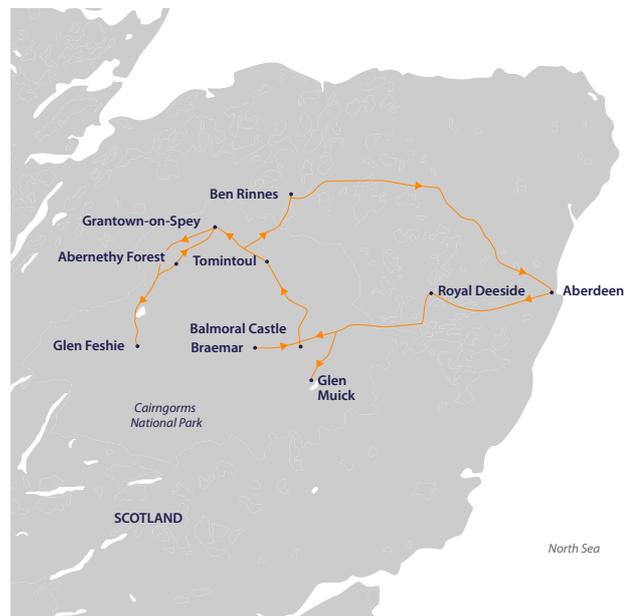

Cairngorms National Park Explorer

Scotland | 8 Days

Hiking in the Cairngorms National Park is a special experience, graced with lush forests, serene woodlands, charming villages, and a rich history and heritage. From the majesty of Royal Deeside to Strathspey, the Cairngorms National Park delights at every turn. Enjoy some of the best easy hikes in the National Park under the leadership of your expert guide. There is a huge area to explore, but wherever you venture, you are guaranteed to enjoy fantastic scenery, a true sense of wilderness and fascinating history.

HIGHLIGHTS

- Hike through glorious mountain scenery on the Queen's Highland Estate
- Discover the majesty of deep glens, clear rivers and wild lochs, on expertly guided walks
- Sample Scotch whisky in its geographical home

A squirrel in Cairngorms National Park, Scottish Highlands

Itinerary Overview

DAY 1 Arrive in Aberdeen and transfer to Royal Deeside.

DAY 2 (Hike – Glen Muick) Meander through ancient pine forest, beneath towering cliffs and past one of Queen Victoria’s hunting lodges as we circumnavigate Loch Muick.

DAY 3 (Hike – Royal Deeside) Follow a trail north to the edge of the Cairngorm Plateau, home to some of Scotland’s tallest peaks, rising from the deep glens. The wilderness is striking and the beauty is all around.

DAY 4 (Balmoral Estate and Tomintoul) Hike through ancient woodlands, home to Balmoral Castle.

DAY 5 (Hike – Glen Feshie) Follow the banks of the bubbling River Feshie through ancient pines to an old mountain hut.

DAY 6 (Hike – Abernethy Forest) Enjoy a circuit walk around the Abernethy Forest, thought by many to be the most beautiful in Scotland, with beautiful lochs surrounded by ancient Scots Pine trees and framed by views of the high mountains.

DAY 7 (Hike – Ben Rinnes) Hike up a broad, heather-clad ridge to a beautiful summit, where granite tors hint at a glacial past. The 360-degree summit vista is a great way to reflect on the trip before we descend back to the valley.

DAY 8 Depart Aberdeen.

Islands of the Atlantic

• Cape Verde • Canary Islands • Azores

Flowers at Lagoa Funda das Lajes on Flores Island, Azores

Cape Verde, Canary Islands & Azores

Cape Verde, Canary Islands, Azores | 15 Days

Volcanic activity throughout the north-eastern Atlantic Ocean has shaped the dramatic features of Cape Verde, the Canary Islands and the Azores, which are renowned for their exceptional biodiversity. Experience extraordinary birdlife, revel in striking coastal and mountain scenery, keep a close watch for encounters with elegant marine wildlife, and hear stories of the fascinating history of the local people and their culture with its rich African and European heritage.

HIGHLIGHTS

- The Azores offer some of the best whale-watching experiences in Europe
- Hike among dramatic landscapes shaped by millennia of volcanic activity
- Enjoy UNESCO World Heritage-listed sites in Cape Verde, the Canary Islands and the Azores
- Explore Tenerife-La Gomera Hope Spot in the Canary Islands

View of beach in Boa Vista, Cape Verde

Included Activities

-  Shore Excursions
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Birdwatching
-  Historical Sites

Optional Activities*

-  Sea Kayaking
-  Scuba Diving
-  Snorkelling
-  Paddling

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

- DAY 1** Arrive in Lisbon and transfer to your hotel.
- DAY 2** Board a charter flight to Praia and enjoy the main attractions of Cape Verde's capital before embarkation in the late afternoon.
- DAY 3** Fogo Island charms with its cobbled streets in São Filipe town, but Pico do Fogo volcano is the island's star attraction.
- DAY 4** Boa Vista offers some of Cape Verde's most pristine beaches on which to relax and unwind, or perhaps explore nearby reefs and dunes.
- DAY 5** Santo Antao offers rugged mountain scenery that is ideal for hiking. You might want to try the freshly roasted local coffee too.
- DAYS 6–7** At sea.
- DAYS 8–9** In the Canary Islands, discover UNESCO World Heritage Sites at El Hierro and La Gomera.
- DAYS 10–11** At sea.
- DAYS 12–14** Numerous UNESCO Biosphere Reserves await over the coming days in the Azores. Flores features stunning walks, Graciosa is renowned for whale watching and Angra do Heroísmo is a UNESCO World Heritage-listed city, the only one in the Azores.
- DAY 15** Disembark in Ponta Delgada for a charter flight to Lisbon.

Featuring UNESCO sites

Throughout this voyage, we visit several locations recognised by UNESCO for their natural, cultural or historical value. Our Expedition Team are experts in various fields, ensuring you will not only be visually captivated by your surroundings but educated as well. A truly enriching and complete experience.

Latin America

• Panama • Costa Rica • Patagonia

"All destinations had 'wow' factor on many levels – excitement, scenic beauty, prolific wildlife, diverse ecosystems, some non-strenuous physical activity, cultural discovery and historical interest! To be a part of the inaugural Greg Mortimer Panama Canal crossing was momentous and awe-inspiring – such a feat of engineering and so special. Having such a small passenger number was so intimate and meant very personalised interactions and activities."

— **B Stephenson**

Colourful keel-billed toucan

Costa Rica and Panama Canal

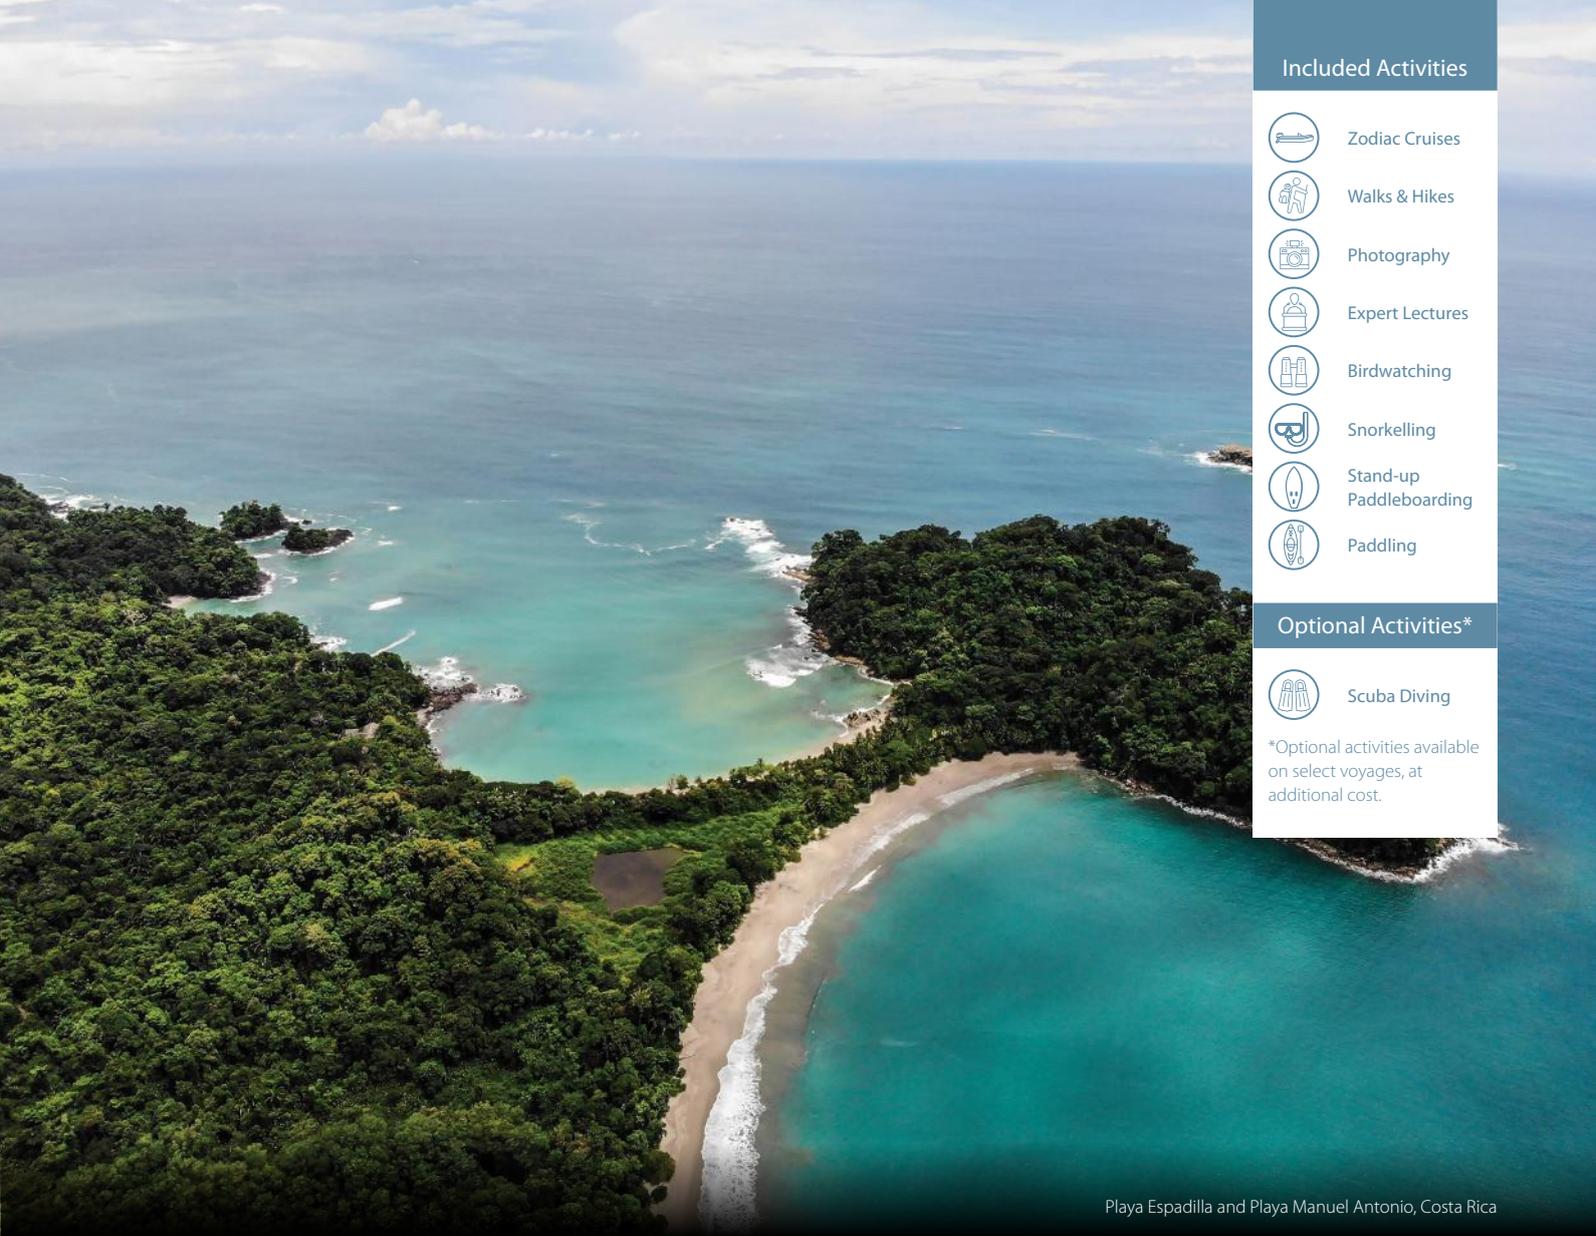

Costa Rica, Panama & Colombia | 15 Days

Immerse yourself in the remarkable coastlines of Costa Rica and Panama. Costa Rica is one of the most biodiverse regions on earth. Explore the lush jungle, tropical rainforest and inviting turquoise waters. Marvel at the outstanding variety of wildlife, flamboyant birds and colourful flora. In Panama, discover pristine coral reefs, meet an indigenous Emberá community and enjoy a guaranteed daytime crossing of the historic Panama Canal.

HIGHLIGHTS

- Hike in some of the most biodiverse rainforests on earth, where you have a good chance of encountering rare sloths
- Traverse the Panama Canal on a guaranteed daylight crossing
- Discover the riches within the waters surrounding magical Coiba Island in Panama – a UNESCO heritage site
- Be welcomed by a friendly Emberá tribes, one of the indigenous communities living in Panama and Colombia

Playa Espadilla and Playa Manuel Antonio, Costa Rica

Included Activities

-  Zodiac Cruises
-  Walks & Hikes
-  Photography
-  Expert Lectures
-  Birdwatching
-  Snorkelling
-  Stand-up Paddleboarding
-  Paddling

Optional Activities*

-  Scuba Diving

*Optional activities available on select voyages, at additional cost.

Itinerary Overview

DAY 1 Arrive in San José and transfer to your hotel.

DAY 2 Transfer to Puerto Caldera for embarkation. Enjoy the warm tropical waters at Turtle Island.

DAY 3 Hike the trails at Curu National Wildlife Refuge.

DAY 4 Manuel Antonio may be the smallest national park in Costa Rica but its incredible wildlife makes it one of the most visited.

DAY 5 Explore Corcovado National Park in Osa Peninsula, considered one of the most biologically intense places on earth.

DAY 6 Rainforest hikes and ancient coral reefs await in Golfo Dulce, where spinner dolphins are often spotted in the bay.

DAYS 7-8 Discover Coiba Island National Park. Once a penal colony, it is now a UNESCO-protected marine reserve known for diverse marine life and jungle animals.

DAY 9 Enjoy more water activities in the beautiful Pearl Islands.

DAYS 10-11 Near Panama City, be warmly welcomed by an Embera indigenous community and discover its culture and customs.

Learn about the Panama Canal and behold this feat of engineering in action at Miraflores Lock. Alternatively, explore the forested banks of Gatun Lake and wander the cobblestone streets of Casco Viejo, the UNESCO World Heritage-listed old town.

DAY 12 Witness the engineering marvel of the Panama Canal during a daylight crossing.

DAY 13 At sea.

DAY 14 Disembark in Cartagena de Indias and explore the stunning old colonial town and UNESCO-listed fort.

DAY 15 Transfer to the airport for your onward journey.

You can view the full itinerary on our website.

Extend Your Adventure

Our diverse range of extension packages allows you to really immerse yourself in the culture of your destination and provides more time to explore the local sights and sounds. Available in every region, they are the perfect choice to extend your adventure. Visit historical ruins, dine on irresistible local delicacies, stroll cobblestone streets, and take in the magnificent vistas and picturesque landscapes around you.

Extend Your Adventure in Europe

From vibrant cities to charming towns, add more to your arctic adventure with a selection of city stays. Discover the staggering beauty of Norway's countless mountains and fjords and enjoy unique Nordic culture and cuisine. In Iceland, choose self-drive options or experience a guided tour, visiting hot springs, waterfalls and volcanic areas. Our Scotland self-drive reveals lush pastures and remote wilderness scenery.

Iceland Self-Drive

+ 10 Days, 9 Nights

Discover Iceland on a self-drive journey taking in breathtaking fjords, lakes, glaciers, waterfalls and icebergs while enjoying overnight stays in typical Icelandic villages.

From AU \$2,930 | GBP £1,580 | EUR €1,800 | US \$2,095
pp twin share

Iceland Complete

+ 9 Days, 8 Nights

Uncover the birthplace of icebergs: Jökulsárlón Glacier Lagoon and Skaftafell in Vatnajökull National Park. See the world's largest lava mass in Cross Eldhraun and visit an important part of Icelandic history, Þingvellir National Park, not to mention some of Iceland's famous waterfalls!

From AU \$4,305 | GBP £2,390 | EUR €2,745 | US \$3,080
pp twin share

Norway in a Nutshell

+ 6 Days, 5 Nights

Discover Norway's cultural and historical wonders, its rolling green hills and spectacular fjords on this iconic journey. Ascend Flam Valley by electric train, hike to panoramic lookouts, ride a ferry through Nærøyfjord. Discover why this is one of our most popular extension options.

From AU \$2,025 | GBP £1,095 | EUR €1,245 | US \$1,450
pp twin share

Taste of Reykjavik

+ 3 Days, 2 Nights

You will not regret spending time exploring Reykjavik and its surrounds. From Reykjavik, one of the world's northernmost capitals, explore the sacred site of Þingvellir National Park, observing the thrilling force of nature at the Geysir geothermal area and thundering Gullfoss Falls. Treat yourself to a relaxing soak at the famous Blue Lagoon.

From AU \$1,015 | GBP £550 | EUR €625 | US \$725 pp twin share

Taste of Oslo

+ 3 Days, 2 Nights

Discover cosmopolitan Oslo, either before or after a voyage to Svalbard. With its rooftop terraces, green squares, exceptional collection of artworks, green squares and, of course, the fjord located right in the city centre, a sunny day in Oslo is one to savour.

From AU \$1,535 | GBP £830 | EUR €940 | US \$1,100 pp twin share

Taste of Copenhagen

+ 3 Days, 2 Nights

The buzzing city of Copenhagen is steeped in royal history while offering innovative, modern architecture. Spend the morning discovering the capital by bicycle, before driving along the scenic coastal road into the picturesque countryside to visit Frederiksborg Castle and Kronborg Castle.

From AU \$2,195 | GBP £1,185 | EUR €1,345 | US \$1,570
pp twin share

Taste of Dublin

+ 3 Days, 2 Nights

The city of Dublin is full of charm and character... and characters! From Vikings and Normans, to writers and rebels, discover Dublin's fascinating history and culture. Experience the city's magnificent Anglo-Norman churches, admire the elegant Georgian architecture, stop for lunch in a traditional Irish pub and visit the Jameson Whiskey Distillery.

From AU \$1,690 | GBP £910 | EUR €1,035 | US \$1,210
pp twin share

Taste of Edinburgh

+ 3 Days, 2 Nights

Experience the vibrant city of Edinburgh before or after your voyage. Jump the queue at the remarkable Edinburgh Castle, perched high above the city and dominating the skyline. Stroll the cobblestone streets of the old town, learning about its rich history on a guided walk. With some time at your leisure, perhaps sample some fine Scotch whisky.

From AU \$1,100 | GBP £575 | EUR €695 | US \$715
pp twin share

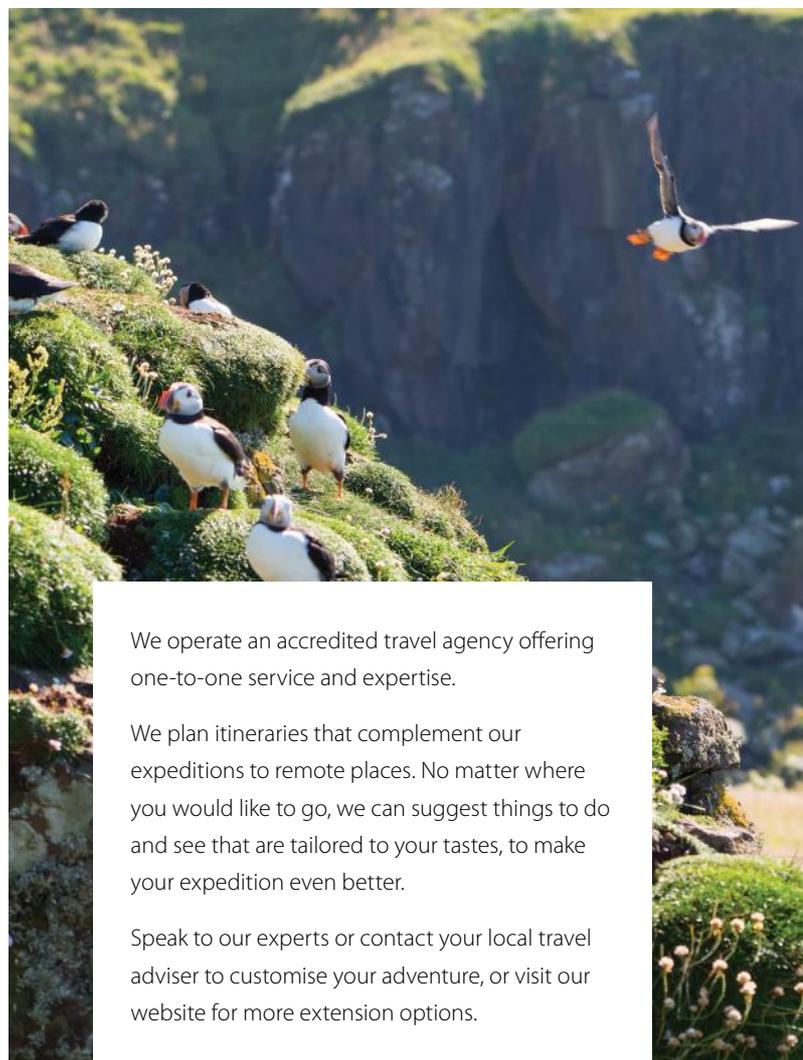

Scotland Self-Drive

+ 7 Days, 6 Nights

Complement your voyage to Scotland's remote corners, many of which are only accessible by ship, on a self-drive tour discovering the country's rugged coastline, ancient castles and picturesque lochs. Hear fascinating stories of Scotland's history, experience stunning wilderness and hike with local experts.

From AU \$5,065 | GBP £2,655 | EUR €3,200 | US \$3,625
pp twin share

We operate an accredited travel agency offering one-to-one service and expertise.

We plan itineraries that complement our expeditions to remote places. No matter where you would like to go, we can suggest things to do and see that are tailored to your tastes, to make your expedition even better.

Speak to our experts or contact your local travel adviser to customise your adventure, or visit our website for more extension options.

Extend Your Adventure in North America

From coast to coast, Canada and Alaska offer a large range of adventure opportunities and city stays. Combine one of our voyages with the grand Canadian Rockies, or perhaps a stay at a wilderness lodge, spotting bears in the Canadian rainforest. Eastern Canada offers a mix of European heritage found in Quebec, bustling cities like Toronto and the thundering Niagara Falls. From Anchorage, perhaps take the Alaska Railroad to Denali, the highest peak in the United States.

Canadian Rockies

+ 9 Days, 8 Nights

Travel from the cosmopolitan city of Vancouver by train to the iconic Canadian Rockies. Breathe in the fresh mountain air as you explore the striking alpine towns of Jasper and Banff. Drive the famous Icefields Parkway and stroll the shores of picturesque Lake Louise. Continue on to Calgary to start your voyage arrangements (also available in reverse).

From AU \$4,795 | GBP £2,705 | EUR €3,205 | US \$3,385
pp twin share

Eastern Canada

+ 8 Days, 7 Nights

There are a range of contrasting landscapes across the Canadian provinces of Ontario and Quebec. Toronto is a major city, buzzing with activity. Nearby Niagara Falls is a sight (and sound!) to behold. The nation's capital, Ottawa, is a visual delight. Montreal and Quebec City are charming, offering a fascinating mix of old and new towns and delicious cuisine.

From AU \$3,005 | GBP £1,695 | EUR \$2,005 | US \$2,120
pp twin share

Alaska's Interior

+ 6 Days, 5 Nights

Travel from Anchorage to Denali via Talkeetna. During your time in Denali National Park, watch for wildlife such as moose, caribou and bear, and weather permitting, catch a glimpse of North America's tallest mountain – Denali. Return by scenic rail to Anchorage.

From AU \$3,495 | GBP £1,970 | EUR €2,330 | US \$2,390

Knight Inlet Lodge

– Bear Viewing

+ 5 Days, 4 Nights

Knight Inlet is located in a wild and remote area of the Great Bear Rainforest and is home to one of the largest concentrations of grizzly bears in Canada. With a few days at the lodge, guided by local experts, observe these beautiful creatures in their natural environment.

From AU \$5,460 | GBP £3,080 | EUR €3,650 | US \$3,855
pp twin share

Taste of Anchorage

+ 3 Days, 2 Nights

Alaska's largest city and its major gateway, Anchorage offers a variety of experiences for visitors to enjoy. The city is bordered to the east by the peaks of the Chugach State Park and to the south by the waters of the Cook Inlet and Turnagain Arm waterway. Watch for the 'local residents' though, the city is teeming with wildlife!

From AU \$845 | GBP £475 | EUR €565 | US \$580 pp twin share

Sonora Resort Adventure

+ 3 Days, 2 Nights

Nestled in a Pacific archipelago in British Columbia, Sonora Resort perfectly combines nature with luxury. Watch wildlife frolic in front of the resort, savour award-winning gastronomic delights, or explore your surroundings with a number of adventurous activities on offer.

From AU \$2,200 | GBP £1,240 | EUR \$1,470 | US \$1,550
pp twin share

Taste of Vancouver

+ 3 Days, 2 Nights

A cosmopolitan city on the edge of nature, Vancouver makes it easy to combine an urban getaway with outdoor adventure. Discover its neighbourhoods from historic Gastown to trendy Yaletown, iconic attractions like Stanley Park and Granville Island, or take a trip to the top of the Harbour Centre Tower (admission included) for incredible views.

From AU \$760 | GBP £430 | EUR €510 | US \$540 pp twin share

Taste of Calgary

+ 3 Days, 2 Nights

As the major gateway to the Canadian Rockies and hosting The Greatest Outdoor Show on Earth, the Calgary Stampede, Calgary can be enjoyed throughout the year. Visit various sites in Calgary's modern urban centre including Stampede Park, Canada Olympic Park and Lougheed House.

From AU \$610 | GBP £345 | EUR €410 | US \$430 pp twin share

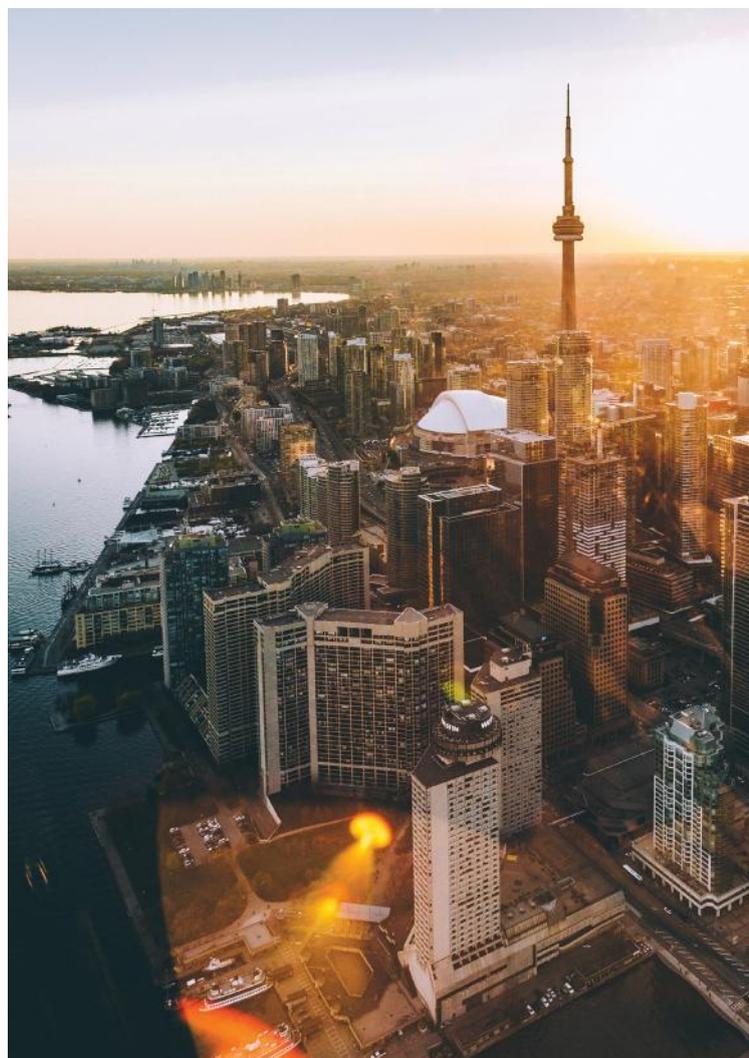

Toronto & Niagara Falls Explorer

+ 5 Days, 4 Nights

Combining the bustling metropolis of Toronto with the roar of Niagara Falls, enjoy this stopover before or after your voyage. Toronto is a lively city with much to see and do, particularly when it comes to sport and the arts. Niagara Falls is a natural wonder of the world and there are many ways to get closer to the action!

From AU \$1,145 | GBP £645 | EUR \$765 | US \$810 pp twin share

Extend Your Adventure in Latin America

From the vibrant cities of Santiago and Buenos Aires to the spectacular natural wonders of Iguazu Falls and the Galápagos Islands, Latin America offers something for everyone. Dazzling natural beauty, diverse cultures, rich traditions, fascinating colonial history and tantalising cuisine are only a few of the many experiences you will encounter in this region.

Buenos Aires & Iguazu Falls Explorer

+ 6 Days, 5 Nights

Combining metropolitan culture with dazzling nature, this is an ideal stopover before or after your Antarctic voyage. Argentina's capital is synonymous with tango, football fever, world-class cuisine, and political passion. Iguazu Falls is an extraordinary natural wonder that you must experience.

From AU \$1,415 | GBP £795 | EUR €940 | US \$965 pp twin share

Santiago & Valparaiso Explorer

+ 6 Days, 5 Nights

In a valley surrounded by the Andes, Santiago is an easy stopover that offers superb scenery and local cuisine. In Valparaiso, a UNESCO World Heritage Site, explore the vineyards and behold the creative energy of vibrant street art and panoramic views of the Pacific Ocean.

From AU \$1,750 | GBP £985 | EUR €1,170 | US \$1,200 pp twin share

Patagonia Eco Camp

+ 5 Days, 4 Nights

Uniquely Patagonian, a stay at Cascada EcoCamp offers an environmentally friendly way to experience nature in comfort. Spend your days exploring Torres del Paine National Park through various short walks or a drive through the park, showcasing views of Lake Nordenskjöld and Lake Pehoe, and take a delightful evening cruise across glacial Grey Lake.

From AU \$3,720 | GBP £2,095 | EUR €2,480 | US \$2,545
pp twin share

Atacama Desert Adventure

+ 4 Days, 3 Nights

The Atacama Desert is the driest desert in the world. Customise your itinerary from a selection of activities that best suit your needs. From Valle de la Luna (Moon Valley) to salt flats where flamingos roam, or a geothermal field of steaming geysers, the choice is yours.

From AU \$2,335 | GBP £1,315 | EUR €1,555 | US \$1,595
pp twin share

Discovering the Incas

+ 6 Days, 5 Nights

Begin in Lima, the capital of Peru. Though its colonial centre is preserved, Lima is a bustling modern metropolis and one of Latin America's largest cities. Fly to Cusco, gateway to Machu Picchu, once capital of the Inca Empire and now known for its archaeological remains and Spanish colonial architecture. Follow the trail of the Incas to the Sacred Valley and breathtaking Machu Picchu.

From AU \$2,310 | GBP £1,300 | EUR €1,540 | US \$1,580
pp twin share

Peru Uncovered

+ 8 Days, 7 Nights

Peru is a mecca for archaeologists and researchers who continue to uncover over 20,000 years of Peruvian history. Peru is one of the most geo-diverse locations on the planet and a place where the locals transform produce into gastronomic masterpieces for you to enjoy. Sample the delights in Lima and Cusco before discovering Machu Picchu, the Lost City of the Incas.

From AU \$2,545 | GBP £1,435 | EUR €1,695 | US \$1,740 pp
twin share

Ecuador's Galápagos Islands

+ 5 Days, 4 Nights aboard La Pinta

Picture yourself snorkelling or kayaking among sea lions, spotting a giant tortoise or trekking across ancient lava flows dotted with iguanas. On a small-ship Galápagos Island tour, explore one of the planet's most unique places and home to wildlife found nowhere else on earth.

From AU \$8,570 | GBP £4,825 | EUR €5,715 | US \$5,860
